<i>Abbreviations</i>	9	Mf unit of lateromotion of the trunk	67
<i>Introduction</i>	11	Mf unit of intrarotation of the trunk	68
<i>Basic principles</i>		Mf unit of extrarotation of the trunk	69
Macroscopic structure of the fascia	12		
Microscopic structure of the fascia	17		
PART I		CHAPTER 6	
THE MYOFASCIAL UNIT		THE MF UNITS OF THE LOWER LIMB	71
<i>CHAPTER 1</i>		Differences in movement terminology	71
THE ANATOMY OF THE MF UNIT	23	Mf unit of antemotion of the lower limb	72
The structure of the myofascial unit	23	Mf unit of retromotion of the lower limb	74
Terminology of the myofascial unit	27	Mf unit of mediomotion of the lower limb	75
The mf unit: agonists and antagonists	29	Mf unit of lateromotion of the lower limb	76
<i>CHAPTER 2</i>		Mf unit intrarotation of the lower limb	77
THE EVOLUTION OF THE MF UNIT	33	Mf unit of extrarotation of the lower limb	78
The evolution of movement on the three planes	33		
The evolution of segmentary independence	37	<i>CHAPTER 7</i>	
From the myosepta to the myofascial unit	37	MANIPULATION OF THE MF UNIT	79
<i>CHAPTER 3</i>		Plasticity and malleability of the fascia	79
THE PHYSIOLOGY OF THE MF UNIT	41	Compilation of the assessment chart	81
Centres of coordination and centres of perception	41	PART II	
The circuit of the myofascial unit	45	THE MYOFASCIAL SEQUENCE	
Agonists and antagonists: the role of the fascia	45	<i>CHAPTER 8</i>	
<i>CHAPTER 4</i>		THE ANATOMY OF THE MF SEQUENCES	95
THE MF UNITS OF THE UPPER LIMB	51	The structure of the myofascial sequences	96
Mf unit of antemotion of the upper limb	54	The sequences and the spatial planes	100
Mf unit of retromotion of the upper limb	55	The sequences terminate in the extremities	101
Mf unit of mediomotion of the upper limb	56	<i>CHAPTER 9 –</i>	
Mf unit of lateromotion of the upper limb	57	THE EVOLUTION OF THE MF SEQUENCES	105
Mf unit of intrarotation of the upper limb	58	Evolution of the deep muscles of the limbs	105
Mf unit of extrarotation of the upper limb	59	Evolution of the superficial muscles of the limbs	106
<i>CHAPTER 5</i>		Evolution of spatial orientation and perception	108
THE MF UNITS OF THE TRUNK	61	<i>CHAPTER 10</i>	
Mf unit of antemotion of the trunk	63	THE PHYSIOLOGY OF THE MF SEQUENCES	111
Mf unit of retromotion of the trunk	65	Tensioning of the mf sequences	111
Mf unit of mediomotion of the trunk	66	Fascial compartments and directions of movement	113
		Mf sequences and static posture	116
		Mf sequences and postural compensations	118

<i>CHAPTER 11</i>		The formation of the motor schemes	171
<i>MF SEQUENCES OF THE UPPER LIMB</i>	123	The evolution of the mf diagonals	173
The antemotion sequence of the upper limb	124	The evolution of the myofascial spirals	175
The retromotion sequence of the upper limb	126		
The mediomotion sequence of the upper limb	127	<i>CHAPTER 17</i>	
The lateromotion sequence of the upper limb	128	<i>THE PHYSIOLOGY OF THE MF SPIRALS</i>	181
The intrarotation sequence of the upper limb	129	Myofascial diagonals and motor schemes	181
The extrarotation sequence of the upper limb	130	Myofascial spirals and reflex activity	182
		Gait analysis from a fascial viewpoint	183
<i>CHAPTER 12</i>		Myofascial spirals and motor activity	185
<i>MF SEQUENCES OF THE TRUNK</i>	131	Myofascial spirals and tendinomuscular	
The antemotion sequence of the trunk	133	meridians	187
The retromotion sequence of the trunk	135		
The mediomotion sequence of the trunk	136	<i>CHAPTER 18</i>	
The lateromotion sequence of the trunk	137	<i>MF SPIRALS OF THE UPPER LIMB</i>	193
The intrarotation sequence of the trunk	138	The retro-latero-pollex spiral	194
The extrarotation sequence of the trunk	139	The retro-medio-digiti spiral	196
		The ante-medio-pollex spiral	199
<i>CHAPTER 13</i>		The ante-latero-digiti spiral	201
<i>MF SEQUENCES OF THE LOWER LIMB</i>	141		
The antemotion sequence of the lower limb	142	<i>CHAPTER 19</i>	
The retromotion sequence of the lower limb	143	<i>MF SPIRALS OF THE TRUNK</i>	203
The mediomotion sequence of the lower limb	144	The ante-latero-caput spiral (an-la-cp)	206
The lateromotion sequence of the lower limb	146	The retro-latero-caput spiral (re-la-cp)	209
The intrarotation sequence of the lower limb	147		
The extrarotation sequence of the lower limb	148	<i>CHAPTER 20</i>	
		<i>MF SPIRALS OF THE LOWER LIMB</i>	211
<i>CHAPTER 14</i>		The retro-latero-pes spiral	212
<i>MANIPULATION OF THE MF SEQUENCES</i>	149	The retro-medio-pes spiral	214
Compilation of a global assessment chart	149	The ante-latero-pes spiral	216
How and where Fascial Manipulation works	154	The ante-medio-pes spiral	218
PART III		<i>CHAPTER 21</i>	
THE MYOFASCIAL SPIRAL		<i>MANIPULATION OF THE MF SPIRALS</i>	221
		Clinical indications for Fascial	
<i>CHAPTER 15</i>		Manipulation	222
<i>THE ANATOMY OF THE MF SPIRAL</i>	161	Contraindications for Fascial Manipulation	223
Segmentary motor schemes	163		
The diagonals	166	<i>Conclusion</i>	231
The spirals	167	<i>Synoptic Tables</i>	233
		<i>References</i>	243
<i>CHAPTER 16</i>		<i>Glossary</i>	247
<i>THE EVOLUTION OF THE MF SPIRALS</i>	171	<i>Index</i>	249
