

O B S A H

1. Úvod	3
2. Lesson 1: Meteorology	7
3. Lesson 2: Meteorology (continued)	17
4. Lesson 3: Elements of Aerodynamics	26
5. Lesson 4: Control and Stability	36
6. Lesson 5: The Structure	45
7. Lesson 6: Aircraft Systems	59
8. Lesson 7: Airborne Digital Computers	73
9. Lesson 8: Piston Engines	84
10. Lesson 9: Piston Engines (continued)	96
11. Lesson 10: Turbine Engines	105
12. Lesson 11: Flight Instruments	117
13. Lesson 12: Flight Instruments (continued)	128
14. Lesson 13: Aircraft Serviceability	144
15. Lesson 14: Aerodromes	154
16. Lesson 15: Aerodromes (continued)	171
17. Lesson 16: Aerodromes (continued)	179
18. Lesson 17: Kinds of Navigation	191
19. Lesson 18: Marking and Lighting Aids	201
20. Lesson 19: Radio Aids	211
21. Lesson 20: Radio Aids (continued)	218
22. Lesson 21: Radar	227
23. Lesson 22: Radar (continued)	236
24. Lesson 23: Radar (continued)	242
25. Lesson 24: Air Traffic Control - Basic Terms and Concepts	247
26. Lesson 25: Air Traffic Control - Basic Procedures	255
27. Lesson 26: Separation Standards	260
28. Lesson 27: Communications	266
29. Lesson 28: Communications (continued)	272
30. Lesson 29: Communications (continued)	278
31. Lesson 30: Typical Flight Operation	284

32.	Lesson 31: Aerial Work	291
33.	Lesson 32: Aerial Work (continued)	300
34.	Anglicko-slovenský slovník	305
35.	Zoznam použitej literatúry	353
