Lauren S. Tashman, Ph.D., CC-AASP, is an assistant professor of Sport, Exercise, and Performance Psychology in the Sport and Exercise Sciences department at Barry University in Miami, Florida. She received her bachelor's degree in Psychology from The College of New Jersey, and her master's and Ph.D. degrees in Sport Psychology from Florida State University. At Barry University, she teaches undergraduate and graduate courses, supervises graduate thesis and practicum students, works on various research projects, and is the coordinator of sport psychology services for the athletic department. Her research interests include, for example, expert performance, psychological factors involved in performance preparation and competition, improving training for sport psychology practitioners, and psychological skills training interventions. Lauren is a certified consultant with the Association of Applied Sport Psychology (CC-AASP) and has a private practice, Inspire Performance Consulting, LLC, in which she provides performance enhancement services to athletes, teams, coaches, and other non-sport performers in the south Florida area. She has consulted with youth, recreational, collegiate, and national level athletes and teams in sports such as golf, softball, tennis, volleyball, soccer, equestrian showjumping, basketball, rowing, swimming, diving, and baseball. She is an active member of the Association of Applied Sport Psychology, attending and presenting at
