ABOUT THIS PUBLICATION

I. OVERVIEW	1
Economy	1
Environment	2
Quality of life	5
Response to environmental challenge	5
II. GENERAL AND ECONOMIC INDICATORS	8
Demography	8
Economic growth	8
Incomes and consumption	10
Employment	11
Energy	12
Agriculture	13
Transport	15
Industry	16
Tourism	17
III. ENVIRONMENT	19
Air pollution	19
Climate change	21
Protection of the ozone layer	21
Water quality	22
Waste water treatment	24
Water use	24
Land use	25
Forest resources	25
Nature conservation	26
Waste management	28
IV. QUALITY OF LIFE	30
Life expectancy	30
Health care	30

Food consumption	31
Human development	32
Women's status	33
Education	33
Corruption	34
Freedom and democracy	35
Value orientation	35
Criminality	36
Information society	37
V. RESPONSE	38
Analysis and strategy	38
Institutions and laws	39
Economic instruments, programmes, financial resources	41
Information, education, research	43
Integration of environmental concerns into sectoral policies	44
Regional and local government, civil society	45
International co-operation	46
Development assistance	48
Accession to the European Union	49
