SUPERNOVA 

“INDISPUTABLY the most consummate artist in the history of the classical trumpet,” was how Gramophone described Maurice André, a musician characterised by both brilliance and refinement. These six CDs, which give pride of place to music from the 18th and 20th centuries, complement some of the most popular concertos ever written for trumpet with an enticing and fascinating selection of rarely-heard works.

## MAURICE ANDRÉ GREAT TRUMPET CONCERTOS
