

CONTENTS

010 THE INTEGRATED BODY

- Human evolution
- Human ancestors
- Human genetic formula
- The cell
- Cells and tissues
- Body composition
- Body systems

028 ANATOMY

030 ANATOMICAL TERMINOLOGY

036 BODY SYSTEMS

- 038 Skin, hair, and nail structure
- 040 Skeletal system
- 050 Muscular system
- 060 Nervous system
- 066 Respiratory system
- 068 Cardiovascular system
- 074 Lymphatic and immune system
- 078 Digestive system
- 080 Urinary system
- 082 Reproductive system
- 084 Endocrine system
- 086 Surface anatomy

088 ANATOMY ATLAS

- 090 Head and neck
- 138 Thorax
- 170 Abdomen and pelvis
- 200 Shoulder and upper arm
- 228 Lower arm and hand
- 244 Hip and thigh
- 272 Lower leg and foot

288 HOW THE BODY WORKS

290 SKIN, HAIR, AND NAILS

296 MUSCULOSKELETAL SYSTEM

- 298 The working skeleton
- 300 Bones
- 302 Joints
- 304 How muscles work
- 306 Muscle mechanics

308 NERVOUS SYSTEM

- 310 How the body is wired
- 312 Nerve cells
- 314 Passing on the message
- 316 The brain and spinal cord
- 318 The CNS in action
- 320 Memory and emotion
- 322 How we move
- 324 How we sense the world
- 326 How we see
- 330 Hearing and balance
- 332 Taste and smell
- 334 Touch

336 RESPIRATORY SYSTEM

- 338 Journey of air
- 340 Gas exchange
- 342 Mechanics of breathing
- 344 Instinctive breathing

CARDIOVASCULAR SYSTEM

- Blood
- Cardiac cycle
- Controlling the heart
- Blood vessels

LYMPHATIC AND IMMUNE SYSTEM

- Lymphatic system
- Innate immunity
- Adaptive immunity

DIGESTIVE SYSTEM

- Mouth and throat
- Stomach
- Small intestine
- Liver
- Large intestine
- Nutrition and metabolism

URINARY SYSTEM

- Kidney function
- Bladder control

REPRODUCTIVE SYSTEM

- Male reproductive system
- Female reproductive system
- Creation of life
- The expectant body
- Labour and birth

ENDOCRINE SYSTEM

- Hormones in action
- The pituitary gland
- Hormone producers

406 LIFE CYCLE

- 408 Life's journey
- 410 Inheritance
- 412 Developing embryo
- 414 Fetal development
- 418 The newborn
- 420 Childhood
- 422 Adolescence and puberty
- 424 Adulthood and old age
- 426 End of life

428 DISEASES AND DISORDERS

- 430 Inherited disorders
- 432 Cancer
- 434 Infectious diseases
- 436 Skin, hair, and nail disorders
- 440 Bone and joint disorders
- 444 Muscle, tendon, and ligament disorders
- 446 Back, neck, and shoulder problems
- 448 Limb joint disorders
- 450 Cerebrovascular disorders
- 452 Brain and spinal cord disorders
- 454 General nervous disorders
- 455 Nervous system infection
- 456 Mental health disorders
- 458 Ear disorders
- 460 Eye disorders
- 462 Respiratory disorders
- 466 Cardiovascular disorders
- 470 Peripheral vascular disorders
- 472 Blood disorders
- 474 Allergies and autoimmune disorders
- 476 Upper digestive tract disorders
- 478 Lower digestive tract disorders
- 480 Liver, gallbladder, and pancreas disorders
- 482 Kidney and urinary problems
- 484 Female reproductive system disorders
- 486 Male reproductive system disorders
- 488 Sexually transmitted infections
- 490 Infertility
- 492 Disorders of pregnancy and labour
- 494 Endocrine disorders

- 498 GLOSSARY**
- 506 INDEX**
- 528 ACKNOWLEDGMENTS**
