Part 4	Extramedullary Rhabdoid Tumor	113
Part 5	Chordoma	114
Part 6	Recurrent Mucosal Chondrosarcoma	116
Chapter 22	Pulmonary B-Cell Lymphomas	118
Part 3	Primary and Secondary Lung Involvement	118
Subpart 1.1	Extranodal Marginal Zone Lymphoma (Extranodal Marginal Zone Lymphoma)	119
Subpart 1.2	Diffuse Large B-Cell Lymphoma (DLBCL) (Giant-Cell Lymphoma)	121
Subpart 1.3	Lymphomatoid Granulomatosis (Lymphomatoid Granulomatosis)	123
Subpart 1.4	Primary B-Cell Lymphomas with Secondary Lung Involvement	125
Subpart 2.1	Small B-Cell Lymphomas	127
Subpart 2.2	Other B-Cell Lymphomas	128
Contributing Authors	vii	
Preface to the Third Edition	xii	
Preface to the First Edition	xiii	
Acknowledgments	xv	

Section 1 Pulmonary Classical Hodgkin Lymphoma 130

Normal Cytology and Histology Sinchita Roy-Chowdhuri 1

Chapter 1	Bronchus	3
Chapter 2	Bronchioles and Alveolar Ducts	6
Chapter 3	Blood Vessels and Lymphatics	8
Chapter 4	Alveoli	10
Chapter 5	Pleura	12
Chapter 6	Normal Cytology of the Lung and Pleura	14

Section 2 Other Systemic Hematolymphoid Neoplasms with Secondary Lung Involvement 137

Artifacts and Age-Related Changes Sinchita Roy-Chowdhuri 19

Chapter 7	Procedural and Laboratory Artifacts	21
Chapter 8	Reactive Changes, Nonspecific Findings, and Age-Related Changes	24
Chapter 9	Noncellular Structures	28

Section 3

Malignant Neoplasms Mari Mino-Kenudson, Sergio Pina-Oviedo, Sanja Dacic, Timothy C. Allen, Ross A. Miller, Philip T. Cagle 35

Chapter 10	Adenocarcinoma	37
Part 1.	Lepidic Adenocarcinoma	39
Part 2.	Acinar Adenocarcinoma	40
Part 3.	Papillary Adenocarcinoma	41
Part 4.	Micropapillary Adenocarcinoma	41
Part 5.	Solid Adenocarcinoma	42
Part 6.	Invasive Mucinous Adenocarcinoma	43
Part 7.	Colloid Adenocarcinoma	44
Part 8.	Fetal Adenocarcinoma	45

	Part 9. Enteric Adenocarcinoma 46
	Part 10. Signet Ring and Clear Cell Features 47
Chapter 11	Squamous-Cell Carcinoma 48
	Part 1. Keratinizing Squamous-Cell Carcinoma 49
	Part 2. Nonkeratinizing Squamous-Cell Carcinoma 51
	Part 3. Basaloid Squamous-Cell Carcinoma 52
Chapter 12	Adenosquamous Carcinoma 54
Chapter 13	Large-Cell Carcinoma 56
Chapter 14	Neuroendocrine Carcinomas 58
	Part 1. Small-Cell Carcinoma 58
	Part 2. Carcinoid Tumor 60
	Part 3. Atypical Carcinoid Tumor 62
	Part 4. Large-Cell Neuroendocrine Carcinoma 64
Chapter 15	Sarcomatoid Carcinomas 66
	Part 1. Carcinosarcoma 66
	Part 2. Pulmonary Blastoma 67
	Part 3. Pleomorphic Carcinoma 69
Chapter 16	Salivary Gland-Type Cancers 71
	Part 1. Adenoid Cystic Carcinoma 71
	Part 2. Mucoepidermoid Carcinoma 72
	Part 3. Epithelial–Myoepithelial Carcinoma 74
Chapter 17	Lymphoepithelioma-Like Carcinoma 76
Chapter 18	NUT Carcinoma 78
Chapter 19	Primary Pulmonary Sarcomas 80
	Part 1. Inflammatory Myofibroblastic Tumor 80
	Part 2. Pleuropulmonary Blastoma 82
	Part 3. Epithelioid Hemangioendothelioma 84
	Part 4. Kaposi Sarcoma 85
	Part 5. Synovial Sarcoma 87
	Part 6. Malignant Solitary Fibrous Tumor 89
	Part 7. Intimal Sarcoma 90
	Part 8. SMARCA4-Deficient Thoracic Sarcoma 92
	Part 9. Primary Pulmonary Myxoid Sarcoma with <i>EWSR1-CREB1</i> Translocation 93
Chapter 20	Secondary Pulmonary Sarcomas 95
	Part 1. Leiomyosarcoma 95
	Part 2. Angiosarcoma 96
	Part 3. Osteosarcoma 98
	Part 4. Chondrosarcoma 99
	Part 5. Liposarcoma 101
	Part 6. Malignant Peripheral Nerve Sheath Tumor 102
	Part 7. Rhabdomyosarcoma 104
	Part 8. Undifferentiated Soft Tissue Sarcoma 106
	Part 9. Ewing Sarcoma 107
Chapter 21	Other Pulmonary Sarcomas 109
	Part 1. Alveolar Soft Part Sarcoma 109
	Part 2. Clear Cell Sarcoma 110
	Part 3. Desmoplastic Small Round Cell Tumor 112

<p>Part 4. Extrarenal Rhabdoid Tumor 113</p> <p>Part 5. Chordoma 114</p> <p>Part 6. Extraskeletal Myxoid Chondrosarcoma 116</p>	Chapter 21 231
Chapter 22 Pulmonary B-Cell Lymphomas 118	
<p>Part 1. Primary and Secondary Lung Involvement 119</p> <p><i>Subpart 1.1. Extranodal Marginal Zone Lymphoma (MZL) of the Mucosa-Associated Lymphoid Tissue (MALT) Lymphoma</i> 119</p> <p><i>Subpart 1.2. Diffuse Large B-Cell Lymphoma (DLBCL)</i> 122</p> <p><i>Subpart 1.3. Lymphomatoid Granulomatosis (LyG)</i> 124</p>	Chapter 22 119
<p>Part 2. Systemic B-Cell Lymphomas with Secondary Lung Involvement 126</p> <p><i>Subpart 2.1. Small B-Cell Lymphomas</i> 127</p> <p><i>Subpart 2.2. Other B-Cell Lymphomas</i> 128</p>	Chapter 22 126
Chapter 23 Pulmonary Classical Hodgkin Lymphoma 130	
Chapter 24 Pulmonary T-Cell Lymphomas 133	
<p>Part 1. Peripheral T-cell Lymphoma, NOS 133</p> <p>Part 2. Systemic T-cell Lymphomas with Secondary Lung Involvement 134</p> <p><i>Subpart 2.1. Pulmonary (Visceral) Involvement by Mycosis Fungoides/Sézary Syndrome</i> 134</p> <p><i>Subpart 2.2. Pulmonary Anaplastic Large-Cell Lymphoma (ALCL)</i> 134</p>	Chapter 24 133
Chapter 25 Pulmonary Plasma Cell Neoplasms and Related Conditions 137	
<p>Part 1. Primary Pulmonary Plasma Cell Neoplasms 137</p> <p>Part 2. Systemic Plasma Cell Neoplasm with Secondary Lung Involvement 137</p>	Chapter 25 137
Chapter 26 Other Systemic Hematolymphoid Neoplasms with Secondary Lung Involvement 140	
<p>Part 1. Acute Leukemia or Myeloproliferative Neoplasms 140</p> <p><i>Subpart 1.1. Acute Leukemia</i> 140</p> <p><i>Subpart 1.2. Myeloproliferative Neoplasms</i> 141</p>	Chapter 26 140
Chapter 27 Other Neoplasms of the Lung 143	
<p>Part 1. Malignant Melanoma 143</p> <p>Part 2. Pleuropulmonary Thymoma 145</p> <p>Part 3. Malignant Germ Cell Tumors 146</p> <p>Part 4. Lymphangioleiomyomatosis 148</p> <p>Part 5. Ciliated Muconodular Papillary Tumor of the Lung 149</p>	Chapter 27 143
Chapter 28 Metaplastic, Dysplastic, and Premalignant Lesions 151	
<p>Part 1. Atypical Adenomatous Hyperplasia 151</p> <p>Part 2. Adenocarcinoma In Situ 152</p> <p>Part 3. Minimally Invasive Adenocarcinoma 153</p> <p>Part 4. Squamous Metaplasia, Squamous Dysplasia, and Squamous Carcinoma In Situ 155</p> <p><i>Subpart 4.1. Squamous Metaplasia</i> 155</p> <p><i>Subpart 4.2. Squamous Dysplasia</i> 156</p> <p><i>Subpart 4.3. Squamous Carcinoma In Situ</i> 157</p>	Chapter 28 151
<p>Part 5. Squamous Papilloma and Papillomatosis 158</p> <p><i>Subpart 5.1. Glandular Papilloma and Mixed Squamous and Glandular Papilloma</i> 160</p>	Chapter 28 158
<p>Part 6. Diffuse Idiopathic Pulmonary Neuroendocrine-Cell Hyperplasia (DIPNECH) 162</p>	Chapter 28 162

Chapter 29	Neoplasms of the Pleura	164
Part 1.	Diffuse Malignant Mesothelioma	164
Part 2.	Localized Malignant Mesothelioma	168
Part 3.	Well-Differentiated Papillary Mesothelioma	169
Part 4.	Synovial Sarcoma	170
Part 5.	Vascular Sarcomas	172
Part 6.	Malignant SFT	174
Part 7.	Pseudomesotheliomatous Carcinoma	175
Part 8.	Calcifying Fibrous Tumor	177
Part 9.	Desmoplastic Small Round Cell Tumor	178

Section 4

Benign Neoplasms *Natasha Rekhtman* 179

Chapter 30	Pulmonary Hamartoma	181
Chapter 31	Pulmonary Chondroma	183
Chapter 32	Solitary Fibrous Tumor	185
Chapter 33	Desmoid-Type Fibromatosis	187
Chapter 34	Carcinoid Tumorlet	188
Chapter 35	Pulmonary Meningothelial Nodule	190
Chapter 36	Sclerosing Pneumocytoma	192
Chapter 37	Alveolar Adenoma	194
Chapter 38	Papillary Adenoma	195
Chapter 39	Mucous Gland Adenoma	197
Chapter 40	Oncocytoma	199
Chapter 41	Pleomorphic Adenoma	200
Chapter 42	Multifocal Multinodular Pneumocyte Hyperplasia	202
Chapter 43	PEComa	204
Chapter 44	Glomus Tumor	206
Chapter 45	Giant Cell Tumor	208
Chapter 46	Meningioma	210

Section 5

Pulmonary Histiocytic Proliferations *Anja C. Roden* 213

Chapter 47	Pulmonary Langerhans-Cell Histiocytosis	215
Chapter 48	Erdheim-Chester Disease	220
Chapter 49	Rosai-Dorfman Disease	223
Chapter 50	Other Pulmonary Histiocytic Proliferations	225

Section 6

Benign and Borderline Lymphoid Proliferations

Kirtee Raparia

231

Chapter 51 Follicular Bronchiolitis and Follicular Bronchitis 233

Chapter 52 Nodular Lymphoid Hyperplasia 235

Chapter 53 Lymphoid Interstitial Pneumonia 236

Section 7

Focal Lesions

Ross A. Miller

239

Chapter 54 Apical Caps 241

Chapter 55 Focal Scars 242

Chapter 56 Pulmonary Ossification 244

Chapter 57 Intrapulmonary Lymph Nodes 246

Chapter 58 Rounded Atelectasis 247

Chapter 59 Amyloidosis (Nodular and Tracheobronchial) 248

Section 8

Granulomatous Diseases

Yasmeen M. Butt

251

Chapter 60 Infectious Granulomas 253

Part 1. Mycobacterium 253

Part 2. Fungi 254

Part 3. Parasites 255

Chapter 61 Bronchocentric Granulomatosis 257

Chapter 62 Pulmonary Hyalinizing Granuloma 260

Chapter 63 Sarcoidosis 262

Chapter 64 Berylliosis 265

Chapter 65 Sarcoid-Like Reaction 267

Chapter 66 Necrotizing Sarcoid Granulomatosis 268

Chapter 67 Foreign-Body Granulomas 270

Part 1. Intravenous Drug Abuse 270

Part 2. Aspiration 271

Part 3. Other Foreign-Body Reactions 272

Chapter 68 Nodules Resembling Granulomas 274

Part 1. Rheumatoid Nodules 274

Part 2. Malakoplakia 275

Chapter 69 Respiratory Granulitis-Interstitial Lung Disease/Reparative Interstitial Pneumonia 369

Part 1. Pulmonary Langerhans Cell Histiocytosis 370

Chapter 70 Smoking-Related Interstitial Fibrosis 371

Section 9

Diffuse Pulmonary Hemorrhage *Lynette M. Sholl* 277

- Chapter 69 Alveolar Hemorrhage without Vasculitis 279**
- Part 1. Artifactual (Procedural) Hemorrhage/Hemorrhage in the Absence of Other Histologic Abnormalities 279
 - Part 2. Hemorrhage as a Secondary Finding (Infection, Malignancy) 281
 - Part 3. Hemorrhage with Diffuse Alveolar Damage 282
 - Part 4. Passive Congestion 283
 - Part 5. Arteriovenous Malformations 284
 - Part 6. Idiopathic Pulmonary Hemosiderosis 285

- Chapter 70 Alveolar Hemorrhage with Vasculitis 287**

- Part 1. Vasculitis in Collagen Vascular Diseases 287
- Part 2. Anti-Glomerular Basement Membrane Antibody Disease (Goodpasture Syndrome) 288
- Part 3. Granulomatosis with Polyangiitis (Formerly Wegener Granulomatosis) 289
- Part 4. Eosinophilic Granulomatosis with Polyangiitis (Formerly Churg–Strauss Syndrome) 291
- Part 5. Antiphospholipid Syndrome 292
- Part 6. Microscopic Polyangiitis 293

Section 10

Pulmonary Hypertension and Embolic Disease *Alain Borczuk* 295

- Chapter 71 Pulmonary Arterial Hypertension 297**
- Chapter 72 Pulmonary Veno-Occlusive Disease 300**
- Chapter 73 Pulmonary Capillary Hemangiomatosis 302**
- Chapter 74 Pulmonary Hypertension Associated with Lung Disease and/or Hypoxemia 304**
- Chapter 75 Thromboembolic Disease—Acute and Chronic 306**
- Part 1. Thromboemboli 306
 - Part 2. Foreign-Body Emboli 308
 - Part 3. Fat Emboli 309
 - Part 4. Amniotic Fluid Embolism 310
 - Part 5. Tumor Emboli 311
 - Part 6. Parasitic Emboli 312
 - Part 7. Bone Marrow Emboli 312
- Chapter 76 Pulmonary Infarct 314**
- Chapter 77 Pulmonary Hypertension with Unclear or Multifactorial Mechanisms 315**

Section 11

Large Airways *Ross A. Miller* 317

- Chapter 78 Bronchiectasis 319**
- Chapter 79 Middle Lobe Syndrome 321**

- Chapter 80** Tracheobronchopathia Osteochondroplastica 322
Chapter 81 Asthma 323
Chapter 82 Allergic Bronchopulmonary Aspergillosis 324

Section 12

Small Airways Sanja Dacic 327

- Chapter 83** Bronchiolar and Peribronchiolar Inflammation, Fibrosis, and Metaplasia 329
Chapter 84 Lobular Pneumonia 331
Chapter 85 Organizing Pneumonia 332
Chapter 86 Constrictive Bronchiolitis 334
Chapter 87 Respiratory Bronchiolitis and Membranous Bronchiolitis 336
Chapter 88 Follicular Bronchiolitis 338
Chapter 89 Diffuse Panbronchiolitis 339
Chapter 90 Small Airways and Inorganic Dust 341

Section 13

Alveolar Infiltrates Mary Beth Beasley 343

- Chapter 91** Acute Pneumonia 345
Chapter 92 Pulmonary Edema 347
Chapter 93 Diffuse Alveolar Damage 349
Chapter 94 Acute Fibrinous and Organizing Pneumonia 351
Chapter 95 Lipoid Pneumonia 353
Chapter 96 Eosinophilic Pneumonia 355
Chapter 97 Desquamative Interstitial Pneumonia (DIP)-Like Pattern 357
Chapter 98 Pulmonary Alveolar Proteinosis 359

Section 14

Tobacco-Related Diseases Lynette M. Sholl 361

- Chapter 99** Emphysema 363
Part 1. Placental Transmogrification of the Lung 365
Chapter 100 Chronic Bronchitis 366
Chapter 101 Respiratory Bronchiolitis 367
Chapter 102 Respiratory Bronchiolitis-Interstitial Lung Disease/Desquamative Interstitial Pneumonia 369
Part 1. Pulmonary Langerhans Cell Histiocytosis 370
Chapter 103 Smoking-Related Interstitial Fibrosis 372

Section 15

Diffuse Interstitial Lung Diseases *Maxwell L. Smith* 375

- Chapter 104 Hypersensitivity Pneumonitis 377
 Chapter 105 Hot Tub Lung 381
 Chapter 106 Flock Lung 384
 Chapter 107 Airway-Centered Fibrosis 387
 Chapter 108 Diffuse Alveolar Septal Amyloidosis 390
 Chapter 109 Honeycomb Lung 393
 Chapter 110 Lung Disease in Inflammatory Bowel Disease 395
 Chapter 111 Common Variable Immunodeficiency Disorders/
 Granulomatous–Lymphocytic Interstitial Lung Disease (CVID/GLILD)–
 Associated Lung Disease 398
 Chapter 112 Chronic Aspiration Bronchiolitis 402
 Chapter 113 IgG4-Related Pulmonary Disease 405
 Chapter 114 Diffuse Meningotheliomatosis 408

Section 16

Idiopathic Interstitial Pneumonias *Kirtee Raparia* 411

- Chapter 115 Acute Interstitial Pneumonia 413
 Chapter 116 Usual Interstitial Pneumonia 414
 Chapter 117 Nonspecific Interstitial Pneumonia 417
 Chapter 118 Cryptogenic Organizing Pneumonia 419
 Chapter 119 Idiopathic Pleuroparenchymal Fibroelastosis 420

Section 17

Specific Infectious Agents *Alain Borczuk* 423

- Chapter 120 Viruses 425
 Part 1. Cytomegalovirus 425
 Part 2. Herpes Simplex Virus 426
 Part 3. Varicella Zoster Virus 427
 Part 4. Adenovirus 428
 Part 5. Influenza 430
 Part 6. Parainfluenza 430
 Part 7. Measles 431
 Part 8. Respiratory Syncytial Virus 432
 Part 9. Hantavirus 433

Chapter 121 Bacteria 434

- Part 1. Streptococcus 434
- Part 2. Staphylococcus 435
- Part 3. Klebsiella 436
- Part 4. Pseudomonas 437
- Part 5. Legionella 439
- Part 6. Actinomyces 440
- Part 7. Nocardia 442
- Part 8. Mycoplasma 443
- Part 9. Coxiella burnetii 444
- Part 10. Rhodococcus 444

Chapter 122 Mycobacteria 446**Chapter 123 Fungi 450**

- Part 1. Aspergillus 450
- Part 2. Mucorales 452
- Part 3. Pneumocystis 453
- Part 4. Histoplasma 455
- Part 5. Cryptococcus 456
- Part 6. Coccidioides 457
- Part 7. Paracoccidioides 458
- Part 8. Blastomycosis 459
- Part 9. Candida 460
- Part 10. Phaeohyphomycosis 461

Chapter 124 Parasites 463

- Part 1. Strongyloides 463
- Part 2. Dirofilaria 464
- Part 3. Toxoplasma 465
- Part 4. Acanthamoeba 466
- Part 5. Paragonimus 467
- Part 6. Schistosoma 468
- Part 7. Leishmania 469
- Part 8. Echinococcus 470

Cystic Fibrosis 599.

Section 18

Transplant-Related Pathology Aliya N. Husain 473

Chapter 125 Acute Lung Transplant Rejection 475**Chapter 126 Chronic Lung Allograft Dysfunction 478****Chapter 127 Antibody-Mediated Lung Transplant Rejection 481****Chapter 128 Anastomotic Complications 483****Chapter 129 Transplant-Related Infections 484****Chapter 130 Primary Graft Dysfunction 486****Chapter 131 Organizing Pneumonia in the Transplanted Lung 487****Chapter 132 Other Lung Transplant-Related Pathology 488**

Pneumoconioses *Timothy C. Allen* 527

Chapter 143 Asbestosis 529

Chapter 144 Silicosis 532

Chapter 145 Silicatosis 535

Chapter 146 Mixed Pneumoconiosis and Mixed-Dust Pneumoconiosis 537

Chapter 147 Coal Worker’s Pneumoconiosis 539

Chapter 148 Giant-Cell Interstitial Pneumonia/Hard-Metal Pneumoconiosis 542

Chapter 149 Siderosis 544

Chapter 150 Aluminosis 546

Section 22

Metabolic Disorders/Storage Diseases *Timothy C. Allen* 549

Chapter 151 Pulmonary Alveolar Microlithiasis 551

Chapter 152 Pulmonary Metastatic Calcification/Calcinosis 552

Chapter 153 Storage Diseases 554

Section 23

Nonneoplastic Lesions of the Pleura *Ross A. Miller* 557

- Chapter 154 Fibrinous and Fibrous Pleuritis 559
Chapter 155 Specific Forms of Pleuritis 561
Chapter 156 Eosinophilic Pseudovasculitis 563
Chapter 157 Reactive Mesothelial Hyperplasia 564
Chapter 158 Endometriosis 567
Chapter 159 Splenosis 568
Chapter 160 Ectopic Hepatic Tissue 569
Chapter 161 Nodular Histiocytic Hyperplasia 570

Section 24

Pediatric Pulmonary Pathology *Aliya N. Husain* 573

- Chapter 162 Congenital Pulmonary Airway Malformation Type 1 575
Chapter 163 Developmental Abnormalities Associated with Bronchial Obstruction 578
Chapter 164 Congenital Pulmonary Airway Malformation Type 3 581
Chapter 165 Pulmonary Sequestration 583
Chapter 166 Bronchogenic Cyst 585
Chapter 167 Pulmonary Growth Abnormalities 587
Chapter 168 Neuroendocrine Hyperplasia of Infancy 590
Chapter 169 Pulmonary Interstitial Glycogenosis 592
Chapter 170 Genetic Disorders of Surfactant Metabolism 595
Chapter 171 Cystic Fibrosis 599
Chapter 172 Primary Ciliary Dyskinesia 602
Chapter 173 Chronic Granulomatous Disease 605
Chapter 174 Alveolar Capillary Dysplasia with Misalignment of Pulmonary Veins 607
Chapter 175 Acinar Dysplasia 610
Chapter 176 Complications of Prematurity 612
Chapter 177 Meconium Aspiration 615
Chapter 178 Lymphatic Disorders 617
Chapter 179 Juvenile Respiratory Papillomatosis 619
Chapter 180 Pleuropulmonary Blastoma 621
Chapter 181 Other Primary Lung Tumors in Children 625
Chapter 182 Pediatric Tumors Metastatic to the Lung 631
