| INTRODUCTION TO THE PROBLEM | 11 |
| 1 CURRENT STATE OF THE SOLVED PROBLEM..... | 15 |
| 1.1 Definition of basic terms | 15 |
| 1.1.1 Image..... | 15 |
| 1.1.2 Trust | 26 |
| 1.1.3 Reputation..... | 40 |
| 1.2 Definition of the term online reputation..... | 59 |
| 2 DETERMINANTS OF REPUTATION | 67 |
| 2.1 Determinants of reputation of the brick-and-mortar world | 69 |
| 2.1.1 Traditional media | 69 |
| 2.1.2 Virtual world..... | 74 |
| 2.2 Marketing communication in the Internet environment | 77 |
| 2 OBJECTIVE AND METHODOLOGY OF OUR RESEARCH..... | 83 |
| 2.1 Research task and work objectives..... | 83 |
| 2.2 Methods of work | 83 |
| 2.2.1 Reputation mechanisms..... | 84 |
| 2.2.2 Systems based on counting and averaging | 85 |
| 2.2.3 Bayesian method..... | 86 |
| 2.2.4 Fuzzy concept..... | 87 |
| 2.2.5 ReGreT model..... | 87 |
| 2.2.6 Flow Model..... | 88 |
| 2.2.7 Recommendation systems | 89 |
| 2.2.8 Reputation algorithms for peer-to-peer | 91 |
| 2.2.9 Dissemination of trust and distrust..... | 91 |
| 2.2.10 Sentiment analysis | 94 |
| 2.2.11 Net promoter score..... | 99 |
| 3 RESULTS OF THE REALIZED RESEARCH | 103 |
| 3.1 Analytical view of the Slovak internet market and its key players | 103 |
| 3.1.1 Results and discussion..... | 103 |
| 3.1.2 Assessment..... | 109 |
| 3.2 Analysis of reputation of chosen entities on Slovak virtual market | 110 |
| 3.2.1 Results and discussion..... | 111 |

| | |
|--|-----|
| 3.2.2 Assessment..... | 112 |
| 3.3 Analysis of options to survey the online reputation of universities and colleges on the Slovak virtual market..... | 113 |
| 3.3.1 Results and discussion..... | 113 |
| 3.3.2 Assessment..... | 115 |
| 3.4 Analysis of possibilities to improve online reputation of public institutions..... | 117 |
| 3.4.1 Results and discussion..... | 117 |
| 3.4.2 Assessment..... | 122 |
| 3.5 Online reputation of healthcare providers on the Slovak market | 123 |
| 3.5.1 Results and discussion..... | 123 |
| 3.5.2 Assessment..... | 126 |
| 3.6 Analysis of online reputation of chosen e-commerce entities operating in the Central European market..... | 127 |
| 3.6.1 Results and discussion..... | 128 |
| 3.6.2 Assessment..... | 132 |
| 3.7 Multifactorial analysis of online reputation as a tool for improving the competitiveness of chosen tourism operators..... | 133 |
| 3.7.1 Results and discussion..... | 134 |
| 3.7.2 Assessment..... | 140 |
| 3.8 Sustainable e-marketing of chosen tourism operators in the Mediterranean by means of active online reputational management | 141 |
| 3.8.1 Results and discussion..... | 141 |
| 3.8.2 Assessment..... | 145 |
| 3.9 Analytical view on the issue of effective use of selected tools of e-marketing communication on the social network Facebook by SMEs operating on the Central European market | 147 |
| 3.9.1 Results and discussion..... | 148 |
| 3.9.2 Assessment..... | 152 |
| 3.10 Online reputation of selected entities operating in the automotive sector | 153 |
| 3.10.1 Results and discussion..... | 155 |
| 3.10.2 Assessment..... | 159 |

| | |
|--|------------|
| 3.11 Selected approaches to Sustainable Development of Corporate Reputation | 161 |
| 3.11.1 Results and discussion..... | 163 |
| 3.11.2 Assessment..... | 171 |
| 3.12 Discussion, recommendations and conclusions | 175 |
| 3.12.1 Discussion - findings of the performed research | 175 |
| 3.12.2 Recommendations and conclusions..... | 177 |
| 4 THEORETICAL AND PRACTICAL CONTRIBUTIONS | 179 |
| 4.1 Knowledge for further development of science (theoretical contributions) | 179 |
| 4.2 Knowledge for practice (practical contributions) | 181 |
| CONCLUSION | 183 |
| SUMMARY | 185 |
| REFERENCES..... | 187 |
