

# CONTENTS

<b>Foreword</b> .....	vii
<b>Acknowledgements</b> .....	ix
<b>Abbreviations</b> .....	xi
<b>Executive summary</b> .....	xiii
<b>1 Alcohol and public health</b> .....	1
1.1 Alcohol consumption in its historical context .....	3
1.2 Pathways of alcohol-related harm .....	4
1.2.1 Volume of alcohol consumed .....	4
1.2.2 Pattern of drinking .....	4
1.2.3 Quality of alcohol consumed .....	5
1.3 Mechanisms of harm in an individual .....	5
1.4 Abstention .....	7
1.5 Factors affecting alcohol consumption and alcohol-related harm .....	7
1.5.1 Age .....	7
1.5.2 Gender .....	8
1.5.3 Familial risk factors .....	9
1.5.4 Socioeconomic status .....	9
1.5.5 Economic development .....	10
1.5.6 Culture and context .....	11
1.5.7 Alcohol control and regulation .....	11
1.6 Alcohol-related harms .....	11
1.6.1 Health consequences for drinkers .....	11
1.6.2 Socioeconomic consequences for drinkers .....	13
1.6.3 Harms to other individuals .....	14
1.6.4 Harm to society at large .....	16
1.7 Action to reduce harmful use of alcohol .....	18
1.7.1 Evidence of effectiveness .....	19
1.7.2 Global action .....	20
1.7.3 Regional action .....	24
1.7.4 National policies .....	24
1.8 Monitoring .....	25
<b>2 Alcohol consumption</b> .....	27
2.1 Levels of consumption .....	28
2.1.1 Total per capita consumption .....	29
2.1.2 Unrecorded alcohol consumption .....	30
2.1.3 Most consumed alcoholic beverages .....	31
2.2 Patterns of drinking .....	32
2.2.1 Abstention rates .....	32
2.2.2 Heavy episodic drinking .....	34
2.2.3 Patterns of drinking score .....	35
2.2.4 Factors impacting on alcohol consumption .....	36

2.3	Trends and projections	41
2.3.1	Five-year change in alcohol consumption	41
2.3.2	Projections up to 2025	42
<b>3</b>	<b>Health consequences</b>	<b>45</b>
3.1	Aggregate health effects	46
3.1.1	Alcohol-attributable mortality	48
3.1.2	Alcohol-attributable burden of disease and injury	50
3.1.3	Factors impacting on health consequences	52
3.2	Trends and projections	57
<b>4</b>	<b>Alcohol policy and interventions</b>	<b>59</b>
4.1	Leadership, awareness and commitment	60
4.1.1	Written national alcohol policies	62
4.1.2	Nationwide awareness-raising activities	63
4.2	Health services' response	63
4.3	Community action	65
4.4	Drink-driving countermeasures	67
4.4.1	BAC limits	67
4.4.2	Methods used to ascertain driver BACs	69
4.5	Regulating availability of alcohol	70
4.5.1	National control of production and sale of alcohol	71
4.5.2	Restrictions on on-/off-premise sales of alcoholic beverages	72
4.5.3	National minimum purchase or consumption age	74
4.5.4	Restrictions on drinking in public	74
4.5.5	Restrictions on purchase of alcohol at petrol stations	75
4.6	Marketing restrictions	75
4.6.1	Regulations on alcohol advertising	76
4.6.2	Regulation on alcohol product placement	78
4.6.3	Regulation on alcohol sales promotions	80
4.6.4	Methods of detecting marketing infringements	80
4.7	Pricing	80
4.7.1	Excise tax	81
4.8	Reducing negative consequences of drinking	81
4.8.1	Responsible beverage services training	81
4.8.2	Labels on alcohol containers	82
4.9	Addressing illicit and informal production	82
4.9.1	Inclusion of informal or illicit production in national alcohol policies	83
4.9.2	Methods used to track illicit or informal alcohol	84
4.10	Monitoring and surveillance	84
4.10.1	National surveys on alcohol consumption	84
4.10.2	Legal definition of an alcoholic beverage	84
4.10.3	National monitoring systems	85
4.11	Trends	85
	<b>Country profiles</b>	<b>87</b>
	<b>Appendix I – Alcohol consumption</b>	<b>289</b>
	<b>Appendix II – Health consequences</b>	<b>313</b>
	<b>Appendix III – Indicators related to alcohol policy and interventions</b>	<b>321</b>
	<b>Appendix IV – Data sources and methods</b>	<b>345</b>
