

CONTENT

I. DEVELOPMENTAL ASPECTS IN HYGIENE

1. General Aspects of Growth and Development (D. Schneidrová)	5
2. Physical and Physiologic Aspects of Growth and Development (D. Schneidrová)	7
3. Neurodevelopmental Growth and Development Cognition and Development Psychosocial Development (D. Schneidrová)	13
4. The Newborn Infant (D. Schneidrová)	15
5. The First Year (D. Schneidrová)	17
6. The Second Year (D. Schneidrová)	20
7. The Preschool Child (H. Provazníková, D. Schneidrová)	21
8. Day Care, Kindergarten (H. Provazníková, D. Schneidrová)	23
9. The School - Aged Child (H. Provazníková, D. Schneidrová)	26
10. The School, Social and Environmental Influences on Health (K. Provazník, D. Schneidrová)	28
11. Adolescence (H. Provazníková, D. Schneidrová)	30

II. NUTRITIONAL HYGIENE

1. Nutrition - Energy and Nutrients Requirements (J. Rambousková, P. Dlouhý)	32
2. Requirements of Different Groups (J. Rambousková, P. Dlouhý)	42
3. Foods - Energy and Protective Factors Requirements (S. Hrubý)	46
4. Assessment of Contaminants in Food Chains (D. Hrivnák)	56
5. Interaction of Nutritive and Toxic Constituents in the Organism (B. Turek)	64
6. Biological Factors (S. Hrubý)	68

III. OCCUPATIONAL HYGIENE

1. Adults	
- Anthropometric Parameters of the Reference Man	77
- Physical Performance	80
- Biochemical and Haematological Parameters	82
- Biological Rhythms	83
(M. Fenclová)	
2. Psychological Aspects of Different Age Periods	
- Period between 20 and 30 years	85
- Period between 31 and 45 years	86
- Period between 46 and 60 years	88
(H. Třmínková)	
3. Human Activity	
- Sensory Load	
(M. Kneidlová)	89
- Psychic Load	
(H. Třmínková)	95
4. Nutrition and Energy Requirement of the Work	
(E. Hrnčíř)	99

IV. TOXICOLOGY

1. General and Hygienic Toxicology	
(J. Lener)	102
2. Environmental Toxicology	
(D. Hrivnák)	111
3. Nutritional Toxicology	
Basic Principals of Nutritional Toxicology	
(B. Turek)	121
Animals, Plants	
(S. Hrubý)	123
4. Skin and the Influence of the Environment	
(J. Bártová)	127
