

# CONTENTS

## PART ONE THEORETICAL FRAMEWORK

<b>Chapter 1</b>	Motor Control: Issues and Theories ✓	3
<b>Chapter 2</b>	Motor Learning and Recovery of Function	21
<b>Chapter 3</b>	Physiology of Motor Control ✓	46
<b>Chapter 4</b>	Physiological Basis of Motor Learning and Recovery of Function	83
<b>Chapter 5</b>	Constraints on Motor Control: An Overview of Neurologic Impairments	100
<b>Chapter 6</b>	A Conceptual Framework for Clinical Practice	136

## PART TWO POSTURAL CONTROL

<b>Chapter 7</b>	Normal Postural Control ✓	157
<b>Chapter 8</b>	Development of Postural Control	187
<b>Chapter 9</b>	Aging and Postural Control ✓	212
<b>Chapter 10</b>	Abnormal Postural Control	233
<b>Chapter 11</b>	Clinical Management of the Patient with a Postural Control Disorder	257

## PART THREE MOBILITY FUNCTIONS

<b>Chapter 12</b>	Control of Normal Mobility	299
<b>Chapter 13</b>	A Life Span Perspective of Mobility	330
<b>Chapter 14</b>	Abnormal Mobility	359
<b>Chapter 15</b>	Clinical Management of the Patient with a Mobility Disorder	390

## PART FOUR REACH, GRASP, AND MANIPULATION

<b>Chapter 16</b>	Normal Reach, Grasp, and Manipulation	443
<b>Chapter 17</b>	Reach, Grasp, and Manipulation: Changes Across the Life Span	468
<b>Chapter 18</b>	Abnormal Reach, Grasp, and Manipulation	493
<b>Chapter 19</b>	Clinical Management of the Patient with Reach, Grasp, and Manipulation Disorders <i>Susan Duff, Anne Shumway-Cook, and Marjorie H. Woollacott</i>	518
	<b>References</b>	557
	<b>Index</b>	591

## PART ONE THEORETICAL FRAMEWORK

3	Chapter 1	Motor Control: Issues and Theories
31	Chapter 2	Motor Learning and Recovery of Function
46	Chapter 3	Physiology of Motor Control
83	Chapter 4	Physiological Basis of Motor Learning and Recovery of Function
100	Chapter 5	Constraints on Motor Control: An Overview of Neurologic Impairments
156	Chapter 6	A Conceptual Framework for Clinical Practice

## PART TWO POSTURAL CONTROL

157	Chapter 7	Normal Postural Control
187	Chapter 8	Development of Postural Control
212	Chapter 9	Aging and Postural Control
233	Chapter 10	Abnormal Postural Control
257	Chapter 11	Clinical Management of the Patient with a Postural Control Disorder

## PART THREE MOBILITY FUNCTIONS

299	Chapter 12	Control of Normal Mobility
320	Chapter 13	A Life Span Perspective of Mobility
329	Chapter 14	Abnormal Mobility
330	Chapter 15	Clinical Management of the Patient with a Mobility Disorder
