<b>1</b>	<b>Introduction to Ceramic Technology</b> . . . . .	<b>1</b>
	References . . . . .	11
<b>2</b>	<b>Description of the <i>Chaînes Opératoires</i></b> . . . . .	<b>15</b>
2.1	Collection and Transformation of Clay Materials . . . . .	16
	Required Properties of the Clay Materials . . . . .	17
	Characteristics of Clay Materials . . . . .	20
	Preparation of the Paste: Modification of the Clay Materials . . . . .	30
	Preparation of the Paste: Homogenization of the Paste . . . . .	39
2.2	Fashioning . . . . .	41
	Terminology . . . . .	41
	Fashioning Techniques . . . . .	54
	Fashioning <i>Chaînes Opératoires</i> . . . . .	91
2.3	Finishing . . . . .	92
	Finishing Wet Paste . . . . .	93
	Finishing Leather-Hard Paste . . . . .	94
2.4	Surface Treatments . . . . .	96
	Surface Treatments by Friction . . . . .	96
	Surface Treatment by Coating . . . . .	98
2.5	Decoration . . . . .	102
	Surface Decorative Techniques . . . . .	102
	Decorative Hollow and Relief Techniques . . . . .	104
2.6	Drying . . . . .	110
2.7	Firing . . . . .	110
	Firing Parameters . . . . .	110
	Firing Techniques . . . . .	111
	References . . . . .	121

<b>3</b>	<b>Identification of the <i>Chaînes Opératoires</i></b> .....	129
3.1	Technological Interpretation of the Pastes .....	130
	Methodology .....	130
	Descriptive Framework .....	130
	Characterization of the Petrofabrics .....	134
	Characterization of the Petrofacies .....	137
3.2	From Fashioning to Firing .....	140
	Methodology .....	140
	Descriptive Grids .....	141
	Diagnostic Features of Fashioning Techniques and Methods .....	158
	Diagnostic Features of Finishing Operations .....	195
	Diagnostic Features of Surface Treatments .....	199
	Diagnostic Features of Decorative Techniques .....	204
	Diagnostic Features of Firing Techniques .....	207
	Reconstruction of the <i>Chaînes Opératoires</i> .....	209
	References .....	212
<b>4</b>	<b>Classification of Archaeological Assemblages According to the <i>Chaîne opératoire</i> Concept: Functional and Sociological Characterization</b> .....	217
4.1	Classification by Technical Groups .....	218
4.2	Classification by Techno-Petrographic Groups .....	222
	Sampling Procedure .....	222
4.3	Classification by Morpho-Stylistic Group .....	226
	Morphological Classification .....	226
	Classification of Decoration .....	229
4.4	Techno-Stylistic Trees .....	230
4.5	Functional <i>Versus</i> Sociological Variability .....	230
	Function of the Vessels .....	233
4.6	Simple Variability <i>Versus</i> Complex Sociological Variability .....	245
	Homogeneous Assemblages .....	245
	Heterogeneous Assemblages .....	247
4.7	Conclusion .....	249
	References .....	250
<b>5</b>	<b>Technical Skills</b> .....	259
5.1	The Nature of Skills .....	259
	The Skills Involved in Wheel Throwing .....	261
	The Skills Involved in Modeling and Molding .....	267
5.2	Expertise .....	269
	Mechanical Constraints and Expertise .....	269
	Skill Variability and Degrees of Skill .....	272
	Skill Variability and Individual Signatures .....	275
	Motor Habits and Standardization .....	276
5.3	Conclusion .....	279
	References .....	279

**6 Anthropological Interpretation of *Chaînes Opératoires* . . . . . 283**

6.1 The Socioeconomic Context . . . . . 283

    The Organization of Production . . . . . 284

    Distribution and Circulation of Productions . . . . . 289

6.2 Cultural Histories . . . . . 293

    Cultural Lineages and Evolutionary Trajectories . . . . . 294

    Historical Scenarios: Innovation and Diffusion . . . . . 303

6.3 Evolutionary Forces . . . . . 308

    The Order of Development of Techniques . . . . . 308

    Conditions for Technical Change . . . . . 309

    Explanatory Mechanisms . . . . . 313

6.4 Conclusion . . . . . 315

References . . . . . 316

**Index . . . . . 325**
