Preface	x
Part I	1
Overview of Sport and Exercise Psychology	1
Chapter 1 The Focus and Scope of Sport and Exercise Psychology	3
Exercise and Sport Science: A Multidisciplinary, Applied Field	4
The Subdiscipline of Sport and Exercise Psychology	5
The Complexity of Sport and Exercise Behavior	7
Chapter 2 History of Sport and Exercise Psychology	13
Early Roots: 1890-1920	13
Coleman R. Griffith's Sport Psychology Work: 1920-1940	14
Isolated Sport and Exercise Psychology Work: 1940-1965	15
Emergence of Sport and Exercise Psychology as a Subdiscipline: 1965-1975	15
Further Development of the Subdiscipline: 1975-1995	18
Sport and Exercise Psychology Today	21
Chapter 3 Approaches to Knowledge in Sport and Exercise Psychology	25
Using Theory to Link Research and Practice	25
Identifying Research Questions	26
Understanding the Scientific Method in Sport and Exercise Psychology	27
Reviewing Progress in Sport and Exercise Psychology Research	28
Measurement Issues in Sport and Exercise Psychology Research	30
Statistics and Design Issues in Sport and Exercise Psychology Research	31
Paradigms and Meta-Theories	33
Part II	39
Individual Characteristics Influencing Sport and Exercise Behavior	39
Chapter 4 Personality	41
Personality Defined	41
Biological Theories of Personality	42
Psychology Models of Personality Structure	44
Personality Measures	47
Personality Research in Sport and Exercise Psychology	47
Sport-Specific Psychological Skills Measures	52
Effects of Sport and Exercise on Personality	54
Chapter 5 Attention and Cognitive Styles	57
Attentional Style	58
Measures of Attentional Style	61
Attention and Sport Expertise	63
Association, Dissociation, and Performance	63
Individual Differences in Imagery Ability	65
Research Evidence for Imagery Use	66
Imagery Theories	67

Chapter 6 Self-Perceptions	71
Multidimensional Self-Concept	72
Markus's Dynamic Self	76
Self-Confidence and Self-Efficacy	77

Part III Motivation **85**

Chapter 7 Participation Motivation	87
Participation Motivation in Youth Sports	87
Career Transitions and Changes in Participation	92
Exercise Participation Motivation	94
Excessive Participation: Exercise Addiction	98

Chapter 8 Motivational Orientations: Achievement and Competitiveness	103
Atkinson's Theory of Achievement Motivation	103
Goal Perspective Theory	105
Determinants of Goal Orientations	108
Environmental Factors: Reward Structures and Motivational Climate	109
Competitive Orientation in Sport	110

Chapter 9 Cognitive Approaches to Motivation	117
Combining Intrinsic Motivation and Extrinsic Rewards	118
Motivational Differences Among Sport and Exercise Participants	122
Measures of Intrinsic Motivation in Sport and Exercise	123
Attributions and Sport	124

Chapter 10 Emotions and Stress	135
Emotion Concepts and Definitions	136
Emotion and Stress Models in Sport	136
Physical Activity and Emotion	140
Positive Emotions in Sport and Exercise	145

Chapter 11 Competitive Anxiety	151
Arousal Constructs and Measures	151
Anxiety-Performance Relationships: Early Models and Research	153
Anxiety Patterns and Sport Performance	157
Sport-Specific Approaches	158
Multidimensional Competitive Anxiety Measures	161
Current Anxiety-Performance Models	163

Part IV Psychological Interventions for Individuals **169**

Chapter 12 Cognitive Interventions	171
Goal Setting	171
Cognitive Control Strategies	175
Imagery	181

Chapter 13 Stress Management	187
The Importance of Stress Management	187
Educational Stress Management Techniques	189
Cognitive Stress Management Techniques	190
Relaxation Exercises	190
Cognitive-Behavioral Stress Management	192

Chapter 14 Educational Sport Psychology and Psychological Skills Training	197
Educational Sport Psychology	198
Implementation of Psychological Skills Training	201
Between Educational and Clinical Psychology	204
Part V Social Processes	209
Chapter 15 Behavioral Approaches	211
Behavioral Basics	211
Behavior Management Strategies	214
Research on Behavioral Modification in Sport and Exercise	217
Putting Coaching Behavior Research into Practice	221
Chapter 16 Social Development and Sport	227
Modeling: The Demonstration Process	227
Modeling and Motor Performance	229
Modeling of Nonperformance Behaviors	230
Significant Others as Social Influences	231
Interventions for Social and Psychological Development Through Physical Activity	233
Chapter 17 Aggression and Prosocial Behavior	239
Defining Aggression	240
Theories of Aggression	241
Aggression and Sport	244
Prosocial Behavior in Sport	248
Chapter 18 Gender and Social Diversity	255
The Gendered Context of Sport and Exercise	256
The Historical Context of Sport and Exercise	257
Gender Scholarship in Sport and Exercise Psychology	259
Social Perspectives in Gender Research	264
Gender and Social Diversity	266
Toward Feminist Practice in Sport and Exercise Psychology	268
Chapter 19 Social Influence	273
Social Facilitation	273
Audience Effects in the Real World	275
Social Reinforcement and Motor Performance	278
Competition and Motor Performance	279
Social Support	281
Chapter 20 Group Processes and Performance	289
Group Dynamics Models	289
Group Performance in Sport and Exercise	293
Group Processes and Group Performance	295
Chapter 21 Interpersonal Relationships and Cohesion	303
Leadership Models in Sport and Exercise Groups	304
Cohesiveness in Sport and Exercise Groups	308
Research on the Cohesiveness-Performance Relationship in Sport	311
Putting Group Dynamics Into Practice Through Team Building	315

Epilogue	318
Appendix A Sport Competition Anxiety Test for Adults	319
Appendix B Progressive Relaxation Exercise	321
References	324
Index	347
About the Author	355
Chapter 15 Behavioral Approaches to Motivation	78
Behavioral Basics	78
Behavior Management Strategies and Reinforcement	92
Research on Behavioral Modification in Sport and Exercise	94
Putting Coaching Behavior Research into Practice	98
Chapter 16 Modeling and Development in Sport and Exercise	101
Modeling: The Demonstration Process to Youth's Nonverbal	101
Modeling and Motor Performance	101
Modeling of Nonperformance Behaviors to be Eliminated	101
Interventions for Social and Psychological Development through Physical Activity	101
Chapter 17 Aggression and Prosocial Behavior	117
Defining Aggression	121
Theories of Aggression	123
Aggression and Sport	124
Prosocial Behavior in Sport	124
Chapter 18 Gender and Social Diversity	131
The Gendered Context of Sport and Exercise	136
The Historical Context of Sport and Exercise	141
Gender Scholarship in Sport and Exercise	145
Social Perspectives in Gender Research	151
Gender and Social Diversity	151
Toward Feminist Practice in Sport and Exercise	151
Chapter 19 Social Influence	157
Social Facilitation	157
Audience Effects in Physical World	161
Social Reinforcement and Motor Performance	161
Competition and Motor Performance	161
Social Support	161
Chapter 20 Group Processes and Performance	171
Group Dynamics Models	171
Group Performance in Sport and Exercise	181
Group Processes and Group Performance	181
Chapter 21 Interpersonal Relationships and Cohesion	181
Leadership Models in Sport and Exercise Groups	181
Cohesiveness in Sport and Exercise Groups	181
Research on the Cohesiveness-Performance Relationship in Sport	181
Putting Group Dynamics into Practice Through Team Building	181
