

# OBSAH

|   |           |
|---|-----------|
| <b>PŘEDMLUVA</b> .....  | <b>5</b>  |
| Přehled používaných zkratk .....  | 8         |
| <b>1. AIR POLLUTION</b> .....   | <b>9</b>  |
| 1.1. Composition of the Atmosphere .....  | 9         |
| 1.2. Sources of Air Pollution .....   | 12        |
| 1.2.1. Air Pollution in Czechoslovakia .....  | 17        |
| 1.2.2. Air Pollution in the Czech Republic in 2000 .....                              | 20        |
| 1.3. Global Warming .....   | 22        |
| 1.3.1. Global Warming and Buildings .....   | 26        |
| 1.3.2. Could Pumping Carbon Dioxide into the Ground Forestall<br>Global Warming?..... | 29        |
| 1.3.3. Contribution of Melting Permafrost to Global Warming .....                     | 31        |
| 1.4. Ozone Depletion .....  | 34        |
| 1.4.1. Protection of Ozone Layer in the Czech Republic .....                          | 37        |
| 1.4.2. Ozone Recovery Will Be Long-Term Affair .....                                  | 39        |
| 1.5. Acid Rain .....  | 41        |
| 1.5.1. Acid Rain and Buildings .....  | 43        |
| 1.6. Climate Change and Weather Disasters .....                                       | 46        |
| 1.6.1. Climate Change in the Czech Republic .....                                     | 50        |
| <b>2. WATER POLLUTION</b> .....   | <b>52</b> |
| 2.1. Inland Waters .....  | 52        |
| 2.2. Groundwater Pollution and Protection .....                                       | 56        |
| 2.3. Wastewater Treatment and Disposal .....  | 59        |
| 2.4. Developments in Sewage Treatment .....   | 62        |
| 2.5. Water Pollution in Czechoslovakia .....  | 64        |
| 2.6. Water Quality in the Czech Republic in 2000 .....                                | 67        |
| 2.7. Reducing Pollution and Public Action .....                                       | 70        |
| <b>3. SOIL POLLUTION</b> .....  | <b>73</b> |
| 3.1. Composition of soil .....  | 73        |
| 3.2. Soil Degradation I .....   | 76        |
| 3.3. Soil Degradation II .....  | 79        |
| 3.4. Demand for Remediation Services .....  | 82        |

|  |            |
|--|------------|
| <b>4. WASTE .....</b>  | <b>86</b>  |
| 4.1. Nature of Waste .....   | 86         |
| 4.2. Landfilling .....   | 89         |
| 4.2.1. Solid Waste Management .....  | 92         |
| 4.2.2. Waste Management in the Czech Republic .....                          | 96         |
| 4.3. What Is Recycling?.....   | 98         |
| 4.3.1. Where Do All These Recycled Bags Go?.....                             | 101        |
| 4.4. Building Waste Material .....   | 104        |
| 4.4.1. Recycling of Building Waste .....                                     | 107        |
| 4.5. Radioactive Waste .....   | 109        |
| <b>5. ENERGY: SOURCES AND EFFECTS UPON THE ENVIRONMENT .....</b>             | <b>112</b> |
| 5.1. Energy Production .....   | 112        |
| 5.2. Energy Alternatives .....   | 116        |
| 5.2.1. Hydropower .....  | 119        |
| 5.2.2. Construction of the Three Gorges Dam .....                            | 122        |
| 5.2.3 Wind Power .....   | 126        |
| 5.2.4. Solar Energy .....  | 129        |
| 5.2.5. Nuclear Energy and the Electric Promote Nuclear Energy .....          | 132        |
| 5.3. Why Environmentalists Should Promote Nuclear Energy .....               | 136        |
| <b>6. URBAN ENVIRONMENT .....</b>  | <b>141</b> |
| 6.1. The Urban Ecosystem .....   | 141        |
| 6.2. Air Quality in London .....   | 145        |
| 6.3. Urban Transport and Environment .....                                   | 149        |
| 6.4. Can Cycling Be an Option for the City? Bicycling Network in Delft ..... | 151        |
| 6.5. Brownfields .....   | 154        |
| 6.6. Preventive Maintenance for Potential Brownfields .....                  | 157        |
| 6.7. Managing Hazards in Urban Environments .....                            | 159        |
| <b>7. SUSTAINABLE DEVELOPMENT IN CONSTRUCTION INDUSTRY .....</b>             | <b>163</b> |
| 7.1. The Construction Industry: Building for Sustainability?.....            | 163        |
| 7.2. Green Buildings .....   | 167        |
| 7.3. Engineering Sustainability .....  | 171        |
| <b>POUŽITÁ LITERATURA .....</b>  | <b>175</b> |
