| <i>Preface</i> | iii |
| CHAPTER 1 Linear finite difference inequalities | 10 |
| 1.1. Introduction | 10 |
| 1.2. Basic finite difference inequalities | 10 |
| 1.3. Further finite difference inequalities | 18 |
| 1.4. Pachpatte's inequalities I | 25 |
| 1.5. Pachpatte's inequalities II | 36 |
| 1.6. Inequalities with iterated sums | 45 |
| 1.7. Applications | 54 |
| 1.7.1. Perturbation of linear difference equations | 54 |
| 1.7.2. Perturbation of nonlinear difference equations | 58 |
| 1.7.3. Higher order difference equations | 64 |
| 1.7.4. Stochastic difference equations | 69 |
| CHAPTER 2 Nonlinear finite difference inequalities | 78 |
| 2.1. Introduction | 78 |
| 2.2. Basic finite difference inequalities | 78 |
| 2.3. Pachpatte's inequalities I | 85 |
| 2.4. Pachpatte's inequalities II | 96 |
| 2.5. Inequalities involving iterated sums | 106 |
| 2.6. Pachpatte's inequalities II | 116 |
| 2.7. Applications | 124 |
| 2.7.1. Stability of finite difference schemes | 124 |
| 2.7.2. Behavior of solutions of finite difference equations with independent variable | 134 |
| 2.7.3. Equilibrium points and local stability in F.D.E.s with two independent variables | 138 |
| 2.7.4. Perturbed sum-difference equations | 144 |
| 2.8. Miscellaneous inequalities | 152 |
| CHAPTER 3 Miscellaneous inequalities | 158 |
| 3.1. Introduction | 158 |
| 3.2. Difference inequalities | 158 |
| 3.3. Inequalities in many variables | 166 |
| 3.4. Pachpatte's inequalities II | 176 |
| 3.5. Applications | 184 |
| 3.5.1. Stability of finite difference schemes | 184 |
| 3.5.2. Behavior of solutions of finite difference equations with independent variable | 194 |
| 3.5.3. Perturbed sum-difference equations | 198 |
| 3.6. Miscellaneous inequalities | 206 |

| | | |
|--|--|-----|
| 1.8. | Miscellaneous inequalities | 78 |
| Notes | | 88 |
| CHAPTER 2 Nonlinear finite difference inequalities I | | 89 |
| 2.1. | Introduction | 89 |
| 2.2. | Basic Comparison theorems | 90 |
| 2.3. | Fundamental finite difference inequalities | 103 |
| 2.4. | Pachpatte's inequalities I | 124 |
| 2.5. | Pachpatte's inequalities II | 133 |
| 2.6. | Inequalities involving iterated sums | 148 |
| 2.7. | Applications | 158 |
| 2.7.1. | Stability of finite difference systems | 159 |
| 2.7.2. | Behavior of solutions of sum-difference and difference equations | 163 |
| 2.7.3. | Bounds for solutions of certain difference equations | 172 |
| 2.7.4. | Perturbed sum-difference equations | 181 |
| 2.8. | Miscellaneous inequalities | 190 |
| Notes | | 199 |
| CHAPTER 3 Nonlinear finite difference inequalities II | | 201 |
| 3.1. | Introduction | 201 |
| 3.2. | Finite difference inequalities | 202 |
| 3.3. | Pachpatte's inequalities I | 211 |
| 3.4. | Pachpatte's inequalities II | 224 |
| 3.5. | Pachpatte's inequalities III | 243 |
| 3.6. | Inequalities involving iterated sums | 251 |
| 3.7. | Applications | 268 |
| 3.7.1. | Volterra type sum-difference equations | 269 |
| 3.7.2. | Properties of solutions of certain sum-difference equations | 272 |
| 3.7.3. | Second order difference equations | 275 |
| 3.7.4. | Bounds on the solutions of certain sum-difference and difference equations | 279 |

| | | |
|--|---|-----|
| 3.8. | Miscellaneous inequalities | 282 |
| Notes | | 297 |
| CHAPTER 4 Linear multidimensional finite difference inequalities | | 298 |
| 4.1. | Introduction | 298 |
| 4.2. | Basic inequalities in two independent variables | 299 |
| 4.3. | Further inequalities in two independent variables | 310 |
| 4.4. | Pachpatte's inequalities I | 322 |
| 4.5. | Inequalities in many variables | 335 |
| 4.6. | Pachpatte's inequalities II | 344 |
| 4.7. | Applications | 354 |
| 4.7.1. | Finite difference equations in two independent variables | 354 |
| 4.7.2. | Perturbations of finite difference equations in two independent variables | 358 |
| 4.7.3. | Estimates on the solutions of certain sum-difference equations | 365 |
| 4.7.4. | Fourth order finite difference equations in two independent variables | 367 |
| 4.8. | Miscellaneous inequalities | 371 |
| Notes | | 384 |
| CHAPTER 5 Nonlinear multidimensional finite difference inequalities | | 386 |
| 5.1. | Introduction | 386 |
| 5.2. | Fundamental inequalities in two independent variables | 387 |
| 5.3. | General inequalities in two independent variables | 404 |
| 5.4. | Pachpatte's inequalities I | 420 |
| 5.5. | Pachpatte's inequalities II | 436 |
| 5.6. | Multidimensional inequalities | 446 |
| 5.7. | Applications | 460 |
| 5.7.1. | Estimates on the solutions of sum-difference equations | 460 |

| | | |
|----------------------|--|---------------|
| CHAPTER 1 | Miscellaneous inequalities | 7.8.5 |
| 5.7.2. | Bounds on the solutions of certain difference equations | 464 |
| 5.7.3. | Higher order finite difference equations | 468 |
| 5.7.4. | Sum-difference equations in two independent variables | 471 |
| 5.8. | Miscellaneous inequalities | 473 |
| Notes | | 493 |
| References | | 495 |
| <i>Author Index</i> | | 509 |
| <i>Subject Index</i> | | 511 |
| CHAPTER 2 | Nonlinear finite difference inequalities | 15.8.4 |
| 2.7.1. | Stability of finite difference systems | 15.8.4 |
| 2.7.2. | Behavior of solution of sum-difference equations | 163 |
| 2.7.3. | Bounds for solution of sum-difference equations | 172 |
| 2.7.4. | Perturbed sum-difference equations | 181 |
| 2.8. | Miscellaneous inequalities on sum-difference equations | 190 |
| Notes | | 199 |
| CHAPTER 3 | Nonlinear finite difference inequalities II | 20.8.4 |
| 3.1.4.5 | Introduction | 20.8.4 |
| 3.2.4.6 | Finite difference inequalities | 20.8.4 |
| 3.3. | Pachpatte's inequalities I | 20.8.4 |
| 3.4. | Pachpatte's inequalities II | 20.8.4 |
| 3.5. | Pachpatte's inequalities III | 20.8.4 |
| 3.6. | Inequalities involving iterated sums | 20.8.4 |
| 3.7. | Applications | 20.8.4 |
| 3.7.1. | Volterra type sum-difference equations | 20.8.4 |
| 3.7.2. | Properties of solutions of certain types of sum-difference equations | 20.8.4 |
| 3.7.3. | Second order difference equations | 20.8.4 |
| 3.7.4. | Bounds on the solutions of certain sum-difference and difference equations | 20.8.4 |
| Notes | | 279 |
