

## Contents

Iodine Metabolism .....	7
Maturation of the Oocyte .....	9
The IgA System .....	10
The Detection and Significance of Cerebrospinal Fluid Oligoclonal IgG .....	11
Normal Brain Development .....	13
Central Auditory Nervous System .....	14
Neurohormonal Systems in the Human Brain .....	16
The Mechanisms of Allergic Disease .....	17
Measurement of Toxicity .....	19
Orthopedics .....	21
Hemostasis .....	23
Increased Blood Cell Counts .....	25
Coagulation .....	27
Multiple Sclerosis .....	29
Fatigue in Multiple Sclerosis .....	30
IgA Nephropathy .....	31
Cushing's Syndrome - Classification .....	32
Cushing's Syndrome - Etiology and Pathogenesis .....	33
Sjögren's Syndrome .....	35
Sperm and Oocyte Interaction at Fertilization .....	36
Male Reproductive Physiology .....	37
Modern Diagnostic Evaluation of the Infertile Couple .....	38
Estrogen Replacement Therapy .....	39
Hormonal Control of Spermatogenesis .....	40
Factors Predisposing to Respiratory Distress Syndrome .....	41
Factors Affecting Survival and Development in Extremely Tiny Babies .....	43
Acute Respiratory Disease in the Newborn .....	45
Cataract Surgery .....	46
Rationale for Developing Nonspeech Tests of Central Function .....	48
Dichotic Listening .....	50
External Laryngeal Surgery for Adjustment of the Voice .....	52
Role of Surgery in the Patient with Uveitis .....	53
Arytenoid Adduction and Rotation .....	54
Dichotic Listening, Temporal Processing and Binaural Interaction .....	55
Motion Sickness .....	57

Descriptive Epidemiology - General Principles .....	58
Identification of Viable Myocardium .....	60
Arterial Aneurysms .....	61
Toward an Updated Classification System for Atrial Tachycardias .....	62
Pathogenesis of Arterial Aneurysms .....	64
Epidemiology and Pathogenesis of Cervical Cancer .....	65
Metastatic Cancer - the Importance of Making Diagnosis .....	66
Magnetic Resonance Imaging of the Brain and Spine .....	68
Brain Metastases .....	69
Exocrine Pancreatic Insufficiency .....	70
Endocrine Pancreatic Insufficiency .....	72
Complications of Obesity .....	73
Diagnosis, Therapy, and Prognosis of Viral Hepatitis .....	75
Proteinuria and the Nephrotic Syndrome .....	78
Alcohol-Induced Chronic Pancreatitis .....	79
Vertical Banded Gastroplasty .....	80
Membranous Glomerulonephritis .....	81
Cephaloceles .....	82
Nasal Dryness and Sinusitis .....	83
Fractures and Dislocations of the Spine .....	85
Acne .....	86
Growth Hormone in Adults .....	88
Vitamin A and Its Analogs .....	90
Caesarean Section .....	92
Children's Fractures and Dislocations .....	93
