EVIL UNDER THE SUN

**A BBC Radio 4 full-cast dramatisation starring
John Moffatt as the great Belgian detective**

'Expert production by director Enyd Williams'

Daily Mail

An exclusive hotel on tiny, picturesque Smuggler's Island seems to be the ideal retreat from the stresses of criminal detection for Hercule Poirot. But with the appearance of the beautiful ex-actress Arlena Stuart, the quiet and peaceful atmosphere becomes charged with an indefinable erotic tension.

And when she is found viciously strangled in a secluded cove, there are few, especially among the women, who seem to feel either surprise or regret. Arlena was a flirt who played her husband for a fool and treated her stepdaughter with contempt.

As Poirot follows a twisting path of bizarre and bewildering clues, his only certainties are that the solution lies within Arlena herself, and that there is evil under the sun.

John Moffatt as Hercule Poirot heads an all-star cast which includes Iain Glen, Fiona Fullerton, Robin Ellis, Wendy Craig, George Baker and Joan Littlewood.
