

Contents

I. Was the Last Common Ancestor of Chimpanzees and Humans Chimpanzee-Like?

1. Introduction: Chimpanzees and Human Evolution 3
Martin N. Muller
2. Reconstructing the Last Common Ancestor of Chimpanzees and Humans 22
David R. Pilbeam and Daniel E. Lieberman
3. Equal, Similar, but Different: Convergent Bonobos and Conserved Chimpanzees 142
Brian Hare and Richard W. Wrangham

II. Chimpanzees and the Evolution of Human Uniqueness

4. Introduction: Chimpanzees and Human Uniqueness 177
Martin N. Muller

5. Mortality, Senescence, and Life Span <i>Michael D. Gurven and Cristina M. Gomes</i>	181
6. Fertility and Fecundity <i>Melissa Emery Thompson and Peter T. Ellison</i>	217
7. Locomotor Ecology and Evolution in Chimpanzees and Humans <i>Herman Pontzer</i>	259
8. Evolution of the Human Dietary Niche: Initial Transitions <i>Sherry V. Nelson and Marian I. Hamilton</i>	286
9. Evolution of the Human Dietary Niche: Quest for High Quality <i>Rachel N. Carmody</i>	311
10. From <i>Pan</i> to Man the Hunter: Hunting and Meat Sharing by Chimpanzees, Humans, and Our Common Ancestor <i>Brian M. Wood and Ian C. Gilby</i>	339
11. The Evolution of the Human Mating System <i>Martin N. Muller and David R. Pilbeam</i>	383
12. From Chimpanzee Society to Human Society: Bridging the Kinship Gap <i>Bernard Chapais</i>	427
13. Violent Cousins: Chimpanzees, Humans, and the Roots of War <i>Michael L. Wilson and Luke Glowacki</i>	464
14. Cooperative and Competitive Relationships within Sexes <i>Richard W. Wrangham and Joyce Benenson</i>	509
15. Cooperation between the Sexes <i>Adrian V. Jaeggi, Paul L. Hooper, Ann E. Caldwell, Michael D. Gurven, Jane B. Lancaster, and Hillard S. Kaplan</i>	548
16. Sexual Coercion in Chimpanzees and Humans <i>Martin N. Muller</i>	572

17. Tool Use and Manufacture in the Last Common Ancestor of <i>Pan</i> and <i>Homo</i> <i>Campbell Rolian and Susana Carvalho</i>	602
18. Cultural Evolution in Chimpanzees and Humans <i>Joseph Henrich and Claudio Tennie</i>	645
19. Chimpanzee Cognition and the Roots of the Human Mind <i>Alexandra G. Rosati</i>	703
20. Ancestral Precursors, Social Control, and Social Selection in the Evolution of Morals <i>Christopher Boehm</i>	746
21. Communication and Language <i>Katie E. Slocombe and Thom Scott-Phillips</i>	791
