2.20.	Relocation, Redistribution, Circulation, and Mutual Exchanges of Energy-Informational Substances within the System of Subtle Bodies' Energy-Informational Channels	98
2.21.	Questions Related to the Topic of Relocation, Redistribution, Circulation, and Mutual Exchanges of Energy-Informational Substances within the System of Subtle Bodies' Energy-Informational Channels	102
2.22.	Unknown Facts Regarding Energy-Informational Substances •	104
I.	Enioanatomic Illustration of Energy-Informational Substances	105
Fig. 2.1.	Natural energy-informational substances of human subtle bodies:	105
Fig. 2.2.	The proportion of energy-informational substances and their components in the composition of subtle bodies:	106
Fig. 2.3.	Monochromatic energy-informational substances:	106
Fig. 2.4.	Bichromatic energy-informational substances:	107
Fig. 2.5.	Polychromatic energy-informational substances:	107

Fig. 2.6.	The proportion of the energy-informational substance of the electromagnetic spectrum's red zone in the composition of subtle bodies	108
Fig. 2.7.	The proportion of the energy-informational substance of the electromagnetic spectrum's yellow zone in the composition of subtle bodies:	109
Fig. 2.8.	The proportion of the energy-informational substance of the electromagnetic spectrum's azure blue zone in the composition of subtle bodies:	110
Fig. 2.9.	The proportion of the energy-informational substance of the electromagnetic spectrum's blue zone in the composition of subtle bodies:	110
Fig. 2.10.	The proportion of the energy-informational substance of the electromagnetic spectrum's orange zone in the composition of subtle bodies:	111
Fig. 2.11.	The proportion of the energy-informational substance of the electromagnetic spectrum's green zone in the composition of subtle bodies:	111
Fig. 2.12.	The proportion of the energy-informational substance of the electromagnetic spectrum's violet zone in the composition of subtle bodies:	112
Fig. 2.13.	The proportion of the energy-informational substance of the electromagnetic spectrum's pink zone in the composition of subtle bodies:	112
Fig. 2.14.	The proportion of the energy-informational substance of the electromagnetic spectrum's turquoise blue zone in the composition of subtle bodies:	113
Fig. 2.15.	The proportion of the energy-informational substance of the electromagnetic spectrum's lilac blue zone in the composition of subtle bodies:	113
Fig. 2.16.	The proportion of the energy-informational substance of the electromagnetic spectrum's gold zone in the composition of subtle bodies:	114
Fig. 2.17.	The proportion of the energy-informational substance of the electromagnetic spectrum's white zone in the composition of subtle bodies:	114
Fig. 2.18.	The energy-informational effect the gold energy-informational substance and its components have on individual people:	115
Fig. 2.19.	The energy-informational effect the white energy-informational substance and its components have on individual people:	115
Fig. 2.20.	The energy-informational effect the pink energy-informational substance and its components have on individual people:	116
Fig. 2.21.	The energy-informational effect the violet energy-informational substance and its components have on individual people:	116
Fig. 2.22.	The energy-informational effect the red energy-informational substance has on individual people:	117
Fig. 2.23.	The energy-informational effect the azure blue energy-informational substance has on individual people:	117
Fig. 2.24.	The energy-informational effect the blue energy-informational substance has on individual people:	118
Fig. 2.25.	The energy-informational effect the orange energy-informational substance and its components have on individual people:	118
Fig. 2.26.	The energy-informational effect the yellow energy-informational substance and its components have on individual people:	119
Fig. 2.27.	The energy-informational effect the green energy-informational substance and its components have on individual people:	119
Fig. 2.28.	The energy-informational effect the turquoise blue energy-informational substance and its components have on individual people:	120
Fig. 2.29.	The energy-informational effect the lilac blue energy-informational substance and its components have on individual people:	120
Fig. 2.30.	Unnatural energy-informational substances of human subtle bodies:	121
Fig. 2.31.	Direct energy-informational exchanges of the silver energy-informational substance with subtle bodies	122
Fig. 2.32.	Direct energy-informational exchanges of the raspberry energy-informational substance with subtle bodies	123

Fig. 2.33.	Direct energy-informational exchanges of the bronze energy-informational substance with subtle bodies	124
Fig. 2.34.	Direct energy-informational exchanges of the brown energy-informational substance with subtle bodies	125
Fig. 2.35.	Direct energy-informational exchanges of the grey energy-informational substance with subtle bodies	126
Fig. 2.36.	Unidirectional energy-informational absorption of the black energy-informational substance from subtle bodies	127
Fig. 2.37.	The unity of energy-informational fields, natural energy-informational substances	128

3.10.	The Orange Subtle Body and Orange Holographic Integration of Subtle Bodies	192
3.10.1.	The Enioanatomical Standard of the Orange Subtle Body	198
3.10.2.	Hypotrophy and Hypofunction of the Orange Subtle Body's Outer Part	200
3.10.3.	Hypertrophy and Hyperfunction of the Orange Subtle Body's Outer Part	200
3.11.	Specific Functions of the Orange Subtle Body	201
3.12.	Questions Related to the Topic of the Orange Subtle Body and Orange Holographic Integration of Subtle Bodies	204
3.13.	The Bright Orange Subtle Body and Bright Orange Holographic Integration of Subtle Bodies	206
3.13.1.	The Enioanatomical Standard of the Bright Orange Subtle Body	212
3.13.2.	Hypotrophy and Hypofunction of the Bright Orange Subtle Body's Outer Part	214
3.13.3.	Hypertrophy and Hyperfunction of the Bright Orange Subtle Body's Outer Part	214
3.14.	Specific Functions of the Bright Orange Subtle Body	215
3.15.	Questions Related to the Topic of the Bright Orange Subtle Body and Bright Orange Holographic Integration of Subtle Bodies	219
3.16.	The Yellow Subtle Body and Yellow Holographic Integration of Subtle Bodies	220
3.16.1.	The Enioanatomical Standard of the Yellow Subtle Body	226
3.16.2.	Hypotrophy and Hypofunction of the Yellow Subtle Body's Outer Part	229
3.16.3.	Hypertrophy and Hyperfunction of the Yellow Subtle Body's Outer Part	230
3.17.	Specific Functions of the Yellow Subtle Body	231
3.18.	Questions Related to the Topic of the Yellow Subtle Body and Yellow Holographic Integration of Subtle Bodies	234
3.19.	The Green Subtle Body and Green Holographic Integration of Subtle Bodies	236
3.19.1.	The Enioanatomical Standard of the Green Subtle Body	243

3.19.2.	Hypotrophy and Hypofunction of the Green Subtle Body's Outer Part	248
3.19.3.	Hypertrophy and Hyperfunction of the Green Subtle Body's Outer Part	249
3.20.	Specific Functions of the Green Subtle Body	249
3.21.	Questions Related to the Topic of the Green Subtle Body and Green Holographic Integration of Subtle Bodies	254
3.22.	The Bright Green Subtle Body and Bright Green Holographic Integration of Subtle Bodies	256
3.22.1.	The Enioanatomical Standard of the Bright Green Subtle Body	263
3.22.2.	Hypotrophy and Hypofunction of the Bright Green Subtle Body's Outer Part	266
3.22.3.	Hypertrophy and Hyperfunction of the Bright Green Subtle Body's Outer Part	266
3.23.	Specific Functions of the Bright Green Subtle Body	267
3.24.	Questions Related to the Topic of the Bright Green Subtle Body and Bright Green Holographic Integration of Subtle Bodies	273
3.25.	The Azure Blue Subtle Body and Azure Blue Holographic Integration of Subtle Bodies	275
3.25.1.	The Enioanatomical Standard of the Azure Blue Subtle Body	282
3.25.2.	Hypotrophy and Hypofunction of the Azure Blue Subtle Body's Outer Part	285
3.25.3.	Hypertrophy and Hyperfunction of the Azure Blue Subtle Body's Outer Part	285
3.26.	Specific Functions of the Azure Blue Subtle Body	286
3.27.	Questions Related to the Topic of the Azure Blue Subtle Body and Azure Blue Holographic Integration of Subtle Bodies	292
3.28.	The Turquoise Blue Subtle Body and Turquoise Blue Holographic Integration of Subtle Bodies	294
3.28.1.	The Enioanatomical Standard of the Turquoise Blue Subtle Body	302
3.28.2.	Hypotrophy and Hypofunction of the Turquoise Blue Subtle Body's Outer Part	304
3.28.3.	Hypertrophy and Hyperfunction of the Turquoise Blue Subtle Body's Outer Part	305
3.29.	Specific Functions of the Turquoise Blue Subtle Body	306
3.30.	Questions Related to the Topic of the Turquoise Blue Subtle Body and Turquoise Blue Holographic Integration of Subtle Bodies	313
3.31.	The Blue Subtle Body and Blue Holographic Integration of Subtle Bodies	315
3.31.1.	The Enioanatomical Standard of the Blue Subtle Body	322
3.31.2.	Hypotrophy and Hypofunction of the Blue Subtle Body's Outer Part	324
3.31.3.	Hypertrophy and Hyperfunction of the Blue Subtle Body's Outer Part	325
3.32.	Specific Functions of the Blue Subtle Body	326
3.33.	Questions Related to the Topic of the Blue Subtle Body and Blue Holographic Integration of Subtle Bodies	334
3.34.	The Lilac Blue Subtle Body and Lilac Blue Holographic Integration of Subtle Bodies	336
3.34.1.	The Enioanatomical Standard of the Lilac Blue Subtle Body	345
3.34.2.	Hypotrophy and Hypofunction of the Lilac Blue Subtle Body's Outer Part	348
3.34.3.	Hypertrophy and Hyperfunction of the Lilac Blue Subtle Body's Outer Part	349
3.35.	Specific Functions of the Lilac Blue Subtle Body	350
3.36.	Questions Related to the Topic of the Lilac Blue Subtle Body and Lilac Blue Holographic Integration of Subtle Bodies	359
3.37.	The Violet Subtle Body and Violet Holographic Integration of Subtle Bodies	361
3.37.1.	The Enioanatomical Standard of the Violet Subtle Body	370
3.37.2.	Hypotrophy and Hypofunction of the Violet Subtle Body's Outer Part	373
3.37.3.	Hypertrophy and Hyperfunction of the Violet Subtle Body's Outer Part	374
3.38.	Specific Functions of the Violet Subtle Body	376
3.39.	Questions Related to the Topic of the Violet Subtle Body and Violet Holographic Integration of Subtle Bodies	386
3.40.	The Pink Subtle Body and Pink Holographic Integration of Subtle Bodies	388

3.40.1.	The Enioanatomical Standard of the Pink Subtle Body	398
3.40.2.	Hypotrophy and Hypofunction of the Pink Subtle Body's Outer Part	403
3.40.3.	Hypertrophy and Hyperfunction of the Pink Subtle Body's Outer Part	404
3.41.	Specific Functions of the Pink Subtle Body	406
3.42.	Questions Related to the Topic of the Pink Subtle Body and Pink Holographic Integration of Subtle Bodies	418
3.43.	The White Subtle Body and White Holographic Integration of Subtle Bodies	420
3.43.1.	The Enioanatomical Standard of the White Subtle Body	431
3.43.2.	Hypotrophy and Hypofunction of the White Subtle Body's Outer Part	437
3.43.3.	Hypertrophy and Hyperfunction of the White Subtle Body's Outer Part	438
3.44.	Specific Functions of the White Subtle Body	440
3.45.	Questions Related to the Topic of the White Subtle Body and White Holographic Integration of Subtle Bodies	453
3.46.	The Gold Subtle Body and Gold Holographic Integration of Subtle Bodies	455
3.46.1.	The Enioanatomical Standard of the Gold Subtle Body	468
3.46.2.	Hypotrophy and Hypofunction of the Gold Subtle Body's Outer Part	475
3.46.3.	Hypertrophy and Hyperfunction of the Gold Subtle Body's Outer Part	476
