

Contents

1 Social Mating System Divergence Between North and South Temperate Wrens	1
Paulo E. Llambías, María M. Jefferies, Paula S. Garrido, and Gustavo J. Fernández	
2 Understanding Variation in Extra-Pair Paternity in Birds: A Focus on Neotropical Birds	21
Valentina Ferretti	
3 Cooperative and Communal Breeding	41
Christina Riehl	
4 Sexual Selection and Mating Systems: Contributions from a Neotropical Passerine Model	61
Regina H. Macedo and Lilian T. Manica	
5 Brood Reduction in Neotropical Birds: Mechanisms, Patterns, and Insights from Studies in the Imperial Shag (<i>Phalacrocorax atriceps</i>)	87
Walter S. Svagelj	
6 Obligate Brood Parasitism on Neotropical Birds	103
Vanina Dafne Fiorini, María C. De Mársico, Cynthia A. Ursino, and Juan Carlos Reboreda	
7 Bird Migration in South America: The Fork-tailed Flycatcher (<i>Tyrannus savana</i>) as a Case Study	133
Diego Tomás Tuero, Alex E. Jahn, and Maggie MacPherson	
8 Visual and Acoustic Communication in Neotropical Birds: Diversity and Evolution of Signals	155
Ana S. Barreira and Natalia C. García	

9 A Reappraisal of the Fruit-Taking and Fruit-Handling Behaviors of Neotropical Birds 185
 Marco A. Pizo, Eliza C. Batista, and Erison C. Monteiro

10 Perspectives on the Study of Field Hummingbird Cognition in the Neotropics 199
 Paulina L. González-Gómez and Marcelo Araya-Salas

Index 213

some of the chapters.

We hope that the number of studies on behavioral ecology of Neotropical birds increases in the near future and that the results of these studies provide general explanations for the behavioral patterns observed in birds.
