How to Read an Atlas	xii

## Part I. Global Physical Patterns 5

Map 1	World Countries	6
Map 2	World Physical Map	8
Map 3a	Average Annual Precipitation	10
Map 3b	Seasonal Average Precipitation—November through April	11
Map 3c	Seasonal Precipitation—May through October	11
Map 3d	Variation of Annual Precipitation	12
Map 4a	Temperature Regions and Ocean Currents	13
Map 4b	Average July Temperature	14
Map 4c	Average January Temperature	14
Map 5a	Atmospheric Pressure and Predominant Surface Winds—January	15
Map 5b	Atmospheric Pressure and Predominant Surface Winds—July	16
Map 6	World Climate Regions	17
Map 7	Vegetation Types	18
Map 8	World Soil Orders	19
Map 9	World Ecological Regions	20
Map 10	Plate Tectonics	22
Map 11	World Topography	23
Map 12a	World Resources: Mineral Fuels	24
Map 12b	World Resources: Critical Metals	25
Map 13	World Natural Hazards	26

## Part II. The Human Environment: Global Patterns 27

Map 14	World Population Density	28
Map 15	World Economic Activity	29
Map 16	World Urbanization	30
Map 17	World Transportation Patterns	31
Map 18	World Religions	32
Map 19	World Languages	33
Map 20	World External Migrations in Modern Times	34

## Part III. Global Demographic Patterns 35

Map 21	Population Growth Rates	36
Map 22	Total Fertility Rate	37
Map 23	Infant Mortality Rate	38
Map 24	Average Life Expectancy at Birth	39
Map 25	Population by Age Group	40
Map 26	World Daily Per Capita Food Supply	41
Map 27	Illiteracy Rate	42

- Map 28 Female/Male Inequality in Education and Employment 43  
 Map 29 Global Scourges: Major Infectious Diseases 44  
 Map 30 Quality of Life—Human Development Index 45

#### Part IV. Global Economic Patterns

47

- Map 31 Rich and Poor Countries—Gross National Product 48  
 Map 32 Gross National Product Per Capita 49  
 Map 33 Economic Growth—GNP Change Per Capita 50  
 Map 34 Total Labor Force 51  
 Map 35 Employment by Sector 52  
 Map 36 Agricultural Production Per Capita 53  
 Map 37 Exports of Primary Products 54  
 Map 38 Dependence on Trade 55  
 Map 39 International Flows of Capital 56  
 Map 40 Central Government Expenditures Per Capita 57  
 Map 41 Purchasing Power Parity 58  
 Map 42 Energy Production 59  
 Map 43 Energy Consumption Per Capita 60

#### Part V. Global Patterns of Environmental Disturbance

61

- Map 44 Global Air Pollution: Sources and Wind Currents 62  
 Map 45 The Acid Deposition Problem: Air, Water, Soil 63  
 Map 46 Major Polluters and Common Pollutants 64  
 Map 47 Global Carbon Dioxide Emissions 65  
 Map 48 Potential Global Temperature Change 66  
 Map 49a World Water Resources: Availability of Renewable Water  
 Per Capita 67  
 Map 49b World Water Resources: Annual Withdrawal Per Capita 68  
 Map 50 Pollution of the Oceans 69  
 Map 51 Food Supply from the World's Marine and Freshwater  
 Systems 70  
 Map 52 Cropland Per Capita: Changes, 1985-1995 71  
 Map 53 Annual Change in Forest Cover, 1981-1995 72  
 Map 54a The Loss of Biodiversity: Globally Threatened Animal  
 Species 73  
 Map 54b The Loss of Biodiversity: Globally Threatened Plant Species 74  
 Map 55 The Risks of Desertification 75  
 Map 56 Global Soil Degradation 76  
 Map 57 Degree of Human Disturbance 77

#### Part VI. Global Political Patterns

79

- Map 58 Political Systems 80  
 Map 59 Sovereign States 81  
 Map 60 Post-Cold War International Alliances 82  
 Map 61 International Conflicts in the Post-World War II World 83  
 Map 62 Global Distribution of Minority Groups 84  
 Map 63 World Refugee Population 85

**North America**

- Map 64 North America Political Map 88  
 Map 65 North America Physical Map 89  
*North America Thematic Maps* 90-91  
 Map 66a Environment and Economy: The Use of Land 90  
 Map 66b Population Density 91  
 Map 66c Population Distribution 91  
 Map 67 Canada 92  
 Map 68 United States 93  
 Map 69 Middle America 94  
 Map 70 The Caribbean 95

**South America**

- Map 71 South America Political Map 96  
 Map 72 South America Physical Map 97  
*South America Thematic Maps* 98-99  
 Map 73a Environment and Economy 98  
 Map 73b Population Density 99  
 Map 73c Environmental Problems 99  
 Map 74 Northern South America 100  
 Map 75 Southern South America 101

**Europe**

- Map 76 Europe Political Map 102  
 Map 77 Europe Physical Map 103  
*Europe Thematic Maps* 104-106  
 Map 78a Environment and Economy: The Use of Land 104  
 Map 78b Population Density 105  
 Map 78c Political Changes in the 1990s 106  
 Map 79 Western Europe 107  
 Map 80 Eastern Europe 108  
 Map 81 Northern Europe 109

**Africa**

- Map 82 Africa Political Map 110  
 Map 83 Africa Physical Map 111  
*Africa Thematic Maps* 112-113  
 Map 84a Environment and Economy 112  
 Map 84b Population Density 112  
 Map 84c Colonialism to Independence: 1910 to 1998 113  
 Map 85 Northern Africa 114  
 Map 86 Southern Africa 115

**Asia**

- Map 87 Asia Political Map 116  
 Map 88 Asia Physical Map 117  
*Asia Thematic Maps* 118-119  
 Map 89a Environment and Economy 118  
 Map 89b Population Density 119  
 Map 89c Industrialization: Manufacturing and Resources 119  
 Map 90 Northern Asia 120  
 Map 91 Southwestern Asia 121  
 Map 92 Southern Asia 122  
 Map 93 East Asia 123  
 Map 94 Southeast Asia 124

### **Australasia**

Map 95	Australasia Political Map	125
Map 96	Australasia Physical Map	126
<i>Australasia Thematic Maps</i>		127-128
Map 97a	Environment and Economy	127
Map 97b	Population Density	128
Map 97c	Climatic Patterns	128

### **World Oceans, Arctic, and Antarctica**

Map 98	The Pacific Ocean	129
Map 99	The Atlantic Ocean	130
Map 100	The Indian Ocean	131
Map 101	The Arctic	132
Map 102	Antarctica	132

## **Part VIII. World Countries: Data Tables**

**133**

Table A	World Countries: Area, Population and Population Density, 1998	134
Table B	World Countries: Form of Government, Capital City, Major Languages	137
Table C	World Countries: Basic Economic Indicators	140
Table D	World Countries: Population Growth, 1950-2050	144
Table E	World Countries: Basic Demographic Data, 1975-2000	147
Table F	World Countries: Mortality, Health, and Nutrition, 1970-1997	151
Table G	World Countries: Illiteracy and Education	155
Table H	Land Use and Agricultural Productivity, 1998	159
Table I	World Countries: Energy Production and Consumption	162
Table J	World Countries: Land Use and Change	167
Table K	Power and Transportation	171
Table L	Communications, Information, and Science and Technology	175
Table M	World Countries: Globally Threatened Plant and Animal Species-1996	179
Table N	World Countries: Water Resources	183

## **Part IX. Geographic Index**

**187**
