

CONTENTS

Section 1 Basic Science 1

- 1 Epidemiology and Research Methodology 1**
Louis L. Nguyen and Rebecca E. Scully
- 2 Embryology and Developmental Anatomy 13**
Eric D. Endean
- 3 Vessel Wall Biology 30**
Bauer Sumpio and Jason Chin
- 4 Atherosclerosis 44**
Christopher D. Owens and Karen J. Ho
- 5 Intimal Hyperplasia 54**
Mark G. Davies
- 6 Ischemia-Reperfusion 64**
Robert J. Beaulieu, Joshua C. Grimm, and Heitham T. Hassoun
- 7 Arteriogenesis and Angiogenesis 72**
Adam Strickland and Paul DiMuzio
- 8 Arterial Hemodynamics 87**
R. Eugene Zierler
- 9 Venous Pathophysiology 97**
Jose A. Diaz and Peter K. Henke
- 10 Lymphatic Pathophysiology 105**
Marlys H. Witte and Michael J. Bernas

Section 2 Atherosclerotic Risk Factors 123

- 11 Atherosclerotic Risk Factors: Smoking 123**
C. Keith Ozaki and Samir K. Shah
- 12 Atherosclerotic Risk Factors: Diabetes 129**
Lidie Lajoie and Subodh Arora
- 13 Atherosclerotic Risk Factors: Hyperlipidemia 138**
M. Ashraf Mansour
- 14 Atherosclerotic Risk Factors: Hypertension 153**
Paul N. Fiorilli and Emile R. Mohler III
- 15 Atherosclerosis Risk Factors: Familial Arteriosclerosis 164**
Zhao-Jun Liu and Omaid C. Velazquez

- 16 Less Commonly Considered Causes of Atherosclerosis 174**
Amir F. Azarbal and Gregory L. Moneta

- 17 International and Ethnic Trends in Vascular Disease 180**
Lidie Lajoie and Subodh Arora

Section 3 Clinical and Vascular Laboratory Evaluation 189

- 18 Clinical Evaluation of the Arterial System 189**
Philip P. Goodney
- 19 Clinical Evaluation of the Venous and Lymphatic Systems 198**
Jason Johanning and Thomas G. Lynch
- 20 Vascular Laboratory: Arterial Physiologic Assessment 212**
Gale L. Tang and Ted R. Kohler
- 21 Vascular Laboratory: Arterial Duplex Scanning 227**
Patrick A. Stone and Stephen M. Hass
- 22 Vascular Laboratory: Venous Physiologic Assessment 238**
Brajesh K. Lal and Shahab Toursavadkahi
- 23 Vascular Laboratory: Venous Duplex Scanning 246**
David L. Dawson and Edward Ronningen

Section 4 Vascular Imaging 265

- 24 Radiation Safety 265**
Amy B. Reed
- 25 Arteriography 274**
Amir F. Azarbal and Robert B. McLafferty
- 26 Venography 294**
Richard H. Pin, Micheal T. Ayad, and David Gillespie
- 27 Computed Tomography 313**
Jan D. Blankensteijn and Leo J. Schultze Kool

- 28** Magnetic Resonance Imaging and Arteriography 327
Jeffrey P. Carpenter, Harold Litt, and Mamatha Gowda
- 29** Vascular PET/CT and SPECT/CT 355
Andor W.J.M. Glaudemans, Ora Israel, Riemer H.J.A. Slart, and Simona Ben-Haim
- 30** Intravascular Ultrasound 369
Halim Yammine, Jocelyn K. Ballast, and Frank R. Arko III
- 31** The Future of Imaging for Endovascular and Open Surgery 381
Alan B. Lumsden and Ponraj Chinnadurai
- Section 5 Perioperative Care 390**
- 32** Preoperative Evaluation and Management 390
G. Matthew Longo and Thomas G. Lynch
- 33** Intraoperative Management 403
Michael P. Lilly and Tanya R. Flohr
- 34** Postoperative Management 424
Giuseppe Papia
- 35** Hospital Readmissions in Vascular Surgery 441
Louis L. Nguyen and Rebecca E. Scully
- Section 6 Bleeding and Clotting 448**
- 36** Normal Coagulation 448
Kenneth G. Mann, Laura M. Haynes, and Kathleen E. Brummel-Ziedins
- 37** Coagulopathy and Hemorrhage 465
Jeffrey H. Lawson and Elisabeth T. Tracy
- 38** Hypercoagulable States 484
Howard A. Liebman and Ilene Ceil Weitz
- 39** Anticoagulant Drugs 497
Iqbal H. Jaffer and Jeffrey I. Weitz
- 40** Antiplatelet Agents 510
Joseph-Vincent V. Blas and Spence M. Taylor
- 41** Thrombolytic Agents 518
Josefina A. Dominguez, Sung Wan Ham, and Fred A. Weaver
- Section 7 Complications 530**
- 42** Systemic Complications: Cardiac 530
Giora Landesberg and Chen Rubinstein
- 43** Respiratory Complications 544
Lisa M. Kodadek and Pamela A. Lipsett
- 44** Systemic Complications: Renal 555
Daniel J. Myers and Stuart I. Myers
- 45** Neurologic Complications 567
Adam C. Ring, Judith W. Cook, and Faisal Aziz
- 46** Graft Thrombosis 577
Bjoern D. Suckow and David H. Stone
- 47** Graft Infection 588
Martin R. Back
- 48** Anastomotic Aneurysms 603
Sarah E. Deery and Raul J. Guzman
- 49** Local Complications: Aortoenteric Fistula 615
Ross Milner and Samantha Minc
- 50** Local Endovascular Complications and Their Management 624
Jeffrey J. Siracuse and James F. McKinsey
- 51** Venous Complications 637
Ellen Dillavou and Misaki Kiguchi
- 52** Local Complications: Lymphatic 644
Audra A. Duncan
- Section 8 Technique 653**
- 53** Thoracic and Thoracoabdominal Vascular Exposure 653
Adam Z. Oskowitz, Mark Archie, and William Quiñones-Baldrich
- 54** Abdominal Vascular Exposures 663
Loay S. Kabbani and Alexander D. Shepard
- 55** Cerebrovascular Exposure 679
Linda M. Harris and Maciej Dryjski
- 56** Lower Extremity Arterial Exposure 688
Frank B. Pomposelli Jr., Scott Prushik, and Kate Shean
- 57** Upper Extremity Vascular Exposure 706
Karl A. Illig
- 58** Spinal Operative Exposure 716
Jeffrey L. Ballard and Gregory D. Carlson
- 59** Technique: Open Surgical 727
Anton N. Sidawy and Richard F. Neville
- 60** Endovascular Diagnostic Technique 747
Sapan S. Desai and Kim J. Hodgson
- 61** Endovascular Therapeutic Technique 762
Koji Maeda and Takao Ohki

- 62** Laparoscopic and Robotic Aortic Surgery 785
Jean-Baptiste Ricco and Fabien Thaveau

Section 9 Grafts and Devices 797

- 63** Autogenous Grafts 797
Scott A. Berceci
- 64** Prosthetic Grafts (Heparin-Bonded and Spiral Grafts) 818
Ahmed Kayssi and Richard F. Neville
- 65** Biologic Grafts 832
Jeffrey Kalish and Alik Farber
- 66** Bioengineered Vascular Grafts 845
Brian F. Gilmore, Shawn M. Gage, and Jeffrey H. Lawson
- 67** Nonaortic Stents and Stent Grafts 856
Benjamin Pearce, Frank Stegall Jr., and William Jordan Jr.
- 68** Novel and Evolving Aortic Endovascular Devices 867
Sapan S. Desai and Kim J. Hodgson

Section 10 Abdominal Aortic And Iliac Aneurysms 875

- 69** Arterial Aneurysms: Etiology, Epidemiology, and Natural History 875
Peter F. Lawrence and David A. Rigberg
- 70** Aortoiliac Aneurysms: Evaluation, Decision Making, and Medical Management 884
Margaret C. Tracci, Rishi A. Roy, and Gilbert R. Upchurch Jr.
- 71** Abdominal Aortic Aneurysms: Open Surgical Treatment 894
Edward Y. Woo and Scott M. Damrauer
- 72** Aortoiliac Aneurysms: Endovascular Treatment 910
Ronald M. Fairman and Grace J. Wang
- 73** Endovascular Aneurysm Repair Techniques 929
Clayton J. Brinster and W. Charles Sternbergh III
- 74** Ruptured Aortoiliac Aneurysms and Their Management 944
Thomas F. Lindsay

- 75** Isolated Iliac Artery Aneurysms and Their Management 961
Andy M. Lee and Ronald L. Dalman

Section 11 Thoracic and Thoracoabdominal Aortic Aneurysms and Dissections 970

- 76** Thoracic and Thoracoabdominal Aortic Aneurysms: Etiology, Epidemiology, Natural History, Medical Management, and Decision Making 970
Gilbert R. Upchurch Jr. and Robert Jason Thomas Perry
- 77** Thoracic and Thoracoabdominal Aneurysms: Open Surgical Treatment 987
Charles W. Acher and Martha Wynn
- 78** Thoracic and Thoracoabdominal Aneurysms: Endovascular Treatment 1008
Michael J. Singh and Michel S. Makaroun
- 79** Thoracic and Thoracoabdominal Aneurysms: Aortic Stent Grafts and Techniques of Thoracic Endovascular Aortic Repair 1025
Blandine Maurel and Tara M. Mastracci
- 80** Fenestrated and Branched Endograft Treatment of Juxtarenal, Paravisceral, Thoracoabdominal, and Aortic Arch Aneurysms 1036
William P. Robinson, Andres Schanzer, Jessica P. Simons, and Gilbert R. Upchurch Jr.
- 81** Aortic Dissection: Epidemiology, Pathophysiology, Clinical Presentation, and Medical and Surgical Management 1056
Mark F. Conrad and Richard P. Cambria
- 82** Penetrating Aortic Ulcers 1069
Tanya R. Flohr, Robert S. Crawford, and Gilbert R. Upchurch Jr.
- ## **Section 12** Peripheral and Splanchnic Aneurysms 1078
- 83** Lower Extremity Aneurysms 1078
Glenn Jacobowitz and Neal S. Cayne
- 84** Upper Extremity Aneurysms 1095
M. Shadman Baig and Carlos H. Timaran
- 85** Splanchnic Artery Aneurysms 1109
Jonathan M. Kwong, Caron B. Rockman, and Vikram S. Kashyap

Section 13 Cerebrovascular Diseases 1121

- 86 Cerebrovascular Disease: Epidemiology and Natural History 1121**
Caron B. Rockman and Thomas S. Maldonado
- 87 Cerebrovascular Disease: The Unstable Carotid Plaque 1140**
Brajesh K. Lal
- 88 Cerebrovascular Disease: Diagnostic Evaluation 1149**
A. Ross Naylor and William Adair
- 89 Cerebrovascular Disease: Decision Making Including Medical Therapy 1169**
John J. Ricotta and Joseph J. Ricotta
- 90 Nonatherosclerotic Carotid Artery Disease and Its Management 1184**
Lidie Lajoie and Robyn A. Macsata
- 91 Carotid Endarterectomy 1194**
Maggie Arnold and Bruce A. Perler
- 92 Cerebrovascular Disease: Carotid Artery Stenting 1215**
Caitlin W. Hicks and Mahmoud B. Malas
- 93 Cerebrovascular Disease: Carotid Artery Dissection 1234**
Rabih A. Chaer, Peter A. Schneider, and Efthymios Avgerinos
- 94 Carotid Artery Aneurysms 1242**
Ruth L. Bush, Paul Long, and Marvin D. Atkins
- 95 Carotid Body Tumors 1255**
Warren B. Chow, Wesley S. Moore, and Glenn M. LaMuraglia
- 96 Unusual Carotid Artery Conditions 1265**
Raghavendra L. Girijala, Chiara Lomazzi, and Ruth L. Bush
- 97 Vertebral Artery Dissection and Other Conditions 1277**
Mark Morasch
- 98 Brachiocephalic Artery Disease and Its Surgical Treatment 1292**
Kristofer M. Charlton-Ouw, Wande B. Pratt, and Hazim J. Safi
- 99 Brachiocephalic Artery Disease and Its Endovascular Management 1304**
Daniel G. Clair

Section 14 Acute Limb Ischemia 1315

- 100 Acute Limb Ischemia: Evaluation and Decision Making 1315**
Jonothan J. Earnshaw
- 101 Acute Ischemia: Treatment 1326**
Christopher J. Kwolek and Fahad Shuja
- 102 Compartment Syndrome and Its Management 1344**
J. Gregory Modrall
- 103 Atheromatous Embolization and Its Management 1354**
Bao-Ngoc Nguyen

Section 15 Lower Extremity Chronic Arterial Disease 1368

- 104 Lower Extremity Arterial Occlusive Disease: Epidemiology and Natural History 1368**
Michael S. Conte
- 105 Lower Extremity Arterial Disease: Medical Management and Decision Making 1377**
Jessica P. Simons, William P. Robinson, and Andres Schanzer
- 106 Aortoiliac Disease: Direct Reconstruction 1397**
Matthew T. Menard, Samir K. Shah, and Michael Belkin
- 107 Aortoiliac Disease: Open Extraanatomic Bypass 1416**
Joseph Schneider
- 108 Aortoiliac Disease: Endovascular Treatment 1423**
Richard J. Powell and Eva M. Rzuclidlo
- 109 Infrainguinal Disease: Surgical Treatment 1438**
Joseph L. Mills Sr.
- 110 Infrainguinal Disease: Endovascular Therapy 1463**
Matthew A. Poppellwell and Andrew W. Bradbury
- 111 Lower Extremity Amputations: Epidemiology, Procedure Selection, and Rehabilitation Outcomes 1482**
Christian Bianchi and Ahmed M. Abou-Zamzam Jr.

- 112** Lower Extremity Amputations: Operative Techniques and Results 1495
Anthony L. Rios and John F. Eidt
- Section 16** Diabetic Foot and Its Management 1514
- 113** General Considerations of Diabetic Foot Ulcers 1514
Ahmed Kayssi, Lee C. Rogers, and Richard F. Neville
- 114** Diabetic Foot Abnormalities and Their Management 1527
Paul J. Kim and Lawrence A. Lavery
- 115** Wound Care 1536
William A. Marston
- 116** Podiatric Care 1557
Lee C. Rogers and David G. Armstrong
- Section 17** Upper Extremity Arterial Disease 1573
- 117** Upper Extremity Arterial Disease: Epidemiology, Etiology, and Diagnostic Evaluation 1573
Fahad Shuja, Douglas W. Jones, and Allen D. Hamdan
- 118** Upper Extremity Arterial Disease: Medical, Endovascular, and Open Surgical Management 1581
Courtney J. Warner, Sean P. Roddy, and R. Clement Darling
- 119** Upper Extremity Arterial Disease: Amputation 1591
Niten Singh and W. Darrin Clouse
- Section 18** Thoracic Outlet Syndrome 1607
- 120** Thoracic Outlet Syndrome: Pathophysiology and Diagnostic Evaluation 1607
Michael J. Osgood and Ying Wei Lum
- 121** Thoracic Outlet Syndrome: Neurogenic 1619
Robert W. Thompson
- 122** Thoracic Outlet Syndrome: Arterial 1639
Julia M. Boll and R. James Valentine
- 123** Thoracic Outlet Syndrome: Venous 1648
Misty D. Humphries and Julie A. Freischlag

- 124** Thoracic Outlet Syndrome: Surgical Decompression of the Thoracic Outlet 1656
Misty D. Humphries and Julie A. Freischlag

Section 19 Renovascular Disease 1663

- 125** Renovascular Disease: Pathophysiology, Epidemiology, Clinical Presentation, and Medical Management 1663
Ashley K. Rickey and Randolph L. Geary
- 126** Renovascular Disease: Open Surgical Treatment 1675
Marshall E. Benjamin and Kimberley J. Hansen
- 127** Renovascular Disease: Endovascular Treatment 1687
Matthew S. Edwards and Christopher J. Cooper
- 128** Renovascular Disease: Aneurysms and Arteriovenous Fistulae 1696
Keith D. Calligaro and Matthew J. Dougherty
- 129** Renovascular Disease: Acute Occlusive and Ischemic Events 1704
Gabriela Velazquez-Ramirez and Matthew A. Corriere
- 130** Renovascular and Aortic Developmental Disorders 1714
Dawn M. Coleman, Jonathan L. Eliason, and James C. Stanley

Section 20 Mesenteric Vascular Disease 1725

- 131** Mesenteric Arterial Disease: Epidemiology, Pathophysiology, and Clinical Evaluation 1725
Ruby C. Lo and Marc L. Schermerhorn
- 132** Chronic Mesenteric Arterial Disease: Clinical Evaluation, Open Surgical and Endovascular Treatment 1735
Gustavo S. Oderich and Mauricio Ribeiro
- 133** Acute Mesenteric Arterial Disease 1754
Mark C. Wyers and Michelle C. Martin
- 134** Mesenteric Arterial Dissection 1771
Matthew J. Dougherty and Douglas A. Troutman
- 135** Median Arcuate Ligament Syndrome: Pathophysiology, Diagnosis, and Management 1780
Benjamin R. Biteman and Fredrick Brody

- 136 Mesenteric Vascular Disease: Venous Thrombosis 1787**
Stefan Acosta and Martin Björck

Section 21 Nonatherosclerotic Arterial Diseases 1795

- 137 Vasculitis and Other Uncommon Arteriopathies 1795**
Victoria K. Shanmugam
- 138 Thromboangiitis Obliterans (Buerger Disease) 1809**
Ahmet Rüçhan Akar and Bahadır Inan
- 139 Takayasu Disease 1827**
Bryan A. Ehlert and Christopher J. Abularrage
- 140 Aneurysms Caused by Connective Tissue Abnormalities 1840**
James H. Black III
- 141 Raynaud Phenomenon 1858**
Gregory J. Landry
- 142 Fibromuscular Dysplasia 1870**
Efthymios Avgerinos, Peter A. Schneider, and Rabih A. Chaer
- 143 Nonatheromatous Popliteal Artery Disease 1891**
Thomas L. Forbes and Ahmed Kayssi
- 144 Infected Arterial Aneurysms 1906**
Miguel Francisco Manzur, Sukgu M. Han, and Fred A. Weaver

Section 22 Acute Venous Thromboembolic Disease 1918

- 145 Acute Deep Venous Thrombosis: Epidemiology and Natural History 1918**
Andrea T. Obi, Jordan Knepper, and Thomas W. Wakefield
- 146 Venous Thromboembolic Disease: Mechanical and Pharmacologic Prophylaxis 1927**
Joseph A. Caprini, Juan I. Arcelus, and Alfonso J. Tafur
- 147 Acute Lower Extremity Deep Venous Thrombosis: Presentation, Diagnosis, and Medical Treatment 1936**
Fedor Lurie, David Paolini, and John Fish

- 148 Acute Lower Extremity Deep Venous Thrombosis: Surgical and Interventional Treatment 1950**
Anthony J. Comerota and Faisal Aziz

- 149 Acute Upper Extremity and Catheter-Related Venous Thrombosis 1967**
Enrico Ascher, Syed Ali Rizvi, Anil P. Hingorani, and Natalie A. Marks

- 150 Superficial Thrombophlebitis and Its Management 1971**
Suman Wasan

- 151 Pulmonary Embolism: Presentation, Natural History, and Treatment 1978**
Efthymios Avgerinos and Rabih A. Chaer

- 152 Vena Cava Interruption 1994**
Marc A. Passman

- 153 Compartment Syndrome and Venous Gangrene 2010**
Anthony J. Comerota and Gregory C. Kasper

Section 23 Chronic Venous Disorders 2020

- 154 Varicose Veins: Surgical Treatment 2020**
Mark D. Iafrati and Thomas F. O'Donnell Jr.

- 155 Varicose Veins: Endovenous Ablation and Sclerotherapy 2036**
Mikel Sadek and Lowell S. Kabnick

- 156 Chronic Venous Disorders: Postthrombotic Syndrome, Natural History, Pathophysiology, and Etiology 2049**
Joseph D. Raffetto and Robert T. Eberhardt

- 157 Chronic Venous Disorders: Nonoperative Management 2055**
Luigi Pascarella and Cynthia K. Shortell

- 158 Chronic Venous Insufficiency: Treatment of Perforator Vein Incompetence 2067**
Fedor Lurie and Alessandra Puggioni

- 159 Chronic Venous Insufficiency: Deep Vein Valve Reconstruction 2080**
Michael C. Dalsing and Oscar Maleti

- 160 Iliocaval Venous Obstruction: Surgical Treatment 2097**
Yves Alimi and Olivier Hartung

161 Iliocaval Venous Obstruction: Endovascular Treatment 2116

Arjun Jayaraj and Seshadri Raju

Section 24 Miscellaneous Venous Conditions 2130

162 Superior Vena Cava Occlusion and Management 2130

Manju Kalra, Haraldur Bjarnason, and Peter Gloviczki

163 Congenital Occlusion/Absence of Inferior Vena Cava 2145

Glenn Jacobowitz and Mikel Sadek

164 Portal Hypertension 2154

Mark A. Adelman and Joanelle Lugo

165 Nutcracker Syndrome 2166

Ehsan Benrashid, Ryan S. Turley, and Cynthia K. Shortell

166 Venous Aneurysms and Their Management 2174

Victor J. Davila and Samuel R. Money

167 Venous Reconstruction in Nonvascular Surgical Oncologic Procedures 2180

Michael J. Osgood and James H. Black III

Section 25 Lymphedema 2193

168 Lymphedema: Evaluation and Decision Making 2193

Stanley G. Rockson

169 Lymphedema: Nonoperative Treatment 2206

Albeir Y. Mousa, Ramez Morcos, and Mike Broce

170 Lymphedema: Surgical Treatment 2221

Ruediger G.H. Baumeister

Section 26 Vascular Malformations 2236

171 Congenital Vascular Malformations: General Considerations 2236

Byung-Boong Lee and J. Leonel Villavicencio

172 Congenital Vascular Malformations: Surgical Management 2251

Kristy L. Rialon and Steven J. Fishman

173 Congenital Vascular Malformations: Endovascular Management 2259

Daniel M. O'Mara and Clifford R. Weiss

174 Acquired Arteriovenous Fistulas 2273

Glenn C. Hunter, Scott S. Berman, and Eric M. Walser

Section 27 Hemodialysis Access 2288

175 Hemodialysis Access: General Considerations and Strategies to Optimize Access Placement 2288

Robyn A. Macsata and Anton N. Sidawy

176 Hemodialysis Access: Complex 2300

Sagar S. Gandhi and Christopher G. Carsten III

177 Hemodialysis Access: Dialysis Catheters 2315

Karen Woo and Vincent L. Rowe

178 Hemodialysis Access: Failing and Thrombosed 2324

George H. Meier

179 Hemodialysis Access: Nonthrombotic Complications 2335

Linda M. Harris and Mariel Rivero

Section 28 Vascular Trauma 2350

180 Epidemiology and Natural History of Vascular Trauma 2350

Timothy K. Williams, Charles Fox, and Todd E. Rasmussen

181 Vascular Trauma: Head and Neck 2365

Benjamin W. Starnes and Zachary M. Arthurs

182 Thoracic Vascular Trauma 2378

Joseph J. DuBose and Ali Azzizadeh

183 Vascular Trauma: Abdominal 2391

Demetrios Demetriades and Kenji Inaba

184 Vascular Trauma: Extremity 2410

David S. Kauvar and Larry W. Kraiss

185 Conditions Arising From Repetitive Trauma and Occupational Vascular Problems 2423

Mark K. Eskandari and Courtney E. Morgan

Section 29 Special Issues in Pediatric Vascular Surgery 2431

186 Special Techniques in Pediatric Vascular Surgery 2431

Dean J. Arnaoutakis, Craig W. Lillehei, and Matthew T. Menard

187 Aortic and Arterial Aneurysms in the Pediatric Population 2439

Dawn M. Coleman, Jonathan L. Eliason, and James C. Stanley

- 188 Pediatric Vascular Tumors 2449**
Bernardo C. Mendes, Megha M. Tollefson, and Thomas C. Bower
- 189 Vascular Trauma in the Pediatric Population 2459**
Mohammad H. Eslami
- 190 Placement of AV Dialysis Accesses and Central Catheters in the Pediatric Patient 2469**
Beatriz V. Leong, Sarah M. Wartman, and Vincent L. Rowe
- Section 30 Miscellaneous Conditions 2475**
- 191 Erectile Dysfunction 2475**
Boback M. Berookhim and John P. Mulhall
- 192 Complex Regional Pain Syndrome 2488**
Ali F. AbuRahma
- 193 Current Role of Sympathectomy (Upper and Lower) 2501**
Nelson Wolosker and Paulo Kauffman
- 194 Vascular Tumors and Their Management 2513**
Bernardo C. Mendes and Thomas C. Bower
- 195 Vascular Reconstruction in Oncologic Surgery 2527**
Russell C. Langan, Anthony M. Villano, Sepideh Gholami, Reena Jha, and Lynt B. Johnson
- 196 Chronic Exertional Compartment Syndrome 2538**
Elina Quiroga and Niten Singh
- Section 31 The Business of Vascular Surgery 2543**
- 197 Development and Operation of Multispecialty Cardiovascular Centers 2543**
Michael R. Go, Jean E. Starr, and Bhagwan Satiani
- 198 Development and Successful Operation of an Outpatient Vascular Center 2552**
Krishna Mohan Jain
- 199 Essentials and Value of a Vascular Registry to the Practice 2563**
Larry W. Kraiss, Philip P. Goodney, and Adam W. Beck
- 200 Marketing a Vascular Surgery Practice 2574**
Russell Howard Samson
- 201 Varicose Veins: Surgical Treatment 2600**
Mark J. Samson
- 202 Lymphedema: Evaluation and Decision Making 2606**
Stanley G. Robinson, S. Lowell and Jakob Edlin
- 203 Lymphedema: Nonoperative Treatment 2608**
David S. Kauvar and Larry W. Kraiss
- 204 Lymphedema: Surgical Treatment 2611**
Joseph D. Raffetto
- 205 Chronic Venous Disorders: Nonoperative Management 2655**
Luigi Pascarella and Cynthia K. Shortell
- 206 Chronic Venous Insufficiency: Congenital Vascular Malformations: General Considerations 2666**
Byung-Boon Lee and I. conal Villano
- 207 Congenital Vascular Malformations: Surgical Management 2671**
Krisly J. Rajar and Steven J. Friedman
- 208 Congenital Vascular Malformations: Iliocaval Malformations: Endovascular Management 2679**
Daniel M. O'Mara and Clifford R. Weiss
- 209 Congenital Vascular Malformations: Thoracic Vascular Trauma 2683**
Benjamin W. Starnes and Zachary M. Arthur
- 210 Thoracic Vascular Trauma 2687**
Thomas L. Zeman
- 211 Infected Aneurysms 2691**
Joseph J. Boffo and Ali A. Azizadeh
- 212 Vascular Trauma: Abdominal 2697**
Miguel A. Rodriguez and Kenji Harada
- 213 Vascular Trauma: Extremity 2710**
David S. Kauvar and Larry W. Kraiss
- Section 22 Acute Venous Conditions: Vascular Trauma and Occupational Vascular Problems 2723**
- 214 Acute Deep Venous Thrombosis: Epidemiology and Natural History 2727**
Mark K. Eskandari and G. Norman H. Rabinovitch
- 215 Acute Venous Thrombosis: Special Issues in Pediatric Vascular Surgery 2731**
Andra T. Ohi, Jordan Knapp, and Thomas W. Wakelind
- 216 Venous Thromboembolic Disease: Special Techniques in Pediatric Vascular Surgery 2737**
Dean J. Amponsah, Craig W. Lillie, and Joseph P. Attia
- 217 Acute Aortic and Aortic Aneurysms in the Pediatric Population 2749**
Dawn M. Coleman, Jonathan I. Elison, and James C. Scully
- 218 Acute Aortic Aneurysms in the Pediatric Population 2759**
Fedor Luri, David Paolini, and John Fish
