

Contents

Section I: Basics of Endoscopic Ultrasonography

- 1 Principles of Ultrasound, 2**
Joo Ha Hwang
- 2 Equipment, 15**
Girish Mishra
- 3 Training and Simulators, 29**
Sachin Wani
- 4 Indications, Preparation, and Adverse Effects, 39**
Mark Topazian
- 5 New Techniques in EUS: Real-Time Elastography, Contrast-Enhanced EUS, and Fusion Imaging, 47**
Adrian Săftoiu and Peter Vilmann

Section II: Mediastinum

- 6 How to Perform Endoscopic Ultrasonography in the Esophagus and Mediastinum, 59**
Robert H. Hawes, Shyam Varadarajulu, and Paul Fockens
- 7 EUS and EBUS in Non-Small Cell Lung Cancer, 65**
Laurence MMJ Crombag and Jouke T. Annema
- 8 Endoscopic Ultrasound in Esophageal and Gastric Cancer, 79**
Bronte Holt
- 9 Endoscopic Ultrasonography in the Evaluation of Posterior Mediastinal Lesions, 100**
Wilson T. Kwong and Thomas J. Savides

Section III: Stomach

- 10 How to Perform Endoscopic Ultrasonography in the Stomach, 110**
Robert H. Hawes, Shyam Varadarajulu, and Paul Fockens
- 11 Subepithelial Lesions, 112**
Eun Young (Ann) Kim

Section IV: Pancreas and Biliary Tree

- 12 How to Perform Endoscopic Ultrasonography in the Pancreas, Bile Duct, and Liver, 129**
Robert H. Hawes, Paul Fockens, and Shyam Varadarajulu
- 13 Endoscopic Ultrasound in Inflammatory Diseases of the Pancreas, 140**
Larissa L. Fujii-Lau, Suresh T. Chari, Thomas Smyrk, and Michael J. Levy
- 14 Endoscopic Ultrasound and Pancreatic Tumors, 171**
Ji Young Bang and Thomas Rösch
- 15 Endoscopic Ultrasonography in the Evaluation of Pancreatic Cysts, 185**
Robert Moran and Anne Marie Lennon
- 16 Endoscopic Ultrasound in Bile Duct, Gallbladder, and Ampullary Lesions, 201**
Mohammad Al-Haddad

Section V: Anorectum

- 17 How to Perform Anorectal Endoscopic Ultrasonography, 226**
Paul Fockens, Robert H. Hawes, and Shyam Varadarajulu
- 18 Endoscopic Ultrasonography in Rectal Cancer, 229**
Ferga C. Gleeson

19 Evaluation of the Anal Sphincter by Anal Endosonography, 237

Steve Halligan

Section VI: Endoscopic Ultrasonography-Guided Tissue Acquisition

20 How to Perform Endoscopic Ultrasonography-Guided Fine-Needle Aspiration, 250

Sarto C. Paquin and Anand V. Sahai

21 Techniques for Endoscopic Ultrasound-Guided Fine-Needle Biopsy, 261

Mihai Rimbaş and Alberto Larghi

22 Cytology Primer for Endosonographers, 272

Darshana Jhala and Nirag Jhala

23 Endoscopic Ultrasound-Guided Drainage of Pancreatic Fluid Collections, 291

Ji Young Bang and Shyam Varadarajulu

24 Endoscopic Ultrasonography-Guided Drainage of the Biliary-Pancreatic Ductal Systems and Gallbladder, 302

Anthony Yuen Bun Teoh, Kazuo Hara, Mouen Khashab, Dongwook Oh, and Do Hyun Park

25 Endoscopic Ultrasonography-Guided Ablation Therapy and Celiac Plexus Interventions, 320

Abdurrahman Kadayifci, Omer Basar, and William R. Brugge

26 Endoscopic Ultrasonography-Guided Anastomosis, Drainage of Abdominopelvic Fluid Collections, and Vascular Interventions, 330

Takao Itoi and Shyam Varadarajulu

Index, 341
