Introduction	7
1/ Eating Disorders	11
1/1 Selected Eating Disorders	11
1/1/1 Anorexia Nervosa	11
1/1/2 Bulimia Nervosa	14
1/1/3 Rare Eating Disorders	14
1/2 Factors of the Onset of Eating Disorders	16
1/2/1 Biological Risk Factors	16
1/2/2 Mental Risk Factors	17
1/2/3 Social and Cultural Risk Factors	22
2/ Prevention of Risk Behaviour	25
2/1 Programmes Aimed at Primary Prevention of Risk Behaviour in CR	26
2/2 Role of the School in Primary Prevention	28
2/3 Role of the Teacher in Primary Prevention of Eating Disorders	29
2/3/1 Recognition of Eating Disorders in Pupils	31
2/3/2 Teacher's Behaviour Towards a Pupil With Suspected Eating Disorder	33
3/ Attitudes	37
3/1 Teachers' Attitudes to Eating Disorders	38
3/2 Current Research on Teachers' Attitudes to Eating Disorders	40
4/ Research on Teachers' Attitudes to Eating Disorders	45
4/1 Research Problem and Objective	45
4/2 Research Sample	47
4/3 Research Instrument	47
4/4 Preparation of the Research and Data Analysis	49
4/5 Results of the Research	51
4/5/1 Differences in Teachers' Attitudes by Gender	52
4/5/2 Differences in Teachers' Attitudes by Teaching Qualification	56
4/5/3 Differences in Teachers' Attitudes by Gender and Teaching Qualification	61
4/5/4 Differences in Teachers' Attitudes by Length of Teaching Experience	66

4/5/5	Differences in Teachers' Attitudes by Their Age	72
4/5/6	Complementary Analyses	77
4/5/7	Summary of the Results of the Research	85
5/	Complementary Research on	
	Teachers' Attitudes to Eating Disorders	89
5/1	Research Problem and Objective of the Complementary Research	89
5/2	Methodology of the Complementary Research	90
5/3	Results of the Complementary Research Study	90
5/3/1	Summary of the Results of the Complementary Research	103
6/	Discussion	105
6/1	Limitations of the Research Study	109
	Conclusion	111
	Resume	115
	References	117
	Subject Index	125
	Name Index	129
	List of Tables and Graphs	131
