Decca navigation system	80
Global Navigation Satellite Systems GNSS: GPS/ GLONASS	81
<b>JAR-FCL-1 / Subpart J</b>	<b>97</b>
<b>Sample Test</b>	<b>101</b>
<b>Correct Answers for Sample Test</b>	<b>106</b>
<b>Picture Supplements</b>	<b>107</b>

These books are not intended to be the only or primary source of information for the JAA knowledge exam. Instead it should serve as a reference and to verify the level of your knowledge. We suggest that you start by reading the book cover-to-cover while researching your exam topics using [www.aviationexam.com](http://www.aviationexam.com) online system.

It is not possible for the content. Our answers for these questions are based on a careful research from all available resources. If during your studies you encounter a question where you will doubt the answer choice we recommend you seek the assistance from your ground instructor or your flight training organization. If you still require our answer needs a review, please forward your questions, concerns, or recommendations to [support@aviationexam.com](mailto:support@aviationexam.com). We check our questions on a regular basis and release free updates when the need arises - these can be found on our website at [www.aviationexam.com](http://www.aviationexam.com).

We would like to thank this way to all the pilots who have participated on this project and contributed large numbers of the JAA questions, official exams illustrations or even provided copies of several versions of the entire JAA Central Question Bank.

We are confident that with proper use of this book you will not only pass your JAA knowledge examinations on your first try, but you will also achieve an excellent score. We wish you good luck on your examinations, although with these books you will not need it!
