

# Contents

<b>FOREWORD</b> .....	V
How to use this book.....	VI
JAA exam questions & time limits.....	VII
<b>01 SYSTEM DESIGN, LOADS, STRESSES, MAINTENANCE</b>	
01-01 System Design.....	1
01-02 Loads and Stresses.....	4
01-03 Fatigue.....	5
01-04 Corrosion.....	5
01-05 Maintenance.....	5
<b>02 AIRFRAME</b>	
02-01 Construction and Attachment Methods.....	7
02-02 Materials.....	9
02-03 Aeroplane: Wings, Tail Surfaces and Control Surfaces.....	10
02-04 Fuselage, Landing Gear, Doors, Floor, Wind-Screen and Windows.....	13
02-05 Helicopter: Flight Controls Structural Aspects.....	16
02-06 Structural Limitations.....	16
<b>03 HYDRAULICS</b>	
03-01 Hydro-mechanics: Basic Principles.....	17
03-02 Hydraulic Systems.....	18
<b>04 LANDING GEAR, WHEELS, TYRES, BRAKES</b>	
04-01 Landing Gear.....	27
04-02 Nose Wheel Steering: Design, Operation.....	30
04-03 Brakes.....	30
04-04 Wheels, Rims and Tires.....	32
04-05 Helicopter Equipment.....	34
<b>05 FLIGHT CONTROLS</b>	
05-01 Aeroplane: Primary Flight Controls.....	35
05-02 Aeroplane: Secondary Flight Controls.....	41
05-03 Helicopter: Flight Controls.....	44
05-04 Aeroplane: Fly-by-Wire (FBW) Control Systems.....	47
05-05 Helicopter: Fly-by-Wire (FBW) Control Systems (no questions in this chapter)	
<b>06 PNEUMATICS - PRESSURISATION AND AIR CONDITIONING SYSTEMS</b>	
06-01 Pneumatic / Bleed Air Supply.....	49
06-02 Helicopter Specific Air Conditioning Systems.....	50
06-03 Pressurisation and Air Conditioning Systems.....	51
<b>07 ANTI-ICING AND DE-ICING SYSTEMS</b>	
07-01 Types, Design, Operation, Indications and Warnings, Operational Limitations.....	61
07-02 Ice Warning Systems: Types, Operation, and Indications (no questions in this chapter)	
07-03 Helicopter Blade Heating Systems.....	65
<b>08 FUEL SYSTEM</b>	
08-01 Piston Engine.....	67
08-02 Turbine Engine.....	69
<b>09 ELECTRICS</b>	
09-01 General, Definitions, Basic Applications: Circuit-Breakers, Logic Circuits.....	79
09-02 Batteries.....	86

09-03 Generation .....	89
09-04 Distribution .....	93
09-05 Electrical motors .....	99
<b>10 PISTON ENGINES</b>	
10-01 General .....	101
10-02 Fuel.....	107
10-03 Engine Fuel Pumps .....	109
10-04 Carburettor / Injection System.....	109
10-05 Cooling Systems .....	113
10-06 Lubrication Systems .....	114
10-07 Ignition Circuits .....	115
10-08 Mixture .....	119
10-09 Aeroplane: Propellers.....	122
10-10 Performance and Engine Handling .....	127
<b>11 TURBINE ENGINES</b>	
11-01 Basic Principles .....	133
11-02 Main Engine Components .....	142
11-03 Additional Components and Systems .....	157
11-04 Engine Operation and Monitoring.....	164
11-05 Performance Aspects.....	169
11-06 Auxiliary Power Unit (APU).....	173
<b>12 PROTECTION AND DETECTION SYSTEMS</b>	
12-01 Smoke Detection .....	175
12-02 Fire Protection Systems .....	175
12-03 Rain Protection System .....	179
<b>13 OXYGEN SYSTEMS</b>	
13a Flight Deck Oxygen System .....	181
13b Portable Oxygen Equipment.....	183
13c Passenger Oxygen System - Design .....	184
13d Passenger Oxygen System - Operation and Limitations.....	187
<b>14 HELICOPTER: MISCELLANEOUS SYSTEMS (NO QUESTIONS IN THIS CHAPTER)</b>	
<b>15 HELICOPTER: ROTOR HEADS</b>	
15-01 Main Rotor .....	189
15-02 Tail Rotor .....	192
<b>16 HELICOPTER: TRANSMISSION</b>	
16-01 Main Gear Box .....	195
16-02 Rotor Brake.....	195
16-03 Auxiliary Systems (no questions in this chapter)	
16-04 Drive Shaft and Associated Installation.....	196
16-05 Intermediate and Tail Gear Box .....	196
16-06 Clutches .....	197
16-07 Freewheels.....	198
<b>17 HELICOPTER: BLADES</b>	
17-01 Main Rotor Blade.....	201
17-02 Tail Rotor Blade.....	202
<b>PICTURE SUPPLEMENTS QUESTIONS</b> .....	203
<b>PICTURE SUPPLEMENTS EXPLANATIONS</b> .....	209
