

CONTENTS

Honorary Committee	3
Scientific Programme Committee	4
Preface	11
Opening Address /V. Landa/	12
Proceeding of the Closing Session	15

SECTION I - EPIDEMIOLOGY

J. Prokopič, Contribution to the epidemiology of <i>Taenia saginata</i>	16
J. Bláha, K. Červinka, J. Pomykal, K. Rébl, Analysis of cases of human taeniasis revealed by the Hygiene Service of the Central Bohemian Region	21
M. Giboda, Š. Straka, K. Sobota, T. Baniat, Taeniasis in Slovakia - long-term epidemio- logical study	27
M. Magdiev, Experience in long-term studies of epidemiology of taeniasis and organiza- tion of its control in the Uzbek SSR	39

SECTION II - EPIZOOTIOLOGY

A.S. Bessonov, Peculiarities in the epizoo- tology of bovine cysticercosis in large- scale livestock production units	47
R. Buchwalder, T. Hiepe, On some epizootiological aspects of <i>C. bovis</i> infection	54

E. Lonc, On the routes of cysticercosis /T. saginata/ propagation	61
J. Prokopič, Bovine cysticercosis in the Czech Socialist Republic	68
D. Zajiček, Veterinary aspects of cattle cysti- cercosis in the Czech Socialist Republic	76

SECTION III - DIAGNOSTICS

B. Machnicka, Immunodiagnosis of C. bovis infection	81
S.N. Belozyorov, T.I. Gudonavitchus, Diagnosis of cysticercosis /C.bovis/ in cattle by the ELISA test	86
K. Blažek, R. Buchwalder, B. Flentje, T.Hiepe, J. Hübner, J. Schramlová, M. Dhlíková, Serological reactions in light spontane- ous bovine cysticercosis	92
E. Chroustová, Demonstration of antibodies against C. bovis in experimentally and naturally infected cattle using the ELISA test	97
T. Kassai, C. Takács, P. Redl, Detection of bovine cysticercosis by the ELISA	103
B. Machnicka, J. Štěrba, J. Prokopič, V. Schandl, The use of skin tests in the diagnosis of bovine cysticercosis/C.bovis/	109
C. Soulé, M. Rémond, S. Perret, Antigens from surviving C. bovis "in vitro" used in immunodiagnosis of bovine cysticercosis	118

SECTION IV - CLINIC-SYMPATOMATOLOGY

M. Valent, K. Sobota, J. Štěrba, Symptomatology of taeniasis	127
Z.S. Pawlowski, Clinical expression of Taenia saginata infection in man	138
J. Štěrba, New data on taeniasis /T.saginata/ revealed in autoexperiment	145

SECTION V - IMMUNOLOGY

D. J. Smyth, Immunological and related problems in cysticercosis and taeniasis	155
A. Ito, Success or failure of autoinfection with H. nana in mice and the presence of specific immunogens	162
E.J.L. Soulsby, S. Lloyd, Immunization against infection with T. saginata in cattle ...	169

SECTION VI - PATHOLOGY

K. Blažek, Some aspects of studies on the patho- logy of bovine cysticercosis	184
K. Blažek, J. Schramlová, Dynamics of patholo- gical changes in bovine cysticercosis in relation to the development of C.bovis ...	189
K. Blažek, J. Schramlová, J. Kurša, Peculiariti- es of neonatal infection of calves with Cysticercus bovis	193
R. Magdiev, Problems of pathology of taeniasis in man and cysticercosis in cattle	196

J. Štěrba, Granulomatous peritonitis induced by <i>T.saginata</i> eggs after perforative appendicitis	209
J. Štěrba, J. Šlais, J. Prokopič, B. Machnicka, V. Schandl, Morphological changes in subcutaneous inoculation of <i>T.saginata</i> oncospheres	214

SECTION VII - ULTRASTRUCTURE AND FUNCTIONAL MORPHOLOGY

J. Schramlová, Functional morphology and ultrastructure of cestodes	223
J. Schramlová, K. Blažek, Z. Marhoul, Morphology of oncospheres of <i>T.saginata</i> during hatching and development on cell monolayer	228
J. Šlais, Fine structure and functional morphology	233
J. Štěrba, J. Prokopič, J. Šlais, B. Machnicka, <i>Cysticercus bovis</i> in the final phase of its morphogenesis	241

SECTION VIII - CHEMOTHERAPY

Th. Hiepe, Human taeniasis and cattle cysticercosis - chemotherapy	248
N.S. Arkhipova, A.S. Bessonov, S.P. Ubiraeu, Therapy of cattle infected with <i>C.bovis</i> .	263
A.S.Bessonov, N.S. Arkhipova, A model of screening of anthelmintics effective against <i>Cysticercus bovis</i>	273
M.A. Gemmel, Cestocides and metacestocides ...	280

E. Groll, Taeniasis - a disease which should be treated	288
E. Groll, Praziquantel - treatment of human cysticercosis	293
J. Štěrba, B. Machnicka, J. Prokopič, V. Schandl, J. Barták, Treatment of bovine cysticercosis with Praziquantel in massive experimental infection with <i>C. bovis</i>	300

SECTION IX - PREVENTION - SURVEILLANCE

G. Ockert, Prevention - surveillance of human taeniasis and bovine cysticercosis	313
H. Grahneis, G. Ockert, Concepts of prevention of bovine cysticercosis and taeniasis in the Halle district /GDR/	318
B. Kozakiewicz, Factors influencing the meat inspection for <i>C. bovis</i>	324
I. Mann, <i>Taenia saginata</i> - surveillance, prevention and control	332
V. Schandl, J. Štěrba, J. Prokopič, J. Barták, Eradication of a bovine cysticercosis focus on a bull fattening farm	337
J. Škračiková, Š. Straka, Ž. Fetissová, Experience in the control of taeniasis in the district of Martin	343
F. Tenora, M. Vaněk, J. Chlebková, Assessment of the 5-year incidence of cattle parasitosis caused by cysticerci of the tapeworm <i>T. saginata</i>	348
A.V. Uspenskij, N.V. Shekhovtsov, A.S. Bessonov, Sterilization of beef affected with <i>C. bovis</i> using electromagnetic field device	354

SECTION X - ECONOMIC LOSSES

G. Olteanu, Economic implications of cysticercosis in cattle	359
J. Barták, J. Štěrba, J. Prokopič, V. Schandl, Economic problems in bovine cysticercosis in Large-scale Fattening Farms-Prague, Unit 01, Třeboň	374
M. Nevole, E. Král, Dynamics of economic losses due to bovine cysticercosis in South Moravia	385

Index of authors	393
List of participants	395
