List of Figures	VII
Introduction	9
I. Site topography	
1. Main features of the site in the landscape	11
2. Topography of Hradiště	13
2.1. Central area of the oppidum	13
2.2. The bailey	13
2.3. Oppidum defence zone	13
3. Access routes to the oppidum	16
3.1. Roads to the central area of the oppidum	16
3.2. Roads to the northern bailey	16
4. Communication routes between the central area and the bailey	18
II. Fortification	
1. Central defended area of the oppidum	19
1.1. South and west sections of central fortification	19
1.2. North section of central fortification	21
1.3. East section of central fortification	23
2. Southeast neck fortification	23
2.1. Upper rampart	23
2.2. Lower rampart	25
2.3. The ditch	25
3. Gate systems A1 and A2	26
3.1. Gate A1	26
3.2. Gate A2	27
4. Fortification of the bailey	28
5. A survey of the fortification system evidence	32
5.1. Position in the landscape	32
5.2. Area and arrangement of the fortification system	33
5.3. Construction sequence	33
5.4. Construction technology	33
5.5. Characteristic features of the defensive system	35
III. Investigation of the settlement and communication network	
1. Character of occupation within the investigated areas	36
2. Types of settlement features	38
3. Building construction of houses	40
4. Situation, form and significance of the main roads inside the oppidum	50
IV. Stratigraphy of the settlement in relation to the foundation of roads and building of the ramparts	
1. Basic stratigraphic data	52
1.1. Part I, 0-115 m, east and west sections (Appendix 2, sections C-D, E-F, G-H, J-K), Horizon 1 - Horizon 2 - Horizon 3 - Horizon 4	53
1.2. Part II, 364-285 m, NW and SE sections (Appendix 2, sections L-M, N-O, P-R, S-T, U-V), Horizon 1 - Horizon 2 - Horizon 3 - Horizon 4	57
1.3. Part II, 226-164 m, NW and SE sections (Appendix 3, sections A-B, C-D, C1-D1, E-F, G-H) Horizon 2 - Horizon 3 - Horizon 4	59

1.4.	Part II, 4-0 m, Part III, 0-17 m, NW and SE sections (Appendix 3, sections J-K, J1-K1, L-M) Horizon 1 - Horizon 2 - Horizon 3 - Horizon 4	60
1.5.	Part III, 350-421 m, N and S sections (Appendix 3, sections N-O, P-R, S-T, U-V) Horizon 2 - Horizon 3 - Horizon 4	61
2.	Application of the results of vertical stratigraphy to the settlement area	63
2.1.	Part II, 282 - 234 m (Plate 6)	64
2.2.	Part II, 132 - 73 m (Plate 6)	65
2.3.	Part II, 45 - 4 m (Plate 6)	65
2.4.	Part III, 18 - 159 m (Plate 7)	65
2.5.	Part III, 169 - 209 m (Plate 7)	65
2.6.	Part III, 215 - 272 m (Plate 7)	67
2.7.	Part III, 284 - 330 m (Plate 7)	67
2.8.	Part IV	67
3.	Summary of the stratigraphic evidence	67
V.	Outline of the building development of the investigated parts of the oppidum	
1.	Spatial distribution of the settlement area	70
2.	Main settlement features	76
VI.	Survey of the finds and their contribution to our knowledge of the economic basis of the oppidum	
1.	Pottery	82
2.	Metal and glass brooches and jewelry	106
3.	Components of armaments and equipment	108
4.	Construction components of houses and their furnishings	110
5.	Tools, semi-finished products and production waste	114
6.	Animal and human bones	117
7.	Crops and shrubs	119
8.	Summary of evidence concerning the economic structure of the oppidum	120
VII.	Chronology of the settlement and defences	
Catalogue	133
References	149
