Preface.....	xv
Acknowledgments	xvii
About the Author	xix
Chapter 1 The Himalayas and food culture.....	1
1.1 The Himalayas	1
1.2 Agriculture in the Himalayas.....	2
1.3 Ethnic people.....	4
1.4 Food culture	6
1.5 Fusion of Western and Eastern food cultures	9
1.6 What are ethnic fermented foods?.....	11
1.6.1 Microbiology of fermented foods.....	21
1.6.2 Consumption patterns of fermented foods and beverages.....	23
Chapter 2 Fermented vegetables.....	25
2.1 Important fermented vegetables	25
2.1.1 <i>Gundruk</i>	25
2.1.1.1 Indigenous knowledge of preparation	26
2.1.1.2 Culinary practices and economy.....	26
2.1.1.3 Microorganisms	28
2.1.2 <i>Sinki</i>	28
2.1.2.1 Indigenous knowledge of preparation	28
2.1.2.2 Culinary practices and economy.....	29
2.1.2.3 Microorganisms	31
2.1.3 <i>Goyang</i>	31
2.1.3.1 Indigenous knowledge of preparation	32
2.1.3.2 Culinary practices and economy.....	32
2.1.3.3 Microorganisms	33
2.1.4 <i>Inziangsang</i>	33
2.1.4.1 Indigenous knowledge of preparation	33
2.1.4.2 Culinary practices and economy.....	34
2.1.4.3 Microorganisms	34

2.1.5	<i>Khalpi</i>	35
2.1.5.1	Indigenous knowledge of preparation	35
2.1.5.2	Culinary practices.....	35
2.1.5.3	Microorganisms	36
2.1.6	<i>Mesu</i>	36
2.1.6.1	Indigenous knowledge of preparation	36
2.1.6.2	Culinary practices and economy	38
2.1.6.3	Microorganisms	38
2.1.7	<i>Soibum</i>	38
2.1.7.1	Indigenous knowledge of preparation	38
2.1.7.2	Culinary practices and economy	39
2.1.7.3	Microorganisms	40
2.1.8	<i>Soidon</i>	40
2.1.8.1	Indigenous knowledge of preparation	40
2.1.8.2	Culinary practices and economy	42
2.1.8.3	Microorganisms	42
2.1.9	<i>Soijim</i>	42
2.1.9.1	Indigenous knowledge of preparation	42
2.1.9.2	Culinary practices.....	42
2.1.9.3	Microorganisms	42
2.1.10	<i>Ekung</i>	42
2.1.10.1	Indigenous knowledge of preparation	43
2.1.10.2	Culinary practices and economy	43
2.1.10.3	Microorganisms	44
2.1.11	<i>Eup</i>	44
2.1.11.1	Indigenous knowledge of preparation	44
2.1.11.2	Culinary practices and economy	45
2.1.11.3	Microorganisms	45
2.1.12	<i>Hirring</i>	45
2.1.12.1	Indigenous knowledge of preparation	46
2.1.12.2	Culinary practices and economy	47
2.1.12.3	Microorganisms	47
2.1.13	<i>Lung-siej</i>	48
2.1.13.1	Indigenous knowledge of preparation	48
2.1.13.2	Culinary practices and economy	50
2.1.13.3	Microorganisms	50
2.1.14	<i>Anishi</i>	50
2.1.14.1	Indigenous knowledge of preparation	50
2.1.14.2	Culinary practices.....	50
2.1.14.3	Microorganisms	50
2.2	Microbiology	51
2.2.1	Food safety	55
2.2.2	Functional or technological properties	55

2.2.3	In situ fermentation dynamics.....	58
2.2.4	Upgrading of traditional process	59
2.3	Nutritive value	61
2.4	Conclusion	64
Chapter 3	Fermented legumes	65
3.1	Important fermented soybean foods	65
3.1.1	<i>Kinema</i>	65
3.1.1.1	Indigenous knowledge of preparation	66
3.1.1.2	Culinary practices.....	68
3.1.1.3	Economy.....	68
3.1.1.4	Microorganisms	70
3.1.2	<i>Hawaijar</i>	70
3.1.2.1	Indigenous knowledge of preparation	70
3.1.2.2	Culinary practices and economy	71
3.1.2.3	Microorganisms	72
3.1.3	<i>Tungrymbai</i>	72
3.1.3.1	Indigenous knowledge of preparation	72
3.1.3.2	Culinary practices and economy	72
3.1.3.3	Microorganisms	72
3.1.4	<i>Aakhone</i>	73
3.1.4.1	Indigenous knowledge of preparation	73
3.1.4.2	Culinary practices and economy	74
3.1.4.3	Microorganisms	74
3.1.5	<i>Bekang</i>	74
3.1.5.1	Indigenous knowledge of preparation	74
3.1.5.2	Culinary practices and economy	75
3.1.5.3	Microorganisms	75
3.1.6	<i>Peruyyan</i>	77
3.1.6.1	Indigenous knowledge of preparation	77
3.1.6.2	Culinary practices and economy	77
3.1.6.3	Microorganisms	77
3.2	Fermented black gram food	77
3.2.1	<i>Maseura</i>	77
3.2.1.1	Indigenous knowledge of preparation	78
3.2.1.2	Culinary practices and economy	80
3.2.1.3	Microorganisms	81
3.3	Microbiology	81
3.3.1	<i>Kinema</i>	81
3.3.1.1	Microorganisms	81
3.3.1.2	Source of inoculum in <i>kinema</i> production.....	82
3.3.1.3	Optimization of fermentation period	83
3.3.1.4	In situ fermentation of <i>kinema</i>	84

3.3.1.5	Selection of starter culture.....	85
3.3.1.6	Monoculture fermentation of <i>kinema</i>	86
3.3.1.7	Development of pulverized starter for <i>kinema</i> production	87
3.3.1.8	Phylogenetic similarity of <i>Bacillus</i> strains from Asian fermented soybeans.....	88
3.3.2	Other fermented soybean foods of North East India.....	90
3.4	Nutritive value	90
3.5	Conclusion	93
Chapter 4 Fermented milks		95
4.1	Important fermented milk products.....	95
4.1.1	<i>Dahi</i>	95
4.1.1.1	Indigenous knowledge of preparation	96
4.1.1.2	Culinary practices and economy	96
4.1.1.3	Microorganisms	96
4.1.2	<i>Mohi</i>	96
4.1.2.1	Indigenous knowledge of preparation	97
4.1.2.2	Culinary practices and economy	97
4.1.2.3	Microorganisms	97
4.1.3	<i>Gheu</i>	97
4.1.3.1	Indigenous knowledge of preparation	98
4.1.3.2	Culinary practices and economy	99
4.1.3.3	Microorganisms	99
4.1.4	<i>Chhurpi</i> (hard variety) and <i>dudh chhurpi</i>	99
4.1.4.1	Indigenous knowledge of preparation	99
4.1.4.2	Culinary practices and economy	100
4.1.4.3	Microorganisms	100
4.1.5	<i>Chhurpi</i> (soft variety)	101
4.1.5.1	Indigenous knowledge of preparation	101
4.1.5.2	Culinary practices and economy	102
4.1.5.3	Microorganisms	103
4.1.6	<i>Chhu</i>	103
4.1.6.1	Indigenous knowledge of preparation	103
4.1.6.2	Culinary practices.....	104
4.1.6.3	Microorganisms	104
4.1.7	<i>Somar</i>	105
4.1.7.1	Indigenous knowledge of preparation	105
4.1.7.2	Culinary practices.....	105
4.1.7.3	Microorganisms	106
4.1.8	<i>Philu</i>	107
4.1.8.1	Indigenous knowledge of preparation	107
4.1.8.2	Culinary practices and economy	107
4.1.8.3	Microorganisms	108

4.1.9	<i>Kalari</i>	110
4.1.9.1	Indigenous knowledge of preparation	110
4.1.9.2	Culinary practices.....	110
4.1.9.3	Microorganisms	110
4.2	Microbiology	110
4.2.1	Pathogenic contaminants	111
4.2.2	Technological or functional properties	111
4.2.3	In situ fermentation.....	113
4.3	Nutritive value	115
4.4	Conclusion	116
Chapter 5 Fermented cereals		117
5.1	Important fermented cereals.....	118
5.1.1	<i>Selroti</i>	118
5.1.1.1	Indigenous knowledge of preparation	118
5.1.1.2	Traditional equipment used during preparation of <i>selroti</i>	120
5.1.1.3	Culinary practices.....	121
5.1.1.4	Socioeconomy.....	121
5.1.1.5	Microorganisms	121
5.1.2	<i>Jalebi</i>	122
5.1.2.1	Indigenous knowledge of preparation	122
5.1.2.2	Culinary practices.....	122
5.1.2.3	Microorganisms	123
5.1.3	<i>Nan</i>	123
5.1.3.1	Indigenous knowledge of preparation	123
5.1.3.2	Culinary practices.....	124
5.1.3.3	Microorganisms	124
5.1.4	<i>Siddu</i>	125
5.1.4.1	Indigenous knowledge of preparation	125
5.1.4.2	Culinary practices.....	125
5.1.4.3	Microorganisms	126
5.1.5	<i>Chilra</i>	126
5.1.5.1	Indigenous knowledge of preparation	126
5.1.5.2	Culinary practices.....	126
5.1.5.3	Microorganisms	127
5.1.6	<i>Marchu</i>	127
5.1.6.1	Indigenous knowledge of preparation	127
5.1.6.2	Culinary practices.....	128
5.1.6.3	Microorganisms	128
5.1.7	<i>Bhaturu</i>	128
5.1.7.1	Indigenous knowledge of preparation	128
5.1.7.2	Culinary practices.....	129
5.1.7.3	Microorganisms	129

5.2	Microbiology	129
5.2.1	<i>Selroti</i>	129
5.2.1.1	Food safety	130
5.2.1.2	Effect of seasonal variation on microbial load ...	130
5.2.1.3	Technological properties	131
5.2.1.4	In situ fermentation dynamics	131
5.2.1.5	<i>Selroti</i> batter preparation by selected starter cultures	132
5.2.2	<i>Jalebi</i>	136
5.3	Nutritive value	136
Chapter 6 Ethnic fish products.....		139
6.1	Important ethnic fish products.....	140
6.1.1	<i>Suka ko maacha</i>	140
6.1.1.1	Indigenous knowledge of preparation	140
6.1.1.2	Culinary practices.....	140
6.1.1.3	Microorganisms	140
6.1.2	<i>Gnuchi</i>	142
6.1.2.1	Indigenous knowledge of preparation	142
6.1.2.2	Culinary practices.....	142
6.1.2.3	Microorganisms	142
6.1.3	<i>Sidra</i>	142
6.1.3.1	Indigenous knowledge of preparation	142
6.1.3.2	Culinary practices.....	142
6.1.3.3	Microorganisms	143
6.1.4	<i>Sukuti</i>	143
6.1.4.1	Indigenous knowledge of preparation	143
6.1.4.2	Culinary practices.....	144
6.1.4.3	Microorganisms	145
6.1.5	<i>Ngari</i>	146
6.1.5.1	Indigenous knowledge of preparation	146
6.1.5.2	Culinary practices and economy	146
6.1.5.3	Microorganisms	147
6.1.6	<i>Hentak</i>	147
6.1.6.1	Indigenous knowledge of preparation	147
6.1.6.2	Culinary practices.....	148
6.1.6.3	Microorganisms	148
6.1.7	<i>Tungtap</i>	149
6.1.7.1	Indigenous knowledge of preparation	149
6.1.7.2	Culinary practices.....	149
6.1.7.3	Microorganisms	150
6.1.8	Dried fishes of Assam	150
6.1.8.1	Indigenous knowledge of preparation	152
6.1.8.2	Culinary practices.....	152

6.1.8.3	Microorganisms	152
6.2	Microbiology	152
6.2.1	Pathogenic contaminants	155
6.2.2	Functional or technological properties	155
6.3	Nutritive value	156
6.4	Conclusion	158
Chapter 7	Ethnic meat products.....	161
7.1	Important ethnic meat products.....	162
7.1.1	<i>Lang kargyong</i>	162
7.1.1.1	Indigenous knowledge of preparation	163
7.1.1.2	Culinary practices and economy	163
7.1.1.3	Microorganisms	164
7.1.2	<i>Yak kargyong</i>	164
7.1.2.1	Indigenous knowledge of preparation	164
7.1.2.2	Culinary practices.....	164
7.1.2.3	Microorganisms	164
7.1.3	<i>Faak kargyong</i>	166
7.1.3.1	Indigenous knowledge of preparation	166
7.1.3.2	Culinary practices and economy	166
7.1.3.3	Microorganisms	167
7.1.4	<i>Lang satchu</i>	167
7.1.4.1	Indigenous knowledge of preparation	167
7.1.4.2	Culinary practices and economy	167
7.1.4.3	Microorganisms	168
7.1.5	<i>Yak satchu</i>	168
7.1.5.1	Indigenous knowledge of preparation	168
7.1.5.2	Culinary practices and economy	169
7.1.5.3	Microorganisms	169
7.1.6	<i>Suka ko masu</i>	169
7.1.6.1	Indigenous knowledge of preparation	170
7.1.6.2	Culinary practices and economy	170
7.1.6.3	Microorganisms	170
7.1.7	<i>Yak chilu</i>	171
7.1.7.1	Indigenous knowledge of preparation	171
7.1.7.2	Culinary practices.....	171
7.1.7.3	Microorganisms	172
7.1.8	<i>Lang chilu</i>	172
7.1.8.1	Indigenous knowledge of preparation	172
7.1.8.2	Microorganisms	172
7.1.9	<i>Luk chilu</i>	172
7.1.9.1	Indigenous knowledge of preparation	173
7.1.9.2	Microorganisms	173
7.1.10	<i>Yak kheuri</i>	173

7.1.10.1	Indigenous knowledge of preparation	173
7.1.10.2	Culinary practices.....	174
7.1.10.3	Microorganisms	174
7.1.11	<i>Lang kheuri</i>	174
7.1.11.1	Indigenous knowledge of preparation	174
7.1.11.2	Culinary practices.....	175
7.1.11.3	Microorganisms	175
7.1.12	<i>Chartayshya</i>	175
7.1.12.1	Indigenous knowledge of preparation	175
7.1.12.2	Culinary practices and economy	176
7.1.12.3	Microorganisms	177
7.1.13	<i>Jamma/geema</i>	177
7.1.13.1	Indigenous knowledge of preparation	177
7.1.13.2	Culinary practices.....	178
7.1.13.3	Microorganisms	178
7.1.14	<i>Arjia</i>	178
7.1.14.1	Indigenous knowledge of preparation	179
7.1.14.2	Culinary practices.....	179
7.1.14.3	Microorganisms	179
7.2	Microbiology	179
7.2.1	Prevalence of LAB	181
7.2.2	Occurrence of pathogenic bacteria.....	182
7.2.3	Technological or functional properties	182
7.3	Nutritive value	183
7.4	Conclusion	185
Chapter 8 Ethnic starters and alcoholic beverages		187
8.1	Traditional starter culture	188
8.1.1	<i>Marcha</i>	188
8.1.1.1	Indigenous knowledge of preparation	189
8.1.1.2	Interpretation of ethno-microbiology.....	191
8.1.1.3	Socioeconomy.....	191
8.1.1.4	Similar traditional starters	192
8.1.1.5	Microorganisms	193
8.1.2	<i>Manapu</i>	193
8.1.2.1	Indigenous knowledge of preparation	194
8.1.2.2	Microorganisms	194
8.1.3	<i>Mana</i>	194
8.1.3.1	Indigenous knowledge of preparation	195
8.1.3.2	Microorganisms	195
8.1.4	<i>Hamei</i>	196
8.1.4.1	Indigenous knowledge of preparation	196
8.1.4.2	Economy	197
8.1.4.3	Microorganisms	197

8.1.5	<i>Khekhrii</i>	198
	8.1.5.1 Indigenous knowledge of preparation	198
	8.1.5.2 Microorganisms	198
8.2	Alcoholic food beverages.....	198
8.2.1	<i>Kodo ko jaanr</i> or <i>chyang</i>	198
	8.2.1.1 Indigenous knowledge of preparation	200
	8.2.1.2 Mode of drinking.....	200
	8.2.1.3 Traditional equipment used	202
	8.2.1.4 Microorganisms	203
8.2.2	<i>Chyang</i>	203
	8.2.2.1 Indigenous knowledge of preparation	204
	8.2.2.2 Mode of drinking.....	204
	8.2.2.3 Microorganisms	204
8.2.3	<i>Bhaati jaanr</i>	205
	8.2.3.1 Indigenous knowledge of preparation	205
	8.2.3.2 Mode of consumption	206
	8.2.3.3 Similar products.....	206
	8.2.3.4 Microorganisms	207
8.2.4	<i>Poko</i>	207
	8.2.4.1 Indigenous knowledge of preparation	207
	8.2.4.2 Microorganisms	207
8.2.5	<i>Makai ko jaanr</i>	207
	8.2.5.1 Indigenous knowledge of preparation	208
	8.2.5.2 Mode of consumption	208
	8.2.5.3 Microorganisms	209
8.2.6	<i>Gahoon ko jaanr</i>	209
	8.2.6.1 Indigenous knowledge of preparation	210
	8.2.6.2 Mode of drinking.....	210
	8.2.6.3 Microorganisms	210
8.2.7	<i>Atingba</i>	210
	8.2.7.1 Indigenous knowledge of preparation	210
	8.2.7.2 Mode of consumption	210
	8.2.7.3 Microorganisms	210
8.2.8	<i>Zutho</i> or <i>zhuchu</i>	210
	8.2.8.1 Indigenous knowledge of preparation	210
	8.2.8.2 Mode of drinking.....	212
	8.2.8.3 Microorganisms	212
8.2.9	<i>Sura</i>	212
	8.2.9.1 Indigenous knowledge of preparation	212
	8.2.9.2 Mode of drinking.....	212
	8.2.9.3 Microorganisms	212
8.3	Distilled liquor or alcoholic drink.....	212
8.3.1	<i>Raksi</i>	212
	8.3.1.1 Indigenous knowledge of alcohol distillation ..	213

8.3.1.2	Mode of drinking.....	215
8.3.1.3	Economy.....	215
8.3.1.4	Distilled alcoholic drinks similar to <i>raksi</i>	215
8.4	Microbiology.....	215
8.4.1	Starter culture.....	215
8.4.2	<i>Kodo ko jaanr</i>	219
8.4.2.1	In situ fermentation of <i>kodo ko jaanr</i>	219
8.4.2.2	Improved method of <i>kodo ko jaanr</i> production.....	220
8.4.3	<i>Bhaati jaanr</i>	223
8.4.3.1	In situ fermentation of <i>bhaati jaanr</i>	224
8.5	Nutritive value.....	224
8.6	Conclusion.....	227
Chapter 9 Antiquity and ethnic values.....		229
9.1	Antiquity.....	229
9.1.1	Antiquity of <i>kinema</i>	230
9.1.2	Antiquity of <i>gundruk</i> and <i>sinki</i>	234
9.1.3	Antiquity of fermented milk products.....	235
9.1.4	Antiquity of <i>selroti</i>	236
9.1.5	Antiquity of alcoholic beverages.....	237
9.1.6	Antiquity of fish products.....	238
9.2	Ethnic values of the Himalayan fermented foods.....	239
9.2.1	Cultural foods.....	239
9.2.2	Fermented vegetables.....	240
9.2.3	Fermented milks.....	240
9.2.4	Fermented cereals.....	241
9.2.5	Fish products.....	242
9.2.6	Fermented meat.....	242
9.2.7	<i>Marcha</i>	243
9.2.8	Alcoholic drinks.....	243
9.3	Conclusion.....	244
Chapter 10 Prospects of the Himalayan fermented foods.....		247
10.1	Medicinal aspects.....	247
10.2	Total substrate utilization.....	248
10.3	Commercialization through ethnic food tourism.....	249
10.4	Microbial genetic resources.....	250
10.5	Conclusion.....	253
Bibliography.....		255
Index.....		285
