

Contents

Section 1: Midwifery

1. Historical Review	3
2. Development of Maternity Services and Current Trends	5
Current Trends	7
3. The Midwife	11
Development of Midwifery Education in India	12
4. The Nursing Process in Maternal Newborn Care	14
The Five Phases of Nursing Process	14
Diagnosis	17
Planning	24
Nursing Interventions	28
Implementing	30
Evaluating	32

Section 2: Reproductive System

5. The Female Pelvis and Generative Organs	37
Pelvis	37
Types of Pelvis	41
Other Pelvic Variations	43
Generative Organs	45
6. Hormonal Cycles	52
The Ovarian Cycle	52
Menstrual Cycle	54
7. The Male Reproductive System	56

Section 3: Embryology and Fetology

8. Fertilization, Implantation and Development of the Fertilized Ovum	61
Fertilization	61
Implantation	62
Development of the Fertilized Ovum	63
9. Development of the Placenta and Fetus	65
Development of the Placenta	65
Development of the Fetus	72
10. Fetal Organs and Fetal Circulation	76
Fetal Organs	76
11. The Fetal Skull	80

Section 4: Normal Pregnancy

12. Physiological Changes due to Pregnancy	87
<i>Changes in the Reproductive System</i>	87
<i>Changes in the Cardiovascular System</i>	89
<i>Changes in the Respiratory System</i>	91
<i>Changes in the Urinary System</i>	92
<i>Changes in the Gastrointestinal System</i>	92
<i>Changes in Metabolism</i>	93
<i>Changes in the Endocrine System</i>	95
13. Diagnosis of Pregnancy	98
14. Minor Disorders in Pregnancy	102
<i>Digestive System</i>	102
<i>Musculoskeletal System</i>	103
<i>Genitourinary System</i>	103
<i>Circulatory System</i>	104
<i>Integumentary System</i>	104
<i>Nervous System</i>	104
<i>Disorders that Require Immediate Action</i>	105
15. Antenatal Care	106
<i>Antenatal Visits</i>	106
<i>The Initial Examination</i>	106
<i>Present Pregnancy</i>	107
<i>Physical Examination</i>	108
<i>Inspection</i>	110
<i>Abdominal Palpation and Leopold's Maneuvers</i>	112
<i>Nursing Process for the Antenatal Mother</i>	121
16. Specialized Investigations and Fetal Evaluation in the Antenatal Period	124
<i>Ultrasonography</i>	124
<i>Amniocentesis and Amniotic Fluid Studies</i>	125
<i>Alpha-fetoprotein (AFP) Testing</i>	127
<i>Amnioscopy and Fetoscopy</i>	127
<i>Estriol Level Determination</i>	127
<i>Fetal Blood Sampling (Cordocentesis)</i>	128
<i>Fetal Evaluation Procedures</i>	128

Section 5: Normal Labor

17. Physiology of the First Stage of Labor	133
<i>Stages of Labor</i>	133
<i>Physiological Processes in the First Stage of Labor</i>	138
<i>Initial Assessment and Diagnosis</i>	141
18. Management of the First Stage of Labor	147
<i>Admission to Labor and Delivery Unit</i>	147
<i>Continuing Care and Evaluation</i>	151
<i>Partograph</i>	157
<i>Nursing Process during the First Stage of Labor</i>	164
19. Physiology of the Second Stage of Labor	166
<i>Physiological Processes</i>	166
<i>Presumptive Signs of Second Stage and Differential Diagnosis</i>	167

<i>Maternal Physiological Changes in the Second Stage</i>	167
<i>The Mechanism of Normal Labor</i>	168
<i>Summary of Mechanisms in Left Occiput Anterior (LOA) Position</i>	171
<i>Fetal Normality during the Second Stage</i>	172
<i>Duration of the Second Stage</i>	172
20. Management of the Second Stage of Labor	173
<i>Evaluation of Maternal Well-being</i>	173
<i>Episiotomy</i>	175
<i>Evaluation of the Fetal Well-being</i>	177
<i>Evaluation of the Progress of Labor</i>	177
<i>Bodily and Supportive Care of the Woman</i>	178
<i>Preparation for Delivery</i>	179
<i>Conducting the Delivery</i>	180
<i>Nursing Process during the Second Stage of Labor</i>	182
21. Physiology and Management of the Third Stage of Labor	184
<i>Physiological Processes of Placental Separation and Expulsion</i>	184
<i>Management of the Third Stage of Labor</i>	186
<i>Use of Oxytocic Agents</i>	189
<i>Fundal Height during Third Stage</i>	190
<i>Completion of the Third Stage</i>	190
<i>Complications of the Third Stage</i>	191
<i>Nursing Process during the Third Stage</i>	195
22. Management of the Fourth Stage of Labor	196
<i>Evaluation and Inspection</i>	196
<i>Continuing Care and Monitoring</i>	198
<i>Use of Oxytocic Drugs</i>	201
<i>Nursing Process during the Fourth Stage of Labor</i>	202

Section 6: The Normal Puerperium

23. Physiology and Management of the Normal Puerperium	207
<i>Duration</i>	207
<i>Anatomical and Physiological Changes of the Puerperium</i>	207
<i>General Physiological Changes</i>	210
<i>Management of Early Puerperium</i>	212
<i>Continuing Physical Assessment and Daily Care</i>	215
<i>Other Assessments</i>	220
<i>Discomforts of the Puerperium and Relief Measures</i>	223
<i>Breastfeeding Difficulties and Management</i>	225
<i>Nursing Process during the Puerperium</i>	227
24. Family Planning	230
<i>Magnitude of the Problem</i>	230
<i>Family Planning</i>	230
<i>Basic Human Rights</i>	231
<i>Methods of Contraception</i>	233
<i>Natural Contraception</i>	235
<i>Intrauterine Contraceptive Devices (IUDs)</i>	237
<i>Hormonal Contraceptives</i>	242
<i>Classification of Hormonal Contraceptives</i>	242

- Depot (Slow-releasing) Formulations 245
 Permanent Methods (Sterilization) 246
 Postconception Methods of Birth Control (Termination of Pregnancy) 251

Section 7: Abnormalities of Pregnancy, Labor and Puerperium

- 25. Abnormalities of Early Pregnancy 255**
 Classification of Abortion 255
 Abortion 255
 Spontaneous Abortion 256
 Induced Abortion 258
 Nurses' Role with Patients Undergoing Abortion 260
 Nursing Process for Clients with Abortion 261
 Ectopic Pregnancy/Ectopic Gestation 262
 Nursing Process for Clients with Ectopic Pregnancy 264
 Hydatidiform Mole 265
 Nursing Process for Clients with Hydatidiform Mole 266
 Hyperemesis Gravidarum 267
 Summary of Nursing Process for Clients with Hyperemesis 268
 Rh Isoimmunization and ABO Incompatibility 268
 Retroversion of the Gravid Uterus 269
- 26. Sexually Transmissible and Reproductive Tract Infections 271**
 Extent of the Problem in India 271
 Local Infections of the Vagina and Vulva 274
 Fungal Infections 274
 Protozoal Infections 275
 Bacterial Infections 275
 Group B Streptococcus 276
 Viral Infections 278
 Nursing Process for Pregnant Women with Acquired Immunodeficiency Syndrome 283
- 27. Disorders of Pregnancy 285**
 Antepartum Hemorrhage 285
 Placenta Previa 285
 Summary of Nursing Process 287
 Abruptio Placentae 288
 Summary of Nursing Process 290
 Disseminated Intravascular Coagulation (DIC) 290
 Disorders of the Amniotic Fluid 292
- 28. Hypertensive Disorders of Pregnancy 295**
 Pregnancy Induced Hypertension 295
 Pre-eclampsia 295
 Eclampsia 302
 Summary of Nursing Process 305
 Gestational Hypertension 306
 Chronic Hypertension in Pregnancy 306
 Essential Hypertension in Pregnancy 307
- 29. Medical Disorders Associated with Pregnancy 310**
 Summary of Nursing Process for Pregnant Women with Hypertension 308
 Cardiac Disease 310
 Summary of Nursing Process 314
 Respiratory Disorders 315

<i>Diabetes Mellitus</i>	316
<i>Thyroid Dysfunction in Pregnancy</i>	321
<i>Hyperthyroidism</i>	321
<i>Hypothyroidism</i>	322
<i>Anemia in Pregnancy</i>	323
<i>Iron Deficiency Anemia</i>	325
<i>Folic Acid Deficiency Anemia (Megaloblastic Anemia)</i>	328
<i>Vitamin B₁₂ Deficiency</i>	328
<i>Hemoglobinopathies</i>	328
<i>Sickle Cell Disorders</i>	329
<i>Thalassemia Syndromes</i>	330
<i>Asymptomatic Bacteriuria</i>	331
<i>Acute Pyelonephritis</i>	331
<i>Chronic Renal Disease</i>	332
<i>Systemic Lupus Erythematosus (SLE)</i>	332
<i>Idiopathic Thrombocytopenic Purpura (ITP)</i>	334
30. Multiple Pregnancy	336
<i>Incidence</i>	336
<i>Twin Pregnancy</i>	336
31. Preterm Labor, Premature Rupture of Membranes and Intrauterine Fetal Death	346
<i>Preterm Labor</i>	346
<i>Premature Rupture of Membranes (PROM)</i>	348
<i>Intrauterine Fetal Death (IUD)</i>	350
32. Post-term Pregnancy, Induction of Labor, Prolonged Labor and Disorders of Uterine Action	353
<i>Post-term Pregnancy</i>	353
<i>Induction of Labor</i>	355
<i>Prolonged Labor</i>	360
<i>Disorders of Uterine Action</i>	363
33. Malpositions and Malpresentations	369
<i>Occipito-posterior Position</i>	369
<i>Face Presentation</i>	371
<i>Brow Presentation</i>	374
<i>Breech Presentation</i>	375
<i>Shoulder Presentation</i>	381
<i>Compound Presentation</i>	382
<i>Shoulder Dystocia</i>	382
<i>Unstable Lie</i>	384
34. Obstetric Operations	386
<i>Dilatation and Evacuation</i>	386
<i>Forceps Delivery</i>	388
<i>Vacuum Extraction (Ventouse Delivery)</i>	393
<i>Cesarean Section</i>	396
<i>Destructive Operations (Embryotomies)</i>	399
35. Obstetric Emergencies	403
<i>Vasa Previa</i>	403
<i>Presentation and Prolapse of the Umbilical Cord</i>	403
<i>Dystocia Caused by Fetal Anomalies</i>	406
<i>Amniotic Fluid Embolism</i>	408

- Shock 408
 Basic Life Support/Cardiopulmonary Resuscitation (CPR) 411
- 36. Complications of Third Stage of Labor 414**
 Postpartum Hemorrhage 414
 Management of Primary Postpartum Hemorrhage 419
 Secondary Postpartum Hemorrhage 420
 Retained Placenta 421
 Placenta Accreta 422
 Inversion of the Uterus 423
- 37. Injuries to the Birth Canal 426**
 Lacerations of Perineum 426
 Pelvic Hematomas 428
 Rupture of the Uterus 429
 Visceral Injuries 430
- 38. Complications of Puerperium 432**
 Puerperal Pyrexia 432
 Puerperal Sepsis 432
 Nursing Process for Mothers with Puerperal Sepsis 435
 Subinvolution of the Uterus 436
 Breast Complications 436
 Venous Thrombosis 438
 Pulmonary Embolism 439
 Psychological Disturbances in the Puerperium 440

Section 8: The Normal Neonate

- 39. The Baby at Birth 445**
 Extrauterine Adaptation 445
 Immediate Care of the Baby at Birth 447
 Normal Characteristics and Physical Features of a Healthy Newborn 449
 Initial Assessment of the Newborn 450
 Resuscitation of the Newborn 455
- 40. Physiology, Screening, Daily Care and Observation of the Newborn 461**
 Physiology 461
 Physical Examination (Screening) 467
 Gestational Age Assessment 468
 Daily Care and Observation of the Newborn 471
- 41. Infant Feeding 473**
 The Breasts and Lactation 473
 Properties and Components of Breast Milk 474
 Management of Breastfeeding 475
 Food Used 483
- 42. The Low Birthweight Baby, The Preterm Baby and Intrauterine Growth Retarded Baby 485**
 Incidence of Low Birthweight 485
 Small for Gestational Age Term Infant 486
 Intrauterine Growth Retardation (IUGR) 492

Section 9: The III Baby

- 43. Recognizing the III Baby 497**
 Assessment of Gestational Age 497
 Warning Signs 498

44. Respiratory Problems of the Newborn.....	505
<i>Anatomy and Physiology of the Respiratory System</i> 505	
<i>Clinical Signs of Respiratory Problems</i> 506	
<i>Causes of Respiratory Problems</i> 506	
<i>Principles of Caring for a Baby with Respiratory Problem</i> 510	
45. Birth Trauma, Hemorrhage and Convulsions	513
<i>Trauma during Birth</i> 513	
<i>Hemorrhage</i> 516	
<i>Prevention of Trauma in the Newborn</i> 521	
<i>Convulsions in the Newborn</i> 521	
46. Congenital Abnormalities	524
<i>Causes of Congenital Abnormalities</i> 524	
<i>Prenatal Genetic Counseling</i> 525	
<i>Common Malformations and Syndromes</i> 526	
<i>Abnormalities Relating to Respiration</i> 528	
<i>Congenital Cardiac Defects</i> 528	
<i>Central Nervous System Abnormalities</i> 529	
<i>Musculoskeletal Deformities</i> 531	
<i>Abnormalities of the Urinary System</i> 534	
<i>Commonly Occurring Syndromes</i> 535	
47. Jaundice and Infections in the Newborn	537
<i>Jaundice</i> 537	
<i>Types of Jaundice</i> 538	
<i>Treatment</i> 540	
<i>Hemolytic Diseases of the Newborn</i> 543	
<i>Neonatal Infections</i> 543	
<i>Infections Acquired before or during Birth</i> 546	
<i>Infections Acquired after Birth</i> 549	
48. Metabolic and Endocrine Disorders in the Newborn	552
<i>Inborn Errors of Metabolism</i> 552	
<i>Phenylketonuria (PKU)</i> 553	
<i>Galactocemia</i> 553	
<i>Glucose-6-phosphate Dehydrogenase (G6PD) Deficiency</i> 553	
<i>Cystic Fibrosis</i> 553	
<i>Endocrine Disorders</i> 554	
<i>Congenital Hypothyroidism</i> 554	
<i>Hypoglycemia</i> 554	
<i>Hyperglycemia</i> 555	
<i>Electrolyte Imbalance</i> 555	
<i>Hypernatremia</i> 555	
<i>Hyponatremia</i> 556	
<i>Hypocalcemia</i> 556	
<i>Hypercalcemia</i> 556	
<i>Diarrhea in Newborn</i> 556	
<i>Vomiting in Newborn</i> 557	
<i>Causes of Vomiting</i> 557	
<i>Drug or Substance Withdrawal</i> 557	
<i>Neonatal Abstinence Syndrome (NAS) or Withdrawal Signs</i> 557	
<i>Fetal Alcohol Syndrome (FAS)</i> 558	

Section 10: Community Midwifery

- 49. Preventive Obstetrics and Domiciliary Care in Maternity Nursing..... 561**
Antenatal Care 561
Intranatal Care 565
Postnatal Care 568
- 50. Primary Health Care in India 570**
Levels of Health Care 570
Maternal and Child Health (MCH) Services 571
Reproductive and Child Health Program (RCH) 574

Section 11: Special Topics

- 51. Pain Relief and Comfort in Labor 579**
Perception of Pain 579
Causes of Pain 580
Anesthesia 582
Nonpharmaceutical Methods of Pain Relief 585
Positioning 586
Hygiene and Comfort 587
- 52. Childbirth Education and Preparation 588**
Natural Childbirth Approach 588
Childbirth Preparation Program 588
Goals of Educational Programs 589
Methods of Childbirth Preparation 589
Effectiveness of Prenatal Education 593
Role of Coach or Support Person 594
Role of the Childbirth Educator 594
- 53. Special Exercises for Pregnancy, Labor and Puerperium..... 596**
Postural Changes in Pregnancy 596
Posture for Comfort in Different Positions 596
Posture for Relief of Aches and Pains 598
Antenatal Exercises 599
Positions for Comfort during Labor 599
Postnatal Exercises 600
Exercises following Cesarean Section 602
Immediate Postnatal Physical Problems 602
- 54. Drugs Used in Obstetrics 604**
Oxytocics 604
Antihypertensive Drugs 606
Diuretics 610
Tocolytic Agents 612
Anticonvulsants 614
Anticoagulants 616
Analgesics 617
Effects of Maternal Medications on Fetus and Breastfeeding Infants 619
- 55. Vital Statistics in Obstetrics 621**
Maternal Vital Statistics 622
Maternal Mortality 622
Maternal Morbidity 624
Perinatal Mortality 625

Stillbirths	626
Neonatal Mortality	626
Infant Mortality Rate (IMR)	626
Record Keeping	627
56. Perinatal Loss and Grief	629
Loss, Grief and Mourning	629
Grief Situations in the Perinatal Period	629
The Nature of Perinatal Loss and Grief	630
Phases of Mourning (Grieving)	630
Helping Grieving Parents	631
Caring for the Caregiver	632
Nursing Process for the Client Experiencing a Loss	632
57. Radiology and Ultrasonics in Obstetrics	634
Radiology in Obstetrics	634
Ultrasonics in Obstetrics	635
58. Legal and Ethical Aspects of Midwifery	638
Laws and Ethics	638
59. National Population Policy and Family Welfare Programs	643
National Family Welfare Program	648
Reproductive and Child Health Program (RCH)	650
Janani Suraksha Yojana	653
Vandemataram Scheme	653
Safe Abortion Services	653
National Rural Health Mission (NRHM)	654
Integrated Child Development Services (ICDS)	655
60. Obstetric and Gynecological Instruments	657
Section 12: Gynecological Nursing	
61. Menstrual Disorders and Abnormal Bleeding	675
Amenorrhea	675
Dysmenorrhea	676
Mittelschmerz's Syndrome (Ovular Pain)	677
Dysfunctional Uterine Bleeding (DUB)	677
Premenstrual Syndrome (PMS)	678
Menorrhagia	679
Polymenorrhea (Epimenorrhea)	680
Metrorrhagia	680
Oligomenorrhea	680
Hypomenorrhea	680
62. Displacement of Uterus	681
Retroversion of Uterus	681
Uterine Prolapse	682
Chronic Inversion of Uterus	685
63. Infectious Conditions of Pelvic Organs	687
Pelvic Inflammatory Disease (PID)	687
Endometritis	688
Cervicitis	690
Vulval and Vaginal Infections	690

64. Benign Pelvic Conditions	692
<i>Fibroid Tumors</i> 692	
<i>Benign Ovarian Tumors</i> 693	
<i>Polyps</i> 694	
<i>Polycystic Ovary Syndrome (PCOS)</i> 695	
65. Gynecological Examinations and Diagnostic Procedures	697
<i>History</i> 697	
66. Congenital Malformations of Female Genital Organs	702
<i>Uterine Abnormalities</i> 702	
<i>Vaginal Malformations</i> 704	
<i>Abnormalities of External Genitalia</i> 705	
<i>Anomalies of the Ovaries</i> 705	
67. Genital Fistulae	707
<i>Genitourinary Fistula</i> 707	
<i>Urethrovaginal Fistula</i> 710	
<i>Ureterovaginal Fistula</i> 710	
<i>Rectovaginal Fistula (RVF)</i> 711	
68. Perioperative Care of Gynecological Patient	712
<i>Types of Surgery</i> 712	
<i>Management in Preoperative Phase</i> 713	
<i>Intraoperative Phase</i> 714	
<i>Postoperative Phase</i> 715	
69. Infertility and its Management	716
<i>Assisted Reproductive Technology (ART)</i> 721	
70. Genital Malignancies	725
<i>Ovarian Cancer</i> 725	
<i>Uterine Cancer</i> 729	
<i>Gestational Trophoblastic Disease (GTD)</i> 731	
<i>Cancer of Cervix</i> 733	
<i>Cancer of the Vulva</i> 736	
<i>Bartholin Gland Cancer</i> 737	
<i>Vaginal Cancer</i> 737	
<i>Cancer of Fallopian Tube</i> 738	
<i>Secondary Fallopian Tube Cancer</i> 739	
<i>Adenomyosis</i> 740	
71. Special Gynecological Conditions	740
<i>Endometriosis</i> 740	
<i>Dyspareunia</i> 742	
<i>Puberty</i> 743	
<i>Menopause</i> 744	
<i>Appendix: Nursing Care Plans for Maternal-Neonatal Clients</i>	<i>747</i>
<i>Glossary</i>	<i>777</i>
<i>Index</i>	<i>791</i>
