Baroque, Classical, Romantic, Ragtime, Jazz, Boogie & New Age
7 Intermediate Piano Arrangements of
Christmas Favorites

CATHERINE ROLLIN

One of the keys to a successful performance is a clear understanding of the different elements that comprise each style. This belief led to my Spotlight on Style series, which is comprised of six different collections. These books have received wonderful feedback from students and teachers. This has been especially rewarding because I feel that students have learned a lot while enjoying the music.

When asked to create a Christmas collection that captured the essence of a multitude of styles, I was delighted. I hope students and teachers enjoy Jingle Bell Rag, We Wish You a Classic Christmas, Boogie Woogie Nicholas and the other Christmas favorites in Spotlight on Christmas as much as I enjoyed creating them.

Have a very merry and "stylish" Christmas!
