#### On the Cover

Born Gaius Octavius, Augustus Caesar, the first Emperor of the Roman Principate is considered one of the greatest leaders in human history. Great nephew of Julius Caesar and noted in his will as his son and heir, Octavian (as he was also known) ushered in

*Pax Romana*, a period of relative peace for the Roman Empire. The month August is named in his honor, having previously been named "Sextilis", in Latin, when it was the 6th month of a 10-month calendar. Julius Caesar remade the calendar to a 12-month calendar, moving Sextilis to the 8th month, and the month was renamed in 8BC in honor of Augustus Caesar.
