

# CONTENTS

Contributors . . . . .	.11
Preface . . . . .	.13
Foreword	
<i>Adolfo Eraso</i> . . . . .	.15
<b>PART I – INTRODUCTION</b>	
Introduction	
<i>Editors.</i> . . . . .	.19
Paleokarst as a Problem	
<i>Jerzy Glazek, Pavel Bosák and Derek C. Ford</i> . . . . .	.23
Terminology	
<i>Pavel Bosák, Derek C. Ford and Jerzy Glazek</i> . . . . .	.25
<b>PART II – REGIONAL REVIEW</b>	
Paleokarst of Belgium	
<i>Yves Quinif.</i> . . . . .	.35
Paleokarst of Britain	
<i>Trevor D. Ford</i> . . . . .	.51
Paleokarst of Norway	
<i>Stein-Eric Lauritzen</i> . . . . .	.71
Paleokarst of Poland	
<i>Jerzy Glazek</i> . . . . .	.77
Paleokarst of Czechoslovakia	
<i>Pavel Bosák, Ivan Horáček and Vladimír Panoš</i> . . . . .	.107
Paleokarst of Hungary	
<i>György Bárdossy and László Kordos</i> . . . . .	.137
Hydrothermal paleokarst of Hungary	
<i>Pál Müller</i> . . . . .	.155
Paleokarst of Italy. Selected Examples from Cambrian to Miocene	
<i>Maria Boni and Bruno D'Argenio</i> . . . . .	.165
Paleokarst-related Ore Deposits of the Maghreb, North Africa	
<i>Yves Fuchs and B. Touahri</i> . . . . .	.191

Paleokarst of Yugoslavia	
<i>Dušan Gavrilović</i> . . . . .	201
Paleokarst of Bulgaria	
<i>Ivan Stanev and Stoyan Trashliev</i> . . . . .	217
Paleokarst of Romania	
<i>Marcian Bleahu</i> . . . . .	231
Paleokarst of the Union of Soviet Socialist Republics	
<i>Rostislav Alekseevich Tsykin</i> . . . . .	253
Paleokarst of China	
<i>Zhang Shouyue</i> . . . . .	297
Paleokarst of Canada	
<i>Derek C. Ford</i> . . . . .	313
Paleokarst of the United States	
<i>Margaret V. Palmer and Arthur N. Palmer</i> . . . . .	337

**PART III – MINERAL DEPOSITS CONNECTED WITH KARST**

An Introduction to Karst-related Mineral Deposits	
<i>Pavel Bosák</i> . . . . .	367
Pb-Zn Ores	
<i>Stanislaw Dżulyński and Maria Sass-Gustkiewicz</i> . . . . .	377
Bauxites	
<i>György Bárdossy</i> . . . . .	399
Iron Ore Deposits in Paleokarst	
<i>György Bárdossy, Yves Fuchs and Jerzy Glazek</i> . . . . .	419
Clays and Sands in Paleokarst	
<i>Pavel Bosák</i> . . . . .	431
The Oceanic Karst: Modern Bauxite and Phosphate Ore Deposits on the High Carbonate Islands (so-called “Uplifted Atolls”) of the Pacific Ocean	
<i>Françoise G. Bourrouilh-Le Jan</i> . . . . .	443
Paleokarst-related Uranium Deposits	
<i>Yves Fuchs</i> . . . . .	473

**PART IV – HYDROGEOLOGY AND ENGINEERING HAZARDS  
IN PALEOKARST AREAS**

Paleokarst as an Important Hydrogeological Factor	
<i>Josef Zötl</i> . . . . .	483
Hydrogeological Problems of Opencast and Underground Mining of Mineral Deposits Encountered During their Exploration, Development and Exploitation Stages	
<i>Pavel Bosák</i> . . . . .	511
Hydrogeological Problems of the Cracow-Silesia Zn-Pb Ore Deposits	
<i>Zbigniew Wilk</i> . . . . .	513
Hydrogeological Problems of Hungarian Bauxite and Coal Deposits	
<i>Tivadár Böcker and Béla Vízny</i> . . . . .	533

Paleokarst in Civil Engineering  
*Adolfo Eraso* . . . . . 549

Interaction Between Engineering and Environment in  
the Presence of Paleokarst: Some Case Histories  
*Jerzy Glazek* . . . . . 559

**PART V – PALEOKARST AS A SCIENTIFIC SUBJECT**

Special characteristics of paleokarst studies  
*Ivan Horáček and Pavel Bosák* . . . . . 565

Tectonic Conditions for Karst Origin and  
Preservation  
*Jerzy Glazek* . . . . . 569

Problems of the Origin and Fossilization of Karst  
Forms  
*Pavel Bosák* . . . . . 577

Biostratigraphic Investigations in Paleokarst  
*Ivan Horáček and László Kordos* . . . . . 599

**PART VI – CONCLUSIONS.** . . . . . 613

**PART VII – REFERENCES.** . . . . . 619

**PART VIII – INDEXES**

Author index . . . . . 669

Geographical index . . . . . 682

Subject index . . . . . 697
