

## Content

---

### Session I - The Role of Nutrition and Results of Human Clinical Tests with Cereals in Prevention of Nutritionally Dependent Diseases

---

- Nutritive Value of Cereals and Their Importance in Human Nutrition..... 11  
J. Prugar
- Human Studies with Cereal Fiber ..... 15  
W. Feldheim and E. Wisker
- Cereal Grains In Human Health And Nutrition ..... 22  
G. H. McIntosh
- Health Benefits of Barley: Heart Disease, Diabetes and Cancer ..... 32  
R. K. Newman and C.W. Newman
- Beta- (1→3) –Glucan Contents of Barley and Protective Effects of Barley Samples on Gastric Stress Ulcer Induced by Water Immersion in Rats ..... 36  
Hisao Nakamura, Fumito Uesaka, Komaki Yokoayama and Minako Yoshizawa

---

### Session II - Cereal Composition, Structure and Quality for Food

---

- A Role of Cereals in Human Nutrition ..... 47  
J. Příhoda
- Hulless Barley: A New Perspective For An Ancient Grain..... 48  
C.W. Newman and R.K. Newman
- Beta-Glucan in Oats and Oat Products ..... 54  
W. Ganßmann
- Study of Nutritional Quality of Wheat Grain..... 63  
R. Fencík
- Whole Rye and Wheat Bread -Technical and Health Aspects..... 70  
D. Weipert and J.- M. Brümmer
- Evaluation of Milling Baking Performance of German Wheat and Rye Cultivars..... 75  
M. G. Lindhauer and D. Meyer
- Breadmaking Quality, Protein Subunits and Amino-Acid Composition of Einkorn (Triticum monococcum) Compared with Other Wheat Species ..... 81  
G. Galterio, B. Borghi, F. Bucarelli, C. Cannell and F. Salamini
- The Quality of Naked Oat..... 91  
J. Moudrý

Wheat Varieties for Starch Production .....	96
J. Petr, D. Novotná and I. Capouchová	

---

**Session III - Cereal Nutrition and the Future of the Functional Foods**

---

Cereals in Functional Foods .....	103
S. Vavreinová, H. Smrčinová and V. Fiedlerová	

Immature Wheat Grains as Functional Food .....	106
M.G. D'Egidio, C. Cecchini, E. Desiderio and T. Cervigni	

Functional Value of Buckwheat in Comparison to Wheat and Beans.....	111
I. Kreft, V. Škrabanja, J. Osvald and G. Bonafaccia	

Polyphenols in Cereals and Their Positive and Negative Role in Human and Animal Nutrition .....	118
J. Lachman, V. Hosnedl, V. Pivec and M. Orsák	

---

**Session IV - Initial Genetic Resources of Food Cereals, Development and Study of Cereal Varieties for Various Food Uses**

---

Breeding of Cereals for Quality Traits.....	129
O. Chloupek and J. Ehrenbergerová	

Genetic Diversity of Barley for Developing Health-Promoting Foods .....	133
C. W. Newman, D. R. Clark and R. K. Newman	

Breeding of Naked Barley for Improved Protein Quality .....	140
Hidefumi Seko, Masamitsu Ito and Yoshinori Doi	

New Barley Breeding Lines with Changed Content of Amylopectin, Amylose and $\beta$ -glucan .....	145
W. Flamme, S. Andrée, G. Jansen, A. Jacobi, E. Dongowski and M. Huth	

Detection of Bread-Making Quality Donors for Selection Winter Wheat.....	151
J. Rychtárik	

---

**Session V - Development, Study and Utilization of Another Cereals (Amaranth, etc.) for Preventive Human Nutrition**

---

Amaranth as a Source Quality Protein, Vitamins and Mineral Elements.....	157
I. M. Magomedov	

---

**Poster Session**

---

Chemical Composition and Microstructure of Prowashonupana, a High-Fibre Barley .	161
A. A. M. Andersson, K. Autio and P. Åman	

Pilot scale experiments of whole amaranth flour utilisation in biscuit technology .....	162
L. Dodok, G. Halasová, B. Hozová and V. Buchtová	
Dry Soluble Oat Products .....	164
L. Dukařska and D. Kārklīņa	
The variability of the content of nutritionally valuable substances in spring barley grain .....	167
J. Ehrenbergerová, K. Vaculová, J. Chloupek, V. Psota and J. Zimolka.	
Selected Characteristics of Starters (Milk Cultures) and Individual Grain Fractions of Spring Barley with Potential Effects on Metabolism of Bile Acids.....	173
V. Erban, K. Vaculová and L. Pokorná	
Quality of German Oat Varieties and Industrial Oats .....	177
W. Ganßmann	
Kamut <sup>®</sup> - Molecular Characterization and Comparison with Other Triticum Species ..	180
E. Gregová, A. Michalová, M. Závodná and J. Kraic	
Characterisation of Waxy Starch from <i>Amaranthus cruentus</i> , L. ....	182
G. Halásová, L. Dodok and B. Hozová	
Cereal Grains – the Source of Tocopherols and Tocotrienols .....	185
M. Holasová, J. Velíšek and J. Davídek	
Usinf of Irradiated Amaranth Grain for the Production of Shelf-Stable Amaranth Biscuits .....	188
B. Hozová, L. Valík and J. Zemanovič	
Criteria of the Malt Quality and Relations between Them .....	190
L. Hřivna and J. Havelková	
Baking Quality of Wheat Grain .....	193
K. Hubík and F. Tichý	
Barley Varieties and Beer Production in Latvia.....	194
S. Kalinina and A. Nicgale	
Isolation and Characterisation of Starch Granules from Barley .....	196
A. Krumlová, J. Plocek, T. Kruml, V. Psota, I. Bohačenko and J. Chmelík	
The Role of Water Temperature on the Properties of Scald Baked Rye Bread .....	199
D. Kunkulberga and D. Kārklīņa	
Content of Amino Acids in Triticale Corn .....	202
J. Kučerová and S. Kráčmar	

Structure and Effects of Resistant Starch Based on Debranched Waxy Wheat and Barley Starches .....	205
U. Lehmann, W. Flamme, D. Schmiedl and G. Jacobasch	
The Influence of Plant Infection on Wheat Seed Quality .....	208
F. Lisowicz	
Behaviour of Black Coloured Oat Cultivars from the World Collection of Genetic Resources under the Czech Growing Conditions .....	210
F. Macháň and P. Martinek	
The Effect of Long -Term Storage of Malting Barley on its Quality .....	213
J. Mareček, L. Sychra, V. Psota	
Comparison of Grain Quality Characteristics in Various Wheat Species .....	216
P. Martinek and L. Nedomová	
Results of the Study on Selected Grain Quality Parameters in Genetic Resources of Spring Barley under Agroecological Conditions of Kroměříž .....	219
J. Mílová	
Yugoslav Wheat Cultivars for Healthy Food Production .....	222
N. Mladenov and N. Pržulj	
Chemical Composition of Amaranth Seeds .....	226
J. Moudrý and S. Vavreinová	
Testing of Hulless Barley in the Yugoslav Agroecological Conditions .....	228
N. Pržulj, V. Momčilović and N. Mladenov	
On the Use of Triticale in the Fermenting Industry .....	232
M. Pelikán, J. Prokeš and P. Šimůnek	
Yield and Grain Quality Characters in <i>Triticum spelta</i> L. and <i>T. dicoccon</i> Schrank. ....	234
Z. Stehno, M. Vlasák, M. Manev	
Hybridization of <i>Triticum durum</i> Desf. With the Donor for Yellow Pigment .....	237
S. Šliková and V. Šudyová	
Quality of Winter Barley in the Czech Republic .....	240
J. Špunar and K. Vaculová	
Breeding of Spring Barley Varieties with Reduced Content of Anthocyanogens Contributing to Food Safety .....	243
M. Špunarová and J. Prokeš	
Identification of Intergeneric Hybrid of Hexaploid Wheat with Protein Markers .....	246
V. Šudyová, E. Gregová and G. Šliková	

Fat Content and Composition in Spring Barley and Oat Grain .....	249
K. Vaculová, J. Ehrenbergerová, F. Macháň, J. Milotová and M. Fialová	
The Observation of the Mycotoxin Content in the Spring Barley Grains .....	253
B. Voženílková, J. Moudrý and J. Jůza	
Influences on the Grain Yield Structure of the Hull-less Spring Barley by Used Cropping Technologies .....	255
J. Zimolka, E. Müllerová, J. Ehrenbergerová and K. Vaculová	
Improvement of the Quality of Cereals by Chemical Control of Diseases (Baking and Malting Quality, Mycotoxins).....	258
B. Zwatz, R. Zederbauer, H. Lew and M. Werteker	
Conference sponsors .....	261
Content .....	267
