<i>Preface to the Series</i>	ix
<i>Preface</i>	xi
<i>Contributors</i>	xv

PART I INTRODUCTION

1 Prevalence, Needs, Strategies, and Risk Factors for Neurodegenerative Diseases	3
<i>Philip V. Peplow, Bridget Martinez, and Thomas A. Gennarelli</i>	

PART II RESEARCH METHODS

2 Activation of Microglia and Macrophages in Neurodegenerative Diseases	11
<i>Anna Salamero-Boix, Michael Schulz, and Lisa Sevenich</i>	
3 Activation of Astrocytes in Neurodegenerative Diseases	39
<i>Jiatong Li and Song Qin</i>	
4 Tau Pathology in Neurodegenerative Diseases	71
<i>Thomas Vogels and Tomáš Hromádka</i>	
5 Role of SIRT3 and Mitochondrial Dysfunction in Neurodegeneration	99
<i>Jin-Hui Hor, Munirah Mohamad Santosa, and Shi-Yan Ng</i>	
6 Oxidative Stress and Cellular Dysfunction in Neurodegenerative Disease	121
<i>Anju Singh, Ritushree Kukreti, and Shrikant Kukreti</i>	
7 Biomarkers in Parkinson's Disease	155
<i>Andrei Surguchov</i>	
8 Metabolomic Biomarkers in Parkinson's Disease	181
<i>Yaping Shao, Xiaojiao Xu, Nanxing Wang, Guowang Xu, and Weidong Le</i>	
9 Neuroinflammation in Huntington's Disease	215
<i>John D. Lee, Martin W. Lo, Jenny N. T. Fung, and Trent M. Woodruff</i>	
10 Biomarkers in Huntington's Disease	235
<i>Annie Killoran</i>	
11 Biofluid Biomarkers of Amyotrophic Lateral Sclerosis	263
<i>Cory J. Holdom, Frederik J. Steyn, Robert D. Henderson, Pamela A. McCombe, Mary-Louise Rogers, and Shyuan T. Ngo</i>	
12 MicroRNAs in Blood Serum, Blood Plasma, and Cerebrospinal Fluid as Diagnostic Biomarkers of Alzheimer's Disease	307
<i>Philip V. Peplow and Bridget Martinez</i>	

13 Tau Biomarkers for Long-Term Effects of Neurotrauma: Technology Versus the Null Hypothesis 329
Rudy J. Castellani

14 Impedimetric Immunosensing for Neuroinflammatory Biomarker Profiling 347
Andrea Cruz, Catarina M. Abreu, Paulo P. Freitas, and Inês Mendes Pinto

15 Aptamer Detection of Neurodegenerative Disease Biomarkers..... 361
Hui Xi and Yang Zhang

16 Possible Biomarkers for Frontotemporal Dementia and to Differentiate from Alzheimer’s Disease and Amyotrophic Lateral Sclerosis 387
Donald M. R. Harker, Bridget Martinez, and Ruben K. Dagda

PART III CLINICAL METHODS

17 TSPO PET Imaging as a Biomarker of Neuroinflammation in Neurodegenerative Disorders 407
Eryn L. Werry, Fiona M. Bright, and Michael Kassiou

18 Validation of Diffusion Kurtosis Imaging as an Early-Stage Biomarker of Parkinson’s Disease in Animal Models 429
Amit Khairnar, Eva Drazanova, Nikoletta Szabo, and Jana Ruda-Kucerova

19 Imaging Biomarkers in Huntington’s Disease 457
Edoardo Rosario De Natale, Heather Wilson, and Marios Politis

20 Imaging Biomarkers in Amyotrophic Lateral Sclerosis 507
Leonor Cerdá Alberich, Juan Francisco Vázquez-Costa, Amadeo Ten-Esteve, Miguel Mazón, and Luis Martí-Bonmatí

PART IV CONCLUSION

21 Trends in Biomarkers of Neurodegenerative Diseases..... 551
Philip V. Peplow, Bridget Martinez, and Thomas A. Gennarelli

Addendum 559

Index 563
