Foreword	vii
Preface	ix
Acknowledgments	xi

PART I CONCEPTUALIZING THE PROBLEM

Chapter 1	Underrecovery and Overtraining: Different Concepts—Similar Impact?	3
	Michael Kellmann, University of Potsdam, Germany	
Chapter 2	Overtraining, Underrecovery, and Burnout in Sport	25
	Daniel Gould and Kristen Dieffenbach, University of North Carolina at Greensboro, United States	
Chapter 3	Psychological Assessment of Underrecovery	37
	Michael Kellmann, University of Potsdam, Germany	
Chapter 4	Underrecovery and Overtraining: A Conceptual Model	57
	Göran Kenttä, University of Stockholm, Sweden, and Peter Hassmén, University of Stockholm, Sweden, and Stockholm University College of Physical Education and Sport, Sweden	

PART II DETERMINANTS OF UNDERRECOVERY

Chapter 5	Training Load and Monitoring an Athlete's Tolerance for Endurance Training	81
	David J. Smith and Stephen R. Norris, University of Calgary, Canada	
Chapter 6	Clinical Findings and Mechanisms of Stress and Recovery in Athletes	103
	Jürgen M. Steinacker and Manfred Lehmann, University of Ulm, Germany	

PART III INTERVENTION OF UNDERRECOVERY

Chapter 7	Planning, Periodization, and Sequencing of Training and Competition: The Rationale for a Competently Planned, Optimally Executed Training and Competition Program, Supported by a Multidisciplinary Team	121
	Stephen R. Norris and David J. Smith, University of Calgary, Canada	

Chapter 8	Overtraining: Emotional and Interdisciplinary Dimensions	143
	Cal Botterill, The University of Winnipeg, Canada, and Clare Wilson, National Sport Centre Calgary, Canada	
Chapter 9	Mood and Self-Regulation Changes in Underrecovery: An Intervention Model	161
	Henry Davis IV, Canada; Cal Botterill, The University of Winnipeg, Canada; and Karen MacNeill, National Sport Centre Calgary, Canada	
Chapter 10	Debriefing: A Means to Increasing Recovery and Subsequent Performance	181
	John M. Hogg, University of Alberta, Canada	
Chapter 11	Individually Optimal Recovery in Sports: An Application of the IZOF Model	199
	Yuri L. Hanin, Research Institute for Olympic Sports, Finland	
Chapter 12	The Recovery-Cue and Its Use in Applied Settings: Practical Suggestions Regarding Assessment and Monitoring of Recovery	219
	Michael Kellmann, University of Potsdam, Germany; Tom Patrick and Cal Botterill, The University of Winnipeg, Canada; and Clare Wilson, National Sport Centre Calgary, Canada	
PART IV TRANSFER TO RELATED AREAS		
Chapter 13	Recovery and Health	233
	David M. Paskevich, University of Calgary, Canada	
Chapter 14	Quality of Life	253
	Craig A. Wrisberg and Matthew S. Johnson, University of Tennessee, United States	
Chapter 15	Interaction of Volition and Recovery	269
	Jürgen Beckmann, University of Potsdam, Germany	
Chapter 16	Impact of Recovery in Different Areas of Application	283
	K. Wolfgang Kallus, University of Graz, Austria	
Chapter 17	Current Status and Directions of Recovery Research	301
	Michael Kellmann, University of Potsdam, Germany
