Foreword: Wandering multiplicity	xi
Preface: I'm not writing another book; I'm done	xii
Prologue: Speaking to different truths	xiv
Chapter 1: Preparation.....	1
From geography to map: Selecting a projection that works	2
Building your map: Laying strong foundations	4
The lines are drawn: Boundaries always shape the map	6
Colouring the map: Designing colour schemes with purpose.....	8
Reference information: Adding detail that helps people interpret the map	10
Static or dynamic: Going beyond the printed page.....	12
Chapter 2: Area maps.....	15
Red and blue states: The bottom-line result as unique values.....	16
Red and blue counties: Unique values at a finer level of detail.....	18
Shades of truth: Share of the vote as a choropleth.....	20
Seeing things differently: Processing and classifying the data	22
Side by side: Two choropleths to tell two sides of the story	24
Two maps in one: Choropleth with a diverging colour scheme.....	26
Red and blue makes purple: Choropleth with a blended-hue colour scheme	28
De-emphasising land mass: Value-by-alpha choropleth.....	30
Using visual effects for emphasis: Choropleth with hillshading.....	32
Emphasising place, not space: Dasymetric reallocation to new areas.....	34
Flipped counties: Selective choropleth of key places	36
Continuously varying results: Interpolated surfaces.....	38
Looking for relationships: Bivariate choropleth of two variables	40
All the colours: Fusing three variables into a trivariate choropleth.....	42
Don't lose your stripes: Vertical bar fills	44
What is a vote worth?: Electoral College votes per capita choropleth	46
One map is not enough: Small multiples over time.....	48
A landslide for apathy: Non-voters as unique values	50

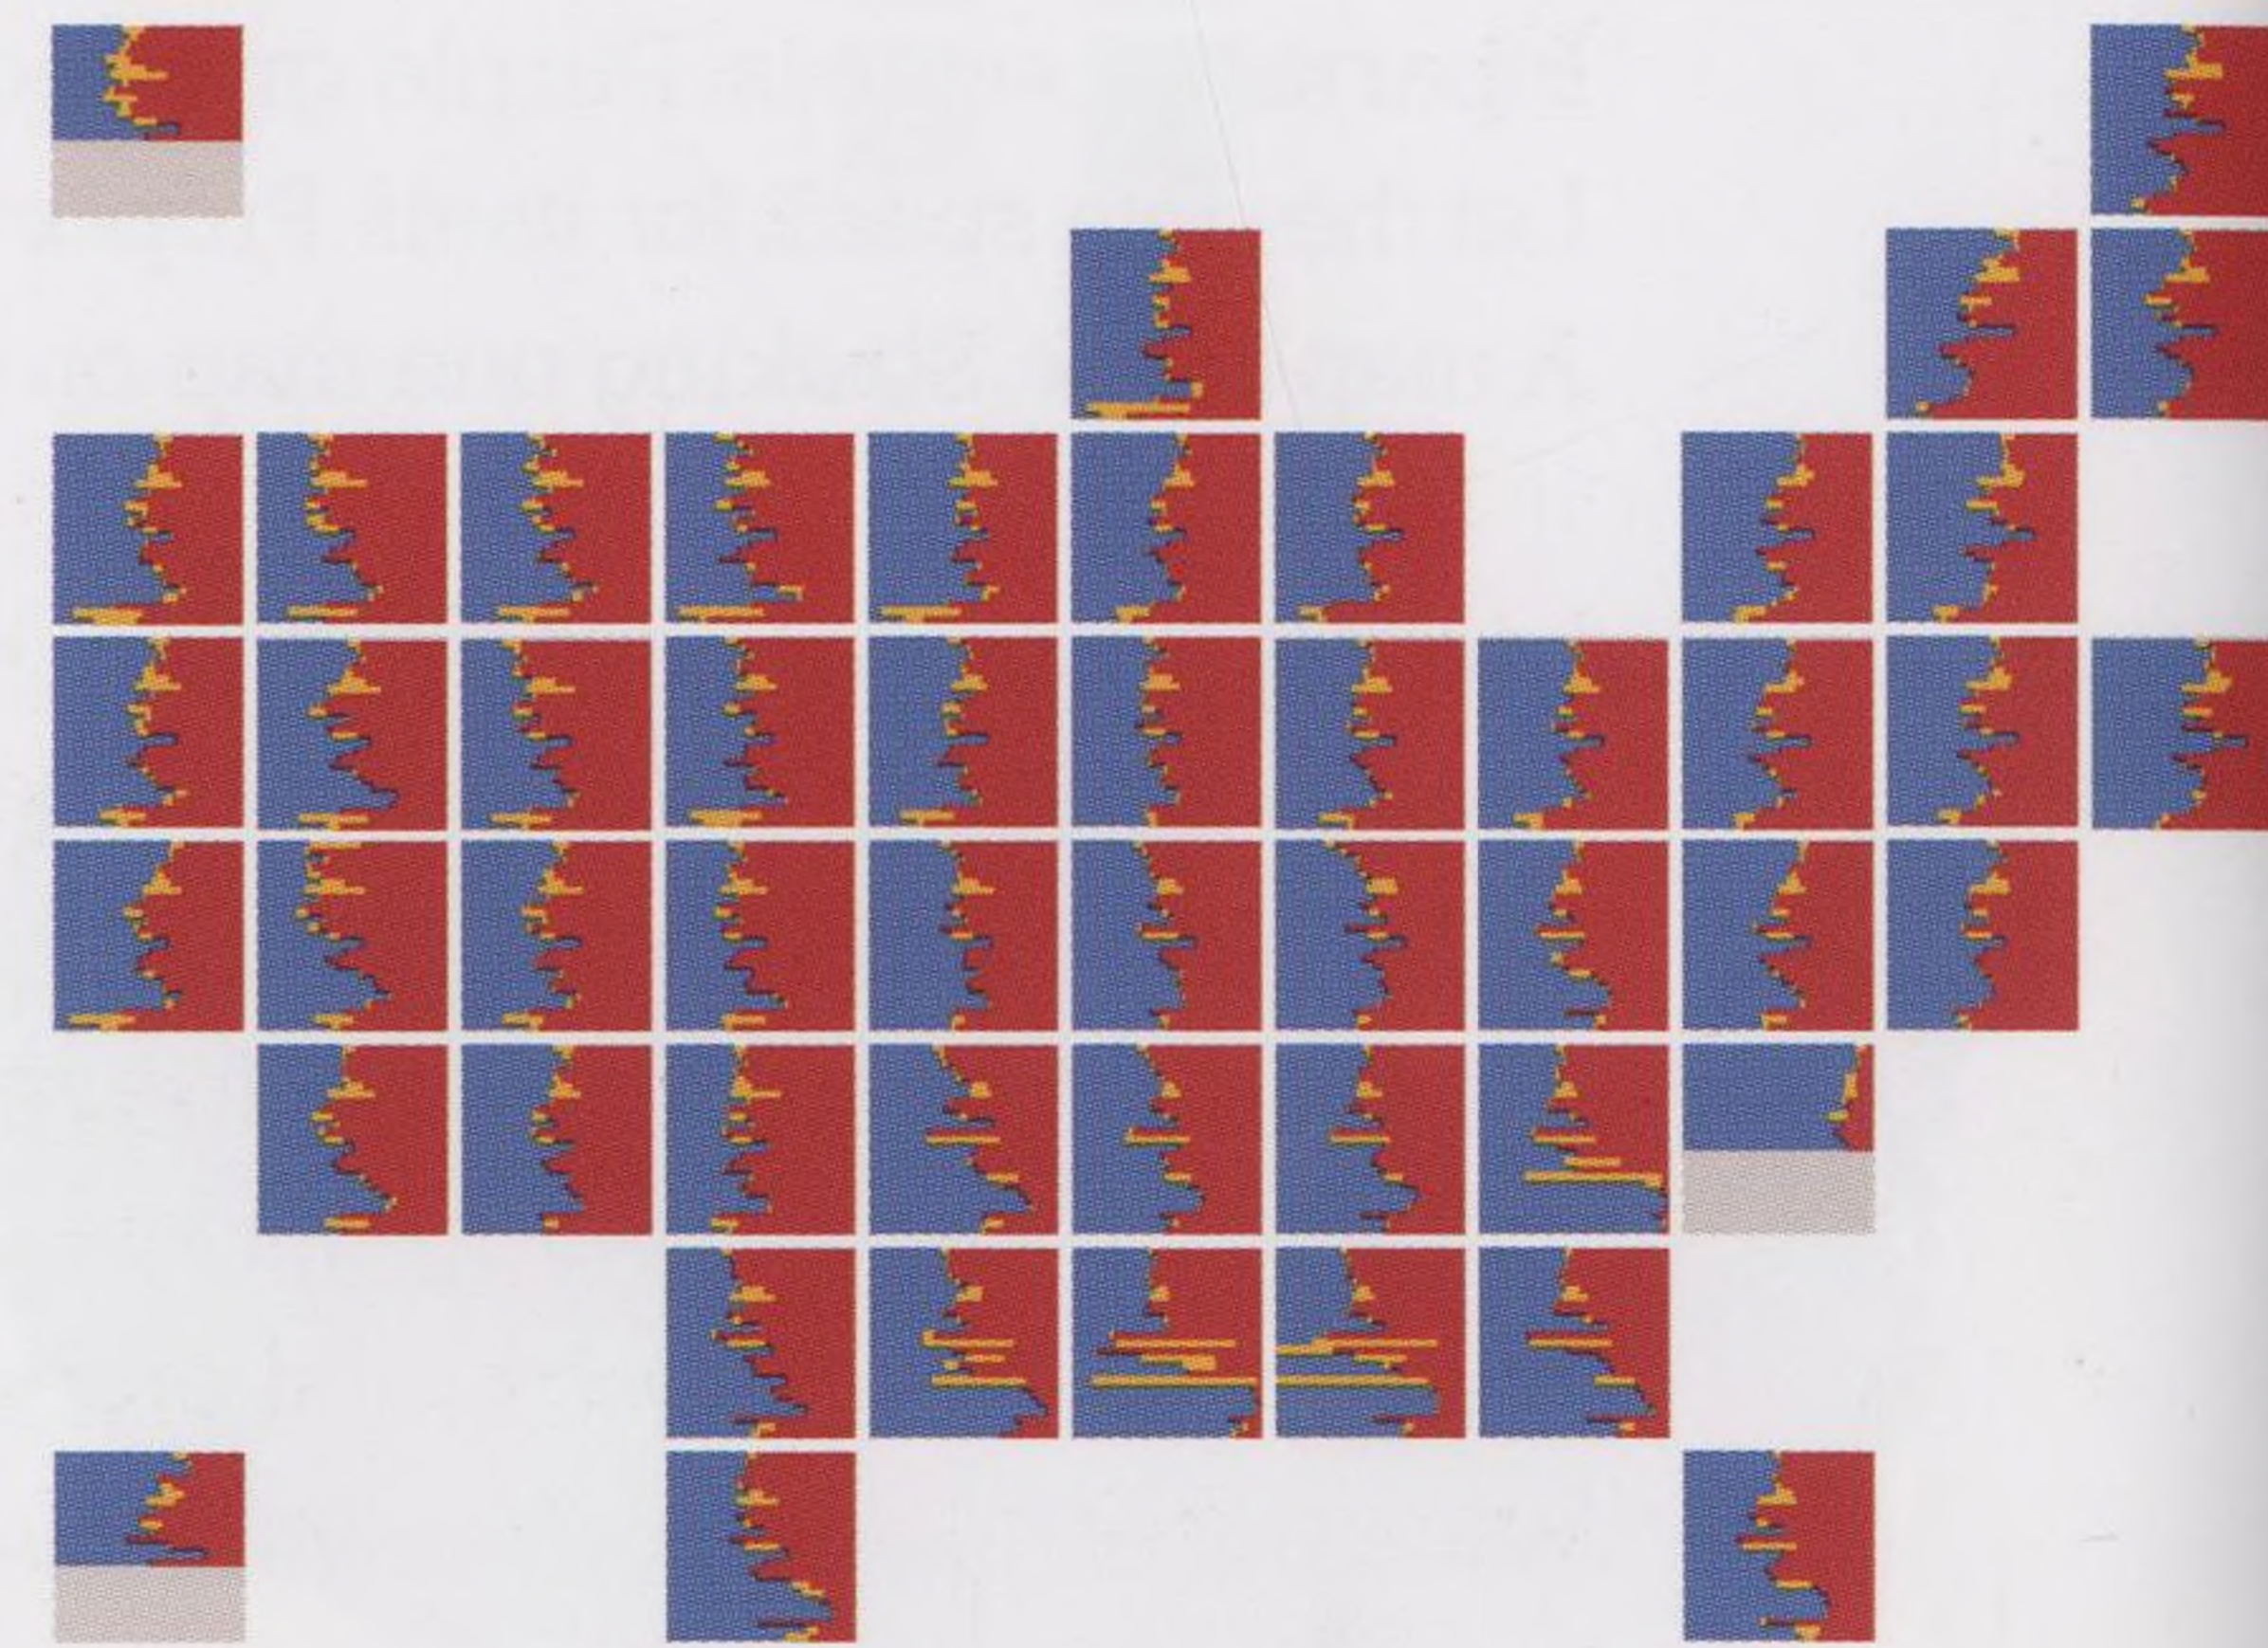

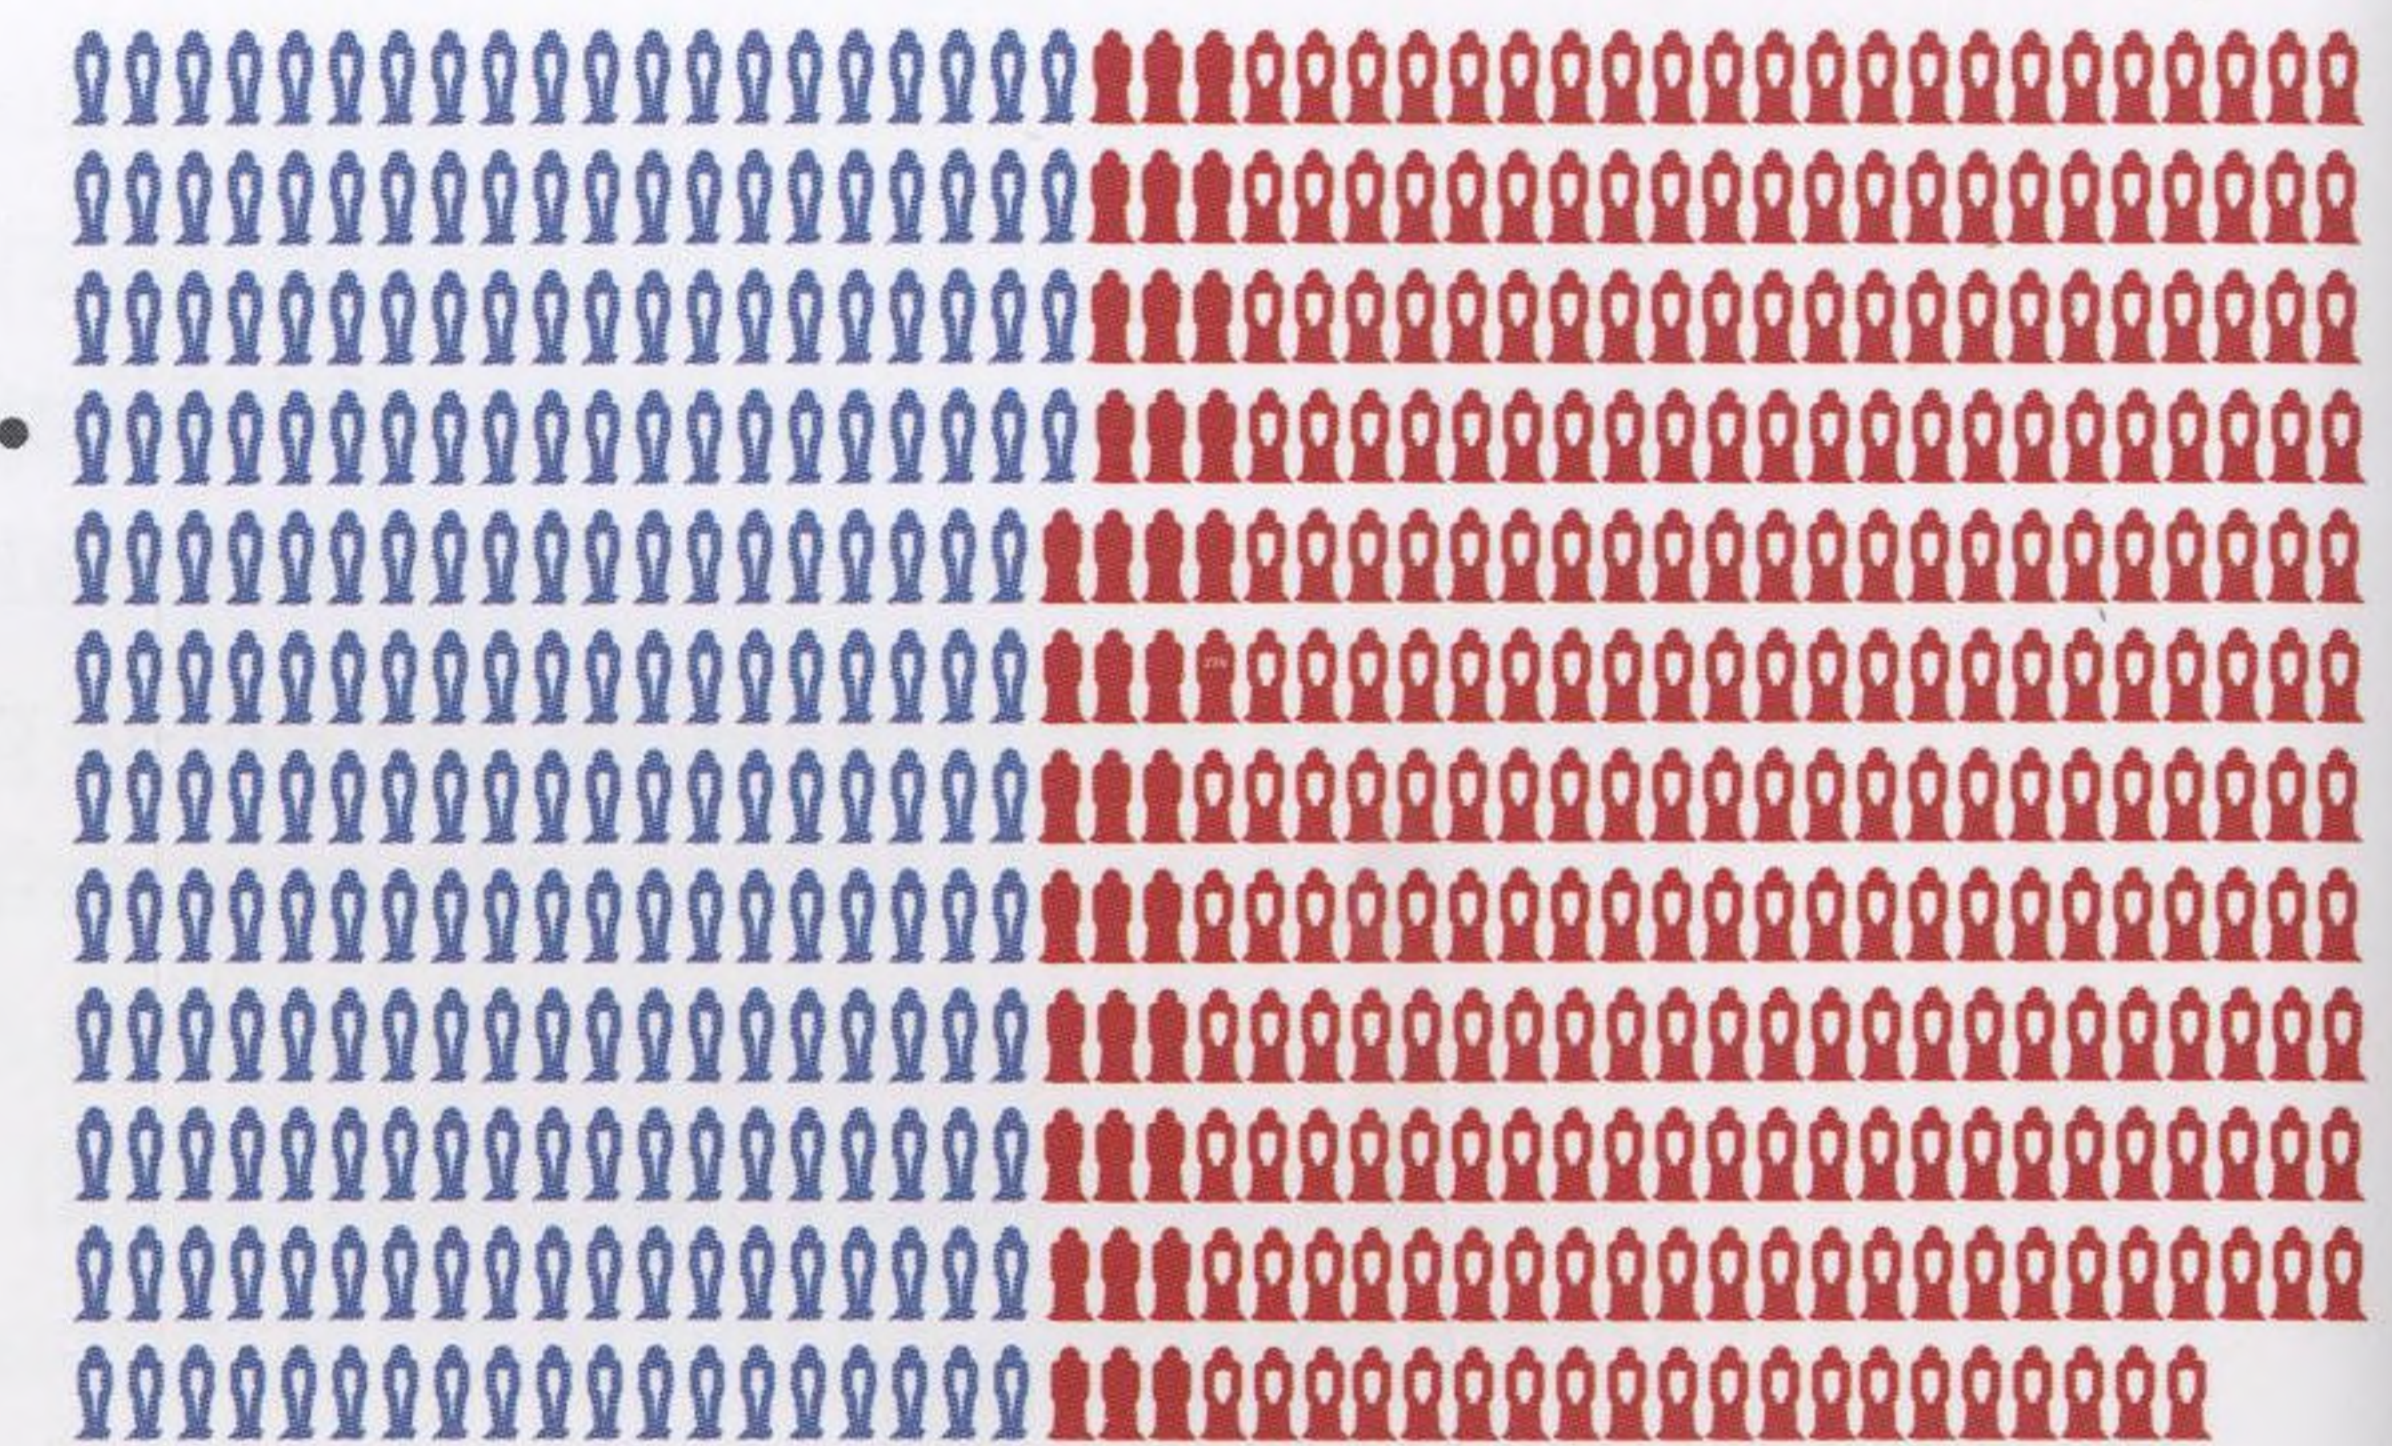

Chapter 3: Point maps.....	53
Size matters: Geometric shapes graduated in size	54
The winner's circle: Proportional symbols emphasise the data range.....	56
Squaring the circle: Proportional symbol map using squares.....	58
Painting the town red: Proportional symbol map using abstract symbols	60
Donkeys and elephants: Logos as proportional symbols.....	62
Hemispheres: Multivariate proportional symbols	64
Purple haze: Mixing red and blue dots.....	66
One dot per vote: Maximum detail with dasymetric dot density	68
Putting people on the map: Minimum detail with isotype symbology	70
Making the point: A hybrid proportional symbol dot density approach.....	72
When is an area a point?: Combining a choropleth with coloured dots	74
Crop circles: Equal-area binned, gridded symbols	76
Map box of doughnuts: Equal-area binned, gridded symbols with a hole.....	78
Bipartisan patterns: Purple gridded squares	80
Let the data speak for itself: Proportionally sized labels as literal symbols	82
A map stack: Stacking one map on top of another	84
Chapter 4: Line maps.....	87
Data as a fluid surface: Humble contour	88
Colouring between the lines: Isopleth (filled contours).....	90
Throwing shade: Illuminated contours	92
Over the garden fence: Alpha-blended boundary lines	94
Gauging the situation: Directional symbology.....	96
Winds of change: Trends over time using directional arrows	98
Path to victory: Flow map from candidacy to the finish line.....	100
Road to nowhere: Strip map for a political trip across America.....	102
Stars and stripes: Exposing cross-sections across the map	104
Chapter 5: Cartograms	107
Exploding the map: Non-contiguous cartogram	108
Out of shape: Population density–equalising cartogram.....	110
Tessellated geographies: Gridded cartogram by hexagon.....	112
The honeycomb: Non-contiguous gridded cartogram.....	114
Round like a circle: Dorling cartogram.....	116
It's hip to be square: Demers cartogram.....	118
The ballot box: Pseudo-3D hexagonal mosaic cartogram.....	120
Two colour counters: Compromise cartogram.....	122
Every vote's on the map: Dorling cartogram with embedded charts.....	124

Contents

Chapter 6: Graphs, charts, and plots	127
Let the numbers tell the story: Tabulation	128
Off the charts: Sometimes, the best map is no map.....	130
Repeatable pictures: Isotype-styled unit chart.....	132
The river: Line graph as a path to victory.....	134
Creating order from chaos: Treemap	136
Creating a new order: Spatially ordered treemap.....	138
Make some noise: Violin and beeswarm plots.....	140
Start the party: Infographics	142
Trump's tower: Building an Electoral College histogram	144
Plotting the x, y, and z: Space-time cubes	146
Chapter 7: Chartmaps	149
Counting votes: Waffle grid on a geographical base.....	150
Double dessert: Pie charts on a waffle grid	152
Square pegs in square holes: Unique values waffle grid.....	154
Pulse: Small multiples line graphs	156
No. 1 at the end of the bar: Small multiples stacked bar charts.....	158
Ebb and flow: Small multiples Sankey diagrams.....	160
Ticking away the moments: Small multiples radar charts.....	162
American pie: Small multiples polar area charts	164
Just for the record: Small multiples tree-ring charts	166
Common people: Trump and Clinton as Chernoff faces.....	168
Faces of America: Chernoff face Dorling cartogram	170
Just the basic facts: Minimalist sparklines	172
Dialing it in: Dials as a Dorling cartogram	174

Chapter 8: 3D maps.....	177
Round and round: Extruded prisms on a digital globe.....	178
Reach for the sky: Extruded prisms on a flat surface	180
Proper perspective: Extruded prisms in an axonometric view	182
Peaks and valleys: Extruded filled contours.....	184
View from the hill: 3D block diagram with a draped surface	186
Us and them: Triangulated irregular networks.....	188
Fake 3D: Chromastereoscopic colour encoding	190
From the ground up: Illuminated 3D columns.....	192
Raising the stakes: Stacked chips.....	194
Power to the people: Dasymmetrically distributed 3D people.....	196
Q*Map: Extruded waffle grid.....	198
Electoral causeway: Stratified areal space-time cube.....	200
Can't see the forest for the trees: Data spikes	202
It's a sign!: 3D gridded chartmap.....	204
 Chapter 9: Curiosities	 207
Winner takes all: Single fill for the win.....	208
A textured finish: Pattern fills	210
Islands in a storm: Imagined landscape	212
Pop art carte: Halftone symbology	214
Mountains and molehills: Multivariate symbol landscape.....	216
Politics will tear us apart: Joy plot.....	218
Old skool pen plot: Horizontal proportional lines.....	220
Ishihara election test: Dot density Dorling cartogram	222
Presidential puzzle: Abstract tessellated cartogram.....	224
Go ahead, make my day: Steampunk'd gridded cartogram.....	226
The force is strong in this one: Value-by-alpha dasymmetrically equalised repetition....	228
A picture is worth 2,638 counties: Modified pictorial map.....	230
 Epilogue: The making of a viral map.....	 233
 Prior carte: Old is new again	 245
 Credits	 273
