

## PART I

### Theory and Research in Human Development

#### CHAPTER 1

### History, Theory, and Research Strategies 2

- A Scientific, Applied, and Interdisciplinary Field 5
- Basic Issues 5
  - Continuous or Discontinuous Development? 6
  - One Course of Development or Many? 6
  - Relative Influence of Nature and Nurture? 7
- The Lifespan Perspective: A Balanced Point of View 7
  - Development Is Lifelong 8
  - Development Is Multidimensional and Multidirectional 9
- BIOLOGY AND ENVIRONMENT** Resilience 10
  - Development Is Plastic 10
  - Development Is Influenced by Multiple, Interacting Forces 10
- A LIFESPAN VISTA** The Baby Boomers Reshape the Life Course 12
- Scientific Beginnings 14
  - Darwin: Forefather of Scientific Child Study 14
  - The Normative Period 14
  - The Mental Testing Movement 15
- Mid-Twentieth-Century Theories 15
  - The Psychoanalytic Perspective 15
  - Behaviorism and Social Learning Theory 17
  - Piaget's Cognitive-Developmental Theory 19
- Recent Theoretical Perspectives 21
  - Information Processing 21
  - Ethology and Evolutionary Developmental Psychology 22
  - Vygotsky's Sociocultural Theory 23
  - Ecological Systems Theory 24
- Comparing and Evaluating Theories 26
- Studying Development 26
  - Common Research Methods 26
  - General Research Designs 31
- CULTURAL INFLUENCES** Immigrant Youths: Amazing Adaptation 32
  - Designs for Studying Development 34
- SOCIAL ISSUES** Can Musical Experiences Enhance Intelligence? 38
- Ethics in Lifespan Research 39
- Summary 41
- Important Terms and Concepts 43

## PART II

### Foundations of Development

#### CHAPTER 2

### Biological and Environmental Foundations 44

- Genetic Foundations 46
  - The Genetic Code 46
  - The Sex Cells 46
  - Boy or Girl? 47
  - Multiple Offspring 47
  - Patterns of Genetic Inheritance 48
  - Chromosomal Abnormalities 52
- Reproductive Choices 53
  - Genetic Counseling 53
- SOCIAL ISSUES** The Pros and Cons of Reproductive Technologies 54
  - Prenatal Diagnosis and Fetal Medicine 56
  - Adoption 57
- Environmental Contexts for Development 59
  - The Family 59
  - Socioeconomic Status and Family Functioning 60
  - Affluence 61
- A LIFESPAN VISTA** Worldwide Education of Girls: Transforming Current and Future Generations 62
  - Poverty 63
  - Beyond the Family: Neighborhoods, Towns, and Cities 63
  - The Cultural Context 65
- CULTURAL INFLUENCES** The African-American Extended Family 66
- Understanding the Relationship Between Heredity and Environment 70
  - The Question, "How Much?" 70
  - The Question, "How?" 72
- Summary 75
- Important Terms and Concepts 77

#### CHAPTER 3

### Prenatal Development, Birth, and the Newborn Baby 78

- Prenatal Development 80
  - Conception 80
  - Period of the Zygote 81
  - Period of the Embryo 82
  - Period of the Fetus 83
- Prenatal Environmental Influences 85

Teratogens 85

**A LIFESPAN VISTA** The Prenatal Environment and Health in Later Life 88

Other Maternal Factors 93

The Importance of Prenatal Health Care 95

**Childbirth** 96

The Stages of Childbirth 96

The Baby's Adaptation to Labor and Delivery 97

The Newborn Baby's Appearance 98

Assessing the Newborn's Physical Condition: The Apgar Scale 98

**Approaches to Childbirth** 99

Natural, or Prepared, Childbirth 99

Home Delivery 100

**Medical Interventions** 100

Fetal Monitoring 100

Labor and Delivery Medication 101

Cesarean Delivery 101

**Preterm and Low-Birth-Weight Infants** 101

Preterm versus Small-for-Date Infants 102

Consequences for Caregiving 102

Interventions for Preterm Infants 103

**SOCIAL ISSUES** A Cross-National Perspective on Health Care and Other Policies for Parents and Newborn Babies 104**Birth Complications, Parenting, and Resilience** 105**The Newborn Baby's Capacities** 106

Newborn Reflexes 106

Newborn States 108

**BIOLOGY AND ENVIRONMENT** The Mysterious Tragedy of Sudden Infant Death Syndrome 110

Sensory Capacities 111

Neonatal Behavioral Assessment 113

**Adjusting to the New Family Unit** 114

Summary 115

Important Terms and Concepts 117

**PART III****Infancy and Toddlerhood:  
The First Two Years****CHAPTER 4****Physical Development in Infancy  
and Toddlerhood**

118

**Body Growth** 120

Changes in Body Size and Muscle-Fat Makeup 120

Individual and Group Differences 121

Changes in Body Proportions 121

**Brain Development** 121

Development of Neurons 121

Neurophysiological Methods 123

Development of the Cerebral Cortex 124

Sensitive Periods in Brain Development 125

**A LIFESPAN VISTA** Brain Plasticity: Insights from Research on Brain-Damaged Children and Adults 126

Changing States of Arousal 128

**CULTURAL INFLUENCES** Cultural Variation in Infant Sleeping Arrangements 129**Influences on Early Physical Growth** 130

Heredity 130

Nutrition 130

Malnutrition 132

Emotional Well-Being 132

**Learning Capacities** 133

Classical Conditioning 133

Operant Conditioning 134

Habituation 134

Imitation 135

**Motor Development** 137

The Sequence of Motor Development 137

Motor Skills as Dynamic Systems 138

Fine-Motor Development: Reaching and Grasping 139

**Perceptual Development** 140

Hearing 141

Vision 141

**BIOLOGY AND ENVIRONMENT** "Tuning In" to Familiar Speech, Faces, and Music: A Sensitive Period for Culture-Specific Learning 142

Intermodal Perception 146

Understanding Perceptual Development 147

Summary 148

Important Terms and Concepts 149

**CHAPTER 5****Cognitive Development in Infancy  
and Toddlerhood**

150

**Piaget's Cognitive-Developmental Theory** 152

Piaget's Ideas About Cognitive Change 152

The Sensorimotor Stage 153

Follow-Up Research on Infant Cognitive Development 155

Evaluation of the Sensorimotor Stage 158

**Information Processing** 160

Structure of the Information-Processing System 161

Attention 162

Memory 162

Categorization 163

**A LIFESPAN VISTA** Infantile Amnesia 164

Evaluation of Information-Processing Findings 165

**The Social Context of Early Cognitive Development** 165**Individual Differences in Early Mental Development** 166**CULTURAL INFLUENCES** Social Origins of Make-Believe Play 167

Infant and Toddler Intelligence Tests 168

Early Environment and Mental Development 169

Early Intervention for At-Risk Infants and Toddlers 171

<b>Language Development</b>	172
Theories of Language Development	173
Getting Ready to Talk	174
First Words	176
The Two-Word Utterance Phase	176
Individual and Cultural Differences	176
Supporting Early Language Development	177

**BIOLOGY AND ENVIRONMENT** Parent–Child Interaction: Impact on Language and Cognitive Development of Deaf Children 179

Summary 180

Important Terms and Concepts 181

## CHAPTER 6 *Emotional and Social Development in Infancy and Toddlerhood* 182

**Erikson’s Theory of Infant and Toddler Personality** 184

  Basic Trust versus Mistrust 184

  Autonomy versus Shame and Doubt 184

**Emotional Development** 185

  Development of Basic Emotions 185

**A LIFESPAN VISTA** Parental Depression and Children’s Development 187

  Understanding and Responding to the Emotions of Others 188

  Emergence of Self-Conscious Emotions 188

  Beginnings of Emotional Self-Regulation 189

**Temperament and Development** 190

  The Structure of Temperament 190

  Measuring Temperament 191

**BIOLOGY AND ENVIRONMENT** Development of Shyness and Sociability 192

  Stability of Temperament 193

  Genetic Influences 193

  Environmental Influences 193

  Temperament and Child Rearing: The Goodness-of-Fit Model 194

**Development of Attachment** 196

  Ethological Theory of Attachment 196

  Measuring the Security of Attachment 198

  Stability of Attachment 199

  Cultural Variations 199

  Factors That Affect Attachment Security 200

  Multiple Attachments 202

**SOCIAL ISSUES** Does Child Care in Infancy Threaten Attachment Security and Later Adjustment? 203

**CULTURAL INFLUENCES** The Powerful Role of Paternal Warmth in Development 204

  Attachment and Later Development 205

**Self-Development During the First Two Years** 206

  Self-Awareness 206

  Categorizing the Self 208

  Self-Control 208

Summary 210

Important Terms and Concepts 211

## PART IV

### *Early Childhood: Two to Six Years*

## CHAPTER 7 *Physical and Cognitive Development in Early Childhood* 214

**PHYSICAL DEVELOPMENT** 216

**A Changing Body and Brain** 216

  Skeletal Growth 217

  Brain Development 217

**Influences on Physical Growth and Health** 219

  Heredity and Hormones 219

  Emotional Well-Being 219

**BIOLOGY AND ENVIRONMENT** Low-Level Lead Exposure and Children’s Development 220

  Nutrition 221

  Infectious Disease 221

  Childhood Injuries 222

**Motor Development** 224

  Gross-Motor Development 224

  Fine-Motor Development 224

  Individual Differences in Motor Skills 226

**COGNITIVE DEVELOPMENT** 227

**Piaget’s Theory: The Preoperational Stage** 227

  Mental Representation 227

  Make-Believe Play 227

  Symbol–Real-World Relations 228

  Limitations of Preoperational Thought 229

  Follow-Up Research on Preoperational Thought 230

  Evaluation of the Preoperational Stage 232

  Piaget and Education 233

**Vygotsky’s Sociocultural Theory** 234

  Private Speech 234

  Social Origins of Early Childhood Cognition 235

  Vygotsky and Education 235

**CULTURAL INFLUENCES** Children in Village and Tribal Cultures Observe and Participate in Adult Work 236

  Evaluation of Vygotsky’s Theory 236

**Information Processing** 237

  Attention 237

  Memory 238

  The Young Child’s Theory of Mind 239

**BIOLOGY AND ENVIRONMENT** “Mindblindness” and Autism 241

  Early Childhood Literacy 241

  Young Children’s Mathematical Reasoning 243

**Individual Differences in Mental Development** 243

  Home Environment and Mental Development 244

Preschool, Kindergarten, and Child Care 244  
Educational Media 246

Language Development 248  
Vocabulary 248  
Grammar 249  
Conversation 250  
Supporting Language Development in Early Childhood 251

Summary 251

Important Terms and Concepts 253

## CHAPTER 8 *Emotional and Social Development in Early Childhood* 254

Erikson's Theory: Initiative versus Guilt 256

Self-Understanding 256  
Foundations of Self-Concept 256

**CULTURAL INFLUENCES** Cultural Variations in Personal Storytelling:  
Implications for Early Self-Concept 257

Emergence of Self-Esteem 258

Emotional Development 258  
Understanding Emotion 258  
Emotional Self-Regulation 259  
Self-Conscious Emotions 259  
Empathy 260

Peer Relations 261  
Advances in Peer Sociability 261  
First Friendships 263  
Parental Influences on Early Peer Relations 263

Foundations of Morality 264  
The Psychoanalytic Perspective 264  
Social Learning Theory 265

**CULTURAL INFLUENCES** Ethnic Differences in the Consequences  
of Physical Punishment 267

The Cognitive-Developmental Perspective 269  
The Other Side of Morality: Development of Aggression 269

Gender Typing 273  
Gender-Stereotyped Beliefs and Behavior 273  
Genetic Influences on Gender Typing 273  
Environmental Influences on Gender Typing 274

**A LIFESPAN VISTA** David: A Boy Who Was Reared as a Girl 275

Gender Identity 276  
Reducing Gender Stereotyping in Young Children 278

Child Rearing and Emotional and Social Development 278  
Styles of Child Rearing 278  
What Makes Authoritative Child Rearing Effective? 280  
Cultural Variations 280  
Child Maltreatment 281

Summary 284

Important Terms and Concepts 285

 *Milestones*  
*Development in Early Childhood* 286

## PART V

### *Middle Childhood: Six to Eleven Years*

## CHAPTER 9 *Physical and Cognitive Development in Middle Childhood* 288

**PHYSICAL DEVELOPMENT** 290

Body Growth 290

Common Health Problems 291

Vision and Hearing 291

Nutrition 291

Obesity 292

Illnesses 293

Unintentional Injuries 294

Motor Development and Play 294

Gross-Motor Development 295

Fine-Motor Development 295

Sex Differences 295

Games with Rules 296

Shadows of Our Evolutionary Past 297

**SOCIAL ISSUES** School Recess—A Time to Play, a Time to Learn 298

Physical Education 298

**COGNITIVE DEVELOPMENT** 299

Piaget's Theory: The Concrete Operational Stage 299

Concrete Operational Thought 299

Limitations of Concrete Operational Thought 300

Follow-Up Research on Concrete Operational Thought 301

Evaluation of the Concrete Operational Stage 302

Information Processing 303

Attention 303

Memory Strategies 303

**BIOLOGY AND ENVIRONMENT** Children with Attention-Deficit

Hyperactivity Disorder 304

The Knowledge Base and Memory Performance 304

Culture, Schooling, and Memory Strategies 305

The School-Age Child's Theory of Mind 306

Cognitive Self-Regulation 307

Applications of Information Processing to Academic  
Learning 307

Individual Differences in Mental Development 309

Defining and Measuring Intelligence 309

Recent Efforts to Define Intelligence 310

Explaining Individual and Group Differences in IQ 312

**A LIFESPAN VISTA** Emotional Intelligence 313

**SOCIAL ISSUES** High-Stakes Testing 316

Language Development 316

Vocabulary 316

Grammar 317

Pragmatics 317

Learning Two Languages at a Time 318

Learning in School 319

Class Size 319

Educational Philosophies 319

- Teacher–Student Interaction 321
- Grouping Practices 322
- Teaching Children with Special Needs 322
- How Well Educated Are North American Children? 324

Summary 325

Important Terms and Concepts 327

## CHAPTER 10 Emotional and Social Development in Middle Childhood 328

Erikson's Theory: Industry versus Inferiority 330

Self-Understanding 330

- Self-Concept 330
- Development of Self-Esteem 331
- Influences on Self-Esteem 332
- Emotional Development 335
- Self-Conscious Emotions 335
- Emotional Understanding 335
- Emotional Self-Regulation 335

Understanding Others: Perspective Taking 336

Moral Development 337

- Moral and Social-Conventional Understanding 337
- Understanding Individual Rights 337
- Understanding Diversity and Inequality 338

Peer Relations 339

- Peer Groups 339
- Friendships 340
- Peer Acceptance 341

Gender Typing 342

- Gender-Stereotyped Beliefs 342

**BIOLOGY AND ENVIRONMENT** Bullies and Their Victims 343

- Gender Identity and Behavior 344

Family Influences 345

- Parent–Child Relationships 345
- Siblings 345
- Only Children 346
- Divorce 347
- Blended Families 349
- Maternal Employment and Dual-Earner Families 350

Some Common Problems of Development 352

- Fears and Anxieties 352
- Child Sexual Abuse 352

**A LIFESPAN VISTA** Impact of Ethnic and Political Violence  
on Children 353

- Fostering Resilience in Middle Childhood 354

**SOCIAL ISSUES** Children's Eyewitness Testimony 355

Summary 356

Important Terms and Concepts 357

 *Milestones*  
Development in Middle Childhood

358

## PART VI

### Adolescence: The Transition to Adulthood

## CHAPTER 11 Physical and Cognitive Development in Adolescence 360

**PHYSICAL DEVELOPMENT** 362

Conceptions of Adolescence 362

- The Biological Perspective 362
- The Social Perspective 362
- A Balanced Point of View 362

Puberty: The Physical Transition to Adulthood 363

- Hormonal Changes 363
- Body Growth 363
- Motor Development and Physical Activity 364
- Sexual Maturation 365
- Individual Differences in Pubertal Growth 366
- Brain Development 367
- Changing States of Arousal 368

The Psychological Impact of Pubertal Events 368

- Reactions to Pubertal Changes 368
- Pubertal Change, Emotion, and Social Behavior 368
- Pubertal Timing 370

Health Issues 371

- Nutritional Needs 371
- Eating Disorders 372
- Sexuality 373
- Sexually Transmitted Diseases 376

**SOCIAL ISSUES** Gay, Lesbian, and Bisexual Youths: Coming Out  
to Oneself and Others 377

- Adolescent Pregnancy and Parenthood 378

**A LIFESPAN VISTA** Like Parent, Like Child: Intergenerational  
Continuity in Adolescent Parenthood 380

- Substance Use and Abuse 380

**COGNITIVE DEVELOPMENT** 382

Piaget's Theory: The Formal Operational Stage 383

- Hypothetico-Deductive Reasoning 383
- Propositional Thought 383
- Follow-Up Research on Formal Operational Thought 384

An Information-Processing View of Adolescent Cognitive  
Development 385

- Scientific Reasoning: Coordinating Theory with Evidence 385
- How Scientific Reasoning Develops 386

Consequences of Adolescent Cognitive Changes 386

- Self-Consciousness and Self-Focusing 386
- Idealism and Criticism 388
- Decision Making 388

Sex Differences in Mental Abilities 389

- Verbal Abilities 389
- Mathematics 389

- Learning in School 390
- School Transitions 390

**BIOLOGY AND ENVIRONMENT** Sex Differences in Spatial Abilities 391

- Academic Achievement 393
- Dropping Out 396

Summary 397

Important Terms and Concepts 399

**CHAPTER 12**  
*Emotional and Social Development in Adolescence* 400

Erikson's Theory: Identity versus Role Confusion 402

Self-Understanding 402

- Changes in Self-Concept 402
- Changes in Self-Esteem 402
- Paths to Identity 403
- Identity Status and Psychological Well-Being 403
- Factors Affecting Identity Development 404

**CULTURAL INFLUENCES** Identity Development Among Ethnic Minority Adolescents 406

Moral Development 407

- Kohlberg's Theory of Moral Development 407
- Are There Sex Differences in Moral Reasoning? 409
- Coordinating Moral, Social-Conventional, and Personal Concerns 410
- Influences on Moral Reasoning 410
- Moral Reasoning and Behavior 412
- Religious Involvement and Moral Development 412

**SOCIAL ISSUES** Development of Civic Responsibility 413

- Further Challenges to Kohlberg's Theory 414

Gender Typing 414

The Family 415

- Parent-Child Relationships 415
- Family Circumstances 416
- Siblings 417

Peer Relations 417

- Friendships 417
- Cliques and Crowds 419
- Dating 420
- Peer Conformity 421

Problems of Development 421

- Depression 421
- Suicide 422
- Delinquency 423

**A LIFESPAN VISTA** Two Routes to Adolescent Delinquency 425

Summary 426

Important Terms and Concepts 427

*Milestones*  
*Development in Adolescence* 428

**PART VII**

*Early Adulthood*

**CHAPTER 13**  
*Physical and Cognitive Development in Early Adulthood* 430

**PHYSICAL DEVELOPMENT** 432

Biological Aging Is Under Way in Early Adulthood 432

- Aging at the Level of DNA and Body Cells 432

**BIOLOGY AND ENVIRONMENT** Telomere Length: A New Marker of the Impact of Life Circumstances on Biological Aging 433

- Aging at the Level of Organs and Tissues 434

Physical Changes 434

- Cardiovascular and Respiratory Systems 434
- Motor Performance 436
- Immune System 437
- Reproductive Capacity 437

Health and Fitness 438

- Nutrition 439
- Exercise 441

**A LIFESPAN VISTA** The Obesity Epidemic: How Americans Became the Heaviest People in the World 442

- Substance Abuse 444
- Sexuality 445
- Psychological Stress 449

**COGNITIVE DEVELOPMENT** 451

Changes in the Structure of Thought 451

- Perry's Theory: Epistemic Cognition 451
- Labouvie-Vief's Theory: Pragmatic Thought and Cognitive-Affective Complexity 452

Expertise and Creativity 453

The College Experience 454

- Psychological Impact of Attending College 454
- Dropping Out 455

Vocational Choice 455

- Selecting a Vocation 456
- Factors Influencing Vocational Choice 456

**SOCIAL ISSUES** Masculinity at Work: Men Who Choose Nontraditional Careers 458

- Vocational Preparation of Non-College-Bound Young Adults 458

Summary 460

Important Terms and Concepts 461

## CHAPTER 14

### Emotional and Social Development in Early Adulthood 462

- A Gradual Transition: Emerging Adulthood 464
  - Unprecedented Exploration and Advances in Identity 464
  - Cultural Change, Cultural Variation, and Emerging Adulthood 465
  - Risk and Resilience in Emerging Adulthood 466

**CULTURAL INFLUENCES** Is Emerging Adulthood Really a Distinct Period of Development? 467

Erikson's Theory: Intimacy versus Isolation 468

Other Theories of Adult Psychosocial Development 469

- Levinson's Seasons of Life 469
- Vaillant's Adaptation to Life 470
- Limitations of Levinson's and Vaillant's Theories 471
- The Social Clock 471

Close Relationships 472

- Romantic Love 472

**A LIFESPAN VISTA** Childhood Attachment Patterns and Adult Romantic Relationships 473

- Friendships 475
- Loneliness 476

The Family Life Cycle 478

- Leaving Home 478
- Joining of Families in Marriage 478
- Parenthood 481

**SOCIAL ISSUES** Partner Abuse 482

The Diversity of Adult Lifestyles 486

- Singlehood 486
- Cohabitation 487
- Childlessness 488
- Divorce and Remarriage 488
- Variant Styles of Parenthood 489

Career Development 491

- Establishing a Career 491
- Women and Ethnic Minorities 492

**SOCIAL ISSUES** Women in "Fast-Track" Careers Who Opt to Stay Home 493

- Combining Work and Family 494

Summary 496

Important Terms and Concepts 497

### Milestones

Development in Early Adulthood 498

## PART VIII

### Middle Adulthood

## CHAPTER 15

### Physical and Cognitive Development in Middle Adulthood 500

**PHYSICAL DEVELOPMENT** 502

Physical Changes 502

- Vision 502
- Hearing 503
- Skin 503
- Muscle-Fat Makeup 504
- Skeleton 504
- Reproductive System 504

**BIOLOGY AND ENVIRONMENT** Anti-Aging Effects of Dietary

Calorie Restriction 505

**CULTURAL INFLUENCES** Menopause as a Biocultural Event 508

Health and Fitness 509

- Sexuality 509
- Illness and Disability 509
- Hostility and Anger 513

Adapting to the Physical Challenges of Midlife 514

- Stress Management 514
- Exercise 515
- An Optimistic Outlook 516
- Gender and Aging: A Double Standard 517

**COGNITIVE DEVELOPMENT** 517

Changes in Mental Abilities 518

- Cohort Effects 518
- Crystallized and Fluid Intelligence 518
- Individual and Group Differences 520

Information Processing 520

- Speed of Processing 520
- Attention 522
- Memory 522
- Practical Problem Solving and Expertise 523
- Creativity 524
- Information Processing in Context 525

Vocational Life and Cognitive Development 525

Adult Learners: Becoming a College Student in Midlife 526

- Characteristics of Returning Students 526
- Supporting Returning Students 526

Summary 528

Important Terms and Concepts 528

Subject Index 511
