| INTRODUCTION | 5 |
| 1 DIABETES MELLITUS (GENERAL CHARACTERISTICS, CLASSIFICATION) | 10 |
| 1.1 Types of diabetes mellitus | 11 |
| 2 METABOLIC SYNDROME | 13 |
| 3 INSULIN RESISTANCE | 15 |
| 4 ARTERIAL HYPERTENSION | 17 |
| 5 COMPLICATIONS OF DIABETES MELLITUS | 19 |
| 5.1 Acute complications of diabetes mellitus | 19 |
| 5.2 Chronic complications of diabetes mellitus | 21 |
| 5.2.1 Chronic microvascular complications of diabetes mellitus | 22 |
| 6 CHRONIC MACROVASCULAR COMPLICATIONS OF DIABETES MELLITUS | 34 |
| 6.1 Diabetes mellitus and the heart | 39 |
| 6.1.1 Small vessels disease, cardiac syndrome X | 43 |
| 6.1.2 Coronary heart disease | 43 |
| 6.1.3 Diabetic cardiomyopathy | 44 |
| 6.1.4 Cardiac autonomic neuropathy | 45 |
| 6.2 Diabetes mellitus and stroke | 47 |
| 6.3 Vascular diseases of the lower extremities in diabetic patients | 48 |
| 7 EXAMINATION METHODS IN THE DIAGNOSTICS OF CHRONIC COMPLICATIONS IN DM | 51 |
| 7.1 Diagnostic methods of microangiopathic changes in DM | 51 |
| 7.1.1 Examination of microcirculation on the lower extremities by the method of Na ¹³¹ I tissue clearance | 51 |
| 7.1.2 Myocardial scintigraphy for the examination of the peripheral arterial system during exercise | 67 |
| 7.1.3 Photoplethysmography (PPG) | 68 |
| 7.1.4 Acral photoplethysmography | 68 |

| | |
|---|-----|
| 8 DIAGNOSTIC METHODS OF MACROANGIOPATIC CHANGES IN DM | 70 |
| 8.1 Diabetes mellitus and the heart | 70 |
| 8.1.1 Coronary heart disease and its diagnosis | 72 |
| 8.1.2 Small vessels disease | 90 |
| 8.1.3 Diabetic cardiomyopathy | 94 |
| 9 CARDIAC AUTONOMIC NEUROPATHY | 101 |
| 9.1 ANS examination methods | 104 |
| 9.1.1 Cardiovascular reflex tests | 106 |
| 9.1.2 Modern tests of heart rate variability assessment | 109 |
| 9.1.3 Clinical use of HRV examination | 116 |
| 9.1.4 Use of ¹²³ I-Adreview (metaiodobenzylguanidine – MIBG) in CAN diagnostics | 120 |
| 9.1.5 Does Age Affect the Condition of the Autonomic Nervous System? | 128 |
| 10 DIURNAL RHYTHM OF BLOOD PRESSURE IN DIABETIC PATIENTS | 134 |
| 11 IMAGING OF REGIONAL CEREBRAL PERFUSION – rCBF (REGIONAL CEREBRAL BLOOD FLOW) | 146 |
| 12 RHEOGRAPHIC EXAMINATION OF LOWER EXTREMITY ARTERIES | 154 |
| 13 SONOGRAPHIC EXAMINATION OF THE VASE SYSTEM OF THE LOWER EXTREMITY PULSE WAVE | 160 |
| SUMMARY | 166 |
| LITERATURE | 168 |
