How much can change in two years?

Ben survived his first year of college, but he's feeling more stuck than ever. His only saving grace is his writing partner, Mario, who's been giving him Spanish lessons and plenty of kisses. So why can't he stop thinking about a certain boy from his past?

Arthur is back in New York, ready to take the theatre world by storm. It sucks having to be apart from his boyfriend, but he knows their relationship is solid. Which is why it's no big deal when his ex-boyfriend Ben stumbles back into the picture, right?

Even as Ben and Arthur try to shake off the past, they keep running into each other in the present.

Is the universe trying to tell them there's a do-over in their future?
