Preface.....	xiii	Chapter 4. Self-Management in Chronic Disease.....	41
Foreword.....	xv	I. Definitions.....	41
Chapter 1. Overview.....	1	II. Key aspects.....	42
I. Definition.....	1	III. Current findings.....	44
II. Key aspects.....	4	IV. Relevance to practice.....	45
III. Current findings.....	6	V. Role of the advanced practice registered nurse.....	50
IV. Relevance to practice.....	7	VI. Interface to palliative care.....	50
V. Role of the advanced practice registered nurse.....	10	Case Study.....	51
Case Study.....	11	References.....	52
References.....	12	Chapter 5. Care of Multiple Chronic Conditions.....	55
Section I. Use of Palliative Care in Chronic Conditions and the Affordable Care Act		I. Definition.....	55
Chapter 2. The Patient Protection and Affordable Care Act.....	17	II. Key aspects.....	56
I. Definition.....	17	III. Current findings.....	58
II. Key aspects.....	19	IV. Relevance to practice.....	59
III. Medicaid grants.....	19	V. Role of the advanced practice registered nurse.....	61
IV. Patient's Bill of Rights.....	20	VI. Interface to palliative care.....	62
V. Overview of the ACA.....	20	Case Study.....	63
VI. Center for Medicare and Medicaid Innovation.....	21	References.....	63
VII. Health Care Payment Learning and Action Network.....	22	Chapter 6. Comparative Effectiveness Research.....	65
VIII. Health information technology.....	23	I. Definition.....	65
IX. Relevance to practice.....	23	II. Key aspects.....	66
X. Supreme Court ruling.....	24	III. Current findings.....	68
XI. Role of the advanced practice registered nurse.....	25	IV. Relevance to practice.....	69
XII. Interface to palliative care.....	26	V. Role of the advanced practice registered nurse.....	70
Case Study.....	28	VI. Interface to palliative care.....	71
References.....	28	Case Study.....	72
Chapter 3. Patient-Centered Outcomes of Care.....	31	References.....	72
I. Definition.....	31	Chapter 7. Health Policy and the Role of Advanced Practice Nurses.....	75
II. Key aspects.....	31	I. Definition.....	75
III. Current findings.....	33	II. Key aspects.....	76
IV. Relevance to practice.....	34	III. Current findings.....	78
V. Role of the advanced practice registered nurse.....	35	IV. Relevance to practice.....	79
VI. Interface to palliative care.....	36	V. Role of the advanced practice registered nurse.....	80
Case Study.....	37	VI. Interface to palliative care.....	81
References.....	38	Case Study.....	81
		References.....	82

Section II. Pharmacology of Palliative Care

Chapter 8. Metabolism and Excretion in Disease85

 I. Definitions85

 II. Key aspects.....85

 III. Relevance to practice87

 IV. Interface to palliative care92

 References.....92

Chapter 9. Cytochrome P450 in Palliative Care95

 I. Definitions95

 II. Key aspects.....95

 III. Relevance to practice97

 IV. Interface to palliative care104

 References.....105

Chapter 10. Drug-Drug Interactions in Palliative Care.....109

 I. Definitions109

 II. Key aspects.....109

 III. Current findings.....110

 IV. Relevance to practice114

 References.....114

Chapter 11. Palliative Care and Concomitant Medications.....117

 I. Definitions117

 II. Key aspects.....117

 III. Current findings and relevance to practice118

 IV. Role of the advanced practice registered nurse.....119

 Case Study.....120

 References.....120

Section III. Chronic Conditions and Malignancy

Chapter 12. Cardiovascular Disease.....125

 I. Definition125

 II. Pathophysiology.....128

 III. Presenting symptoms131

 IV. Physical examination132

 V. Diagnostics133

 VI. Differential diagnosis134

 VII. Interventions.....135

 Case Study.....138

 References.....139

Chapter 13. Chronic Kidney Disease141

 I. Definition141

 II. Pathophysiology.....141

 III. Presenting symptoms142

 IV. Physical examination143

 V. Diagnostics143

 VI. Differential diagnosis144

 VII. Interventions.....144

 Case Study.....145

 References.....146

Chapter 14. Chronic Obstructive Pulmonary Disease.....147

 I. Definition147

 II. Pathophysiology.....147

 III. Presenting symptoms149

 IV. Physical examination150

 V. Diagnostics150

 VI. Differential diagnosis152

 VII. Interventions.....153

 Case Study.....154

 References.....155

Chapter 15. Endocrine Disorders157

 I. Type 2 diabetes mellitus.....157

 II. Obesity167

 Case Study.....180

 References.....181

Chapter 16. General Oncology.....183

 I. Definitions183

 II. Pathophysiology.....183

 III. Presenting symptoms184

 IV. Physical examination184

 V. Diagnostics184

 VI. Differential diagnosis185

 VII. Interventions.....185

 References.....187

Chapter 17. Musculoskeletal Disorders:

Osteoarthritis189

 I. Definition189

 II. Pathophysiology.....189

 III. Presenting symptoms190

 IV. Physical examination190

 V. Diagnostics191

 VI. Differential diagnosis191

 VII. Interventions.....191

 Case Study.....193

 References.....194

Chapter 18. Neurologic Conditions195

 I. Alzheimer disease195

 II. Parkinson disease198

 III. Stroke.....201

 Case Study.....205

 References.....205

Section IV. Symptom Management

Chapter 19. Anxiety211

 I. Definition211

 II. Pathophysiology.....213

 III. Presenting symptoms213

 IV. Physical examination214

 V. Diagnostics214

 VI. Differential diagnosis217

 VII. Interventions.....218

 Case Study.....221

 References.....222

Chapter 20. Chronic Nonmalignant Pain.....225

 I. Definition225

 II. Pathophysiology.....227

 III. Presenting symptoms228

 IV. Physical examination230

 V. Diagnostics231

 VI. Differential diagnosis232

 VII. Interventions.....233

 Case Study.....236

 References.....237

Chapter 21. Constipation	239	VI. Differential diagnosis.....	302
I. Definition.....	239	VII. Interventions.....	302
II. Pathophysiology.....	239	Case Study.....	305
III. Presenting symptoms.....	239	References.....	306
IV. Physical examination.....	240	Chapter 28. Pruritus	307
V. Diagnostics.....	241	I. Definition.....	307
VI. Differential diagnosis.....	242	II. Pathophysiology.....	307
VII. Interventions.....	242	III. Presenting symptoms.....	307
Case Study.....	244	IV. Physical examination.....	308
References.....	246	V. Diagnostics.....	308
Chapter 22. Cough	247	VI. Differential diagnosis.....	309
I. Definition.....	247	VII. Interventions.....	309
II. Pathophysiology.....	247	Case Study.....	311
III. Presenting symptoms.....	249	References.....	312
IV. Diagnostics.....	249	Section V. Oncologic Emergencies	
V. Interventions.....	252	Chapter 29. Hypercalcemia of Malignancy	315
Case Study.....	254	I. Definition.....	315
References.....	255	II. Pathophysiology.....	316
Chapter 23. Dehydration	259	III. Presenting symptoms.....	316
I. Definition.....	259	IV. Physical examination.....	317
II. Key aspects.....	259	V. Diagnostics.....	318
III. Current findings.....	260	VI. Differential diagnosis.....	319
IV. Relevance to practice.....	260	VII. Interventions.....	319
V. Role of the advanced practice registered nurse.....	261	Case Study.....	323
VI. Integration of palliative care.....	262	References.....	324
Case Study.....	263	Chapter 30. Malignant Pleural Effusion	327
References.....	264	I. Definition.....	327
Chapter 24. Dementia	265	II. Pathophysiology.....	327
I. Definition.....	265	III. Presenting symptoms.....	329
II. Presenting symptoms.....	265	IV. Physical examination.....	329
III. Diagnostics.....	267	V. Diagnostics.....	331
IV. Interventions.....	268	VI. Differential diagnosis.....	332
V. Integration of palliative care.....	269	VII. Interventions.....	333
Case Study.....	269	Case Study.....	336
References.....	271	References.....	337
Chapter 25. Depression	273	Chapter 31. Spinal Cord Compression	339
I. Definition.....	273	I. Definition.....	339
II. Pathophysiology.....	274	II. Pathophysiology.....	340
III. Presenting symptoms.....	274	III. Presenting symptoms.....	340
IV. Physical examination.....	275	IV. Physical examination.....	343
V. Diagnostics.....	275	V. Diagnostics.....	344
VI. Differential diagnosis.....	278	VI. Differential diagnosis.....	344
VII. Interventions.....	278	VII. Interventions.....	345
Case Study.....	283	Case Study.....	350
References.....	283	References.....	350
Chapter 26. Dyspnea	289	Chapter 32. Superior Vena Cava Syndrome ...	353
I. Definition.....	289	I. Definition.....	353
II. Pathophysiology.....	290	II. Pathophysiology.....	353
III. Presenting symptoms.....	290	III. Presenting symptoms.....	354
IV. Physical examination.....	291	IV. Physical examination.....	355
V. Interventions.....	293	V. Diagnostics.....	357
Case Study.....	294	VI. Differential diagnosis.....	357
References.....	295	VII. Interventions.....	358
Chapter 27. Insomnia	299	Case Study.....	359
I. Definition.....	299	References.....	361
II. Pathophysiology.....	299	Section VI. Palliative Practices and Patient and Family Communication	
III. Presenting symptoms.....	300	Chapter 33. Communicating With the Patient and Family	365
IV. Physical examination.....	300		
V. Diagnostics.....	302		

I. Definition	365	Case Study.....	426
II. Key aspects.....	365	References.....	427
III. Current findings.....	367	Chapter 39. Interdisciplinary Team	
IV. Relevance to practice	370	Collaboration, Continuity, and	
V. Role of the advanced practice		Communication	431
registered nurse.....	371	I. Definitions	431
VI. Interface to palliative care	372	II. Key aspects.....	432
Case Study.....	373	III. Current findings.....	438
References.....	373	IV. Relevance to practice	439
Chapter 34. Preparing the Patient and		V. Role of the advanced practice	
Family for End of Life.....	377	registered nurse.....	440
I. Definition	377	VI. Interface to palliative care	441
II. Key aspects.....	377	Case Study.....	441
III. Current findings.....	383	References.....	443
IV. Relevance to practice	386	Chapter 40. Cultural Considerations	445
V. Role of the advanced practice		I. Definitions	445
registered nurse.....	386	II. Key aspects.....	446
VI. Interface to palliative care	387	III. Current findings.....	448
Case Study.....	387	IV. Relevance to practice	453
References.....	388	V. Role of the advanced practice	
Chapter 35. Advance Care Planning.....	391	registered nurse.....	453
I. Definition	391	VI. Interface to palliative care	454
II. Key aspects.....	392	Case Study.....	455
III. Current findings.....	393	References.....	456
IV. Relevance to practice	393	Section VII. Spiritual Support and Self-Care	
V. Role of the advanced practice		for Professionals	
registered nurse.....	394	Chapter 41. Spiritual and Religious Care	461
VI. Interface to palliative care	395	I. Definitions	461
Case Study.....	396	II. Key aspects.....	461
References.....	396	III. Current findings.....	462
Chapter 36. Preparation Versus Crisis		IV. Relevance to practice	463
Approach to Care.....	399	V. Role of the advanced practice	
I. Definition	399	registered nurse.....	463
II. Key aspects.....	399	VI. Interface to palliative care	465
III. Current findings.....	400	Case Study.....	465
IV. Relevance to practice	402	References.....	465
V. Role of the advanced practice		Chapter 42. Hope and Loss	467
registered nurse.....	403	I. Definition	467
VI. Interface to palliative care	403	II. Key aspects.....	467
Case Study.....	404	III. Current findings.....	468
References.....	404	IV. Relevance to practice	468
Chapter 37. Identifying Team Disciplines	407	V. Role of the advanced practice	
I. Definition	407	registered nurse.....	469
II. Key aspects.....	408	VI. Interface to palliative care	470
III. Current findings.....	410	Case Study.....	470
IV. Relevance to practice	410	References.....	470
V. Role of the advanced practice		Chapter 43. Compassionate Self-Care:	
registered nurse.....	411	An Interdisciplinary Approach.....	473
VI. Interface to palliative care	411	I. Definition	473
Case Study.....	412	II. Key aspects.....	475
References.....	413	III. Current findings.....	477
Chapter 38. Patient and Family Goal Setting	415	IV. Relevance to practice	480
I. Definitions	415	V. Role of the advanced practice	
II. Key aspects.....	416	registered nurse.....	481
III. Current findings.....	423	VI. Interface to palliative care	481
IV. Relevance to practice	425	Case Study.....	481
V. Role of the advanced practice		References.....	482
registered nurse.....	425	Index.....	487
VI. Interface to palliative care	426
