

# Contents

## SECTION 1 The Basics

1. Evolution of Shoulder Arthroplasty 3  
Reza Jazayeri and Alex Friedman
2. Glenohumeral Anatomy and Implant Design 16  
Kevin M. Magone and Joseph D. Zuckerman
3. Biomechanics of Anatomic Total Shoulder Arthroplasty 24  
Christopher P. Roche and Matthew L. Hansen
4. Biomechanics of Reverse Total Shoulder Arthroplasty 38  
Christopher P. Roche and Howard D. Routman

## SECTION 2 Preoperative Considerations

5. The Spectrum of Glenohumeral Arthritis 57  
Tyler A. Luthringer and Joseph D. Zuckerman
6. Assessment and Classification of Glenohumeral Deformity 76  
Richard B. Jones and Ari R. Youderian
7. Decision-Making: Anatomic or Reverse Shoulder Arthroplasty 98  
Kevin M. Magone and Joseph D. Zuckerman
8. Preoperative Planning: Patient-Specific Instrumentation 111  
Brandon J. Erickson, Patrick Denard, and Anthony A. Romeo
9. Anesthesia for Shoulder Arthroplasty 120  
Uchenna O. Umeh and Chrissy J. Cherenfant
10. Intraoperative Navigation 128  
Pierre-Henri Flurin and Laurent Angibaud
11. Operative Approach: Deltopectoral and Anterosuperior 140  
Yoav Rosenthal and Young W. Kwon

## SECTION 3 Anatomic Total Shoulder Arthroplasty

12. Implant Options 153  
Kenneth J. Faber and G. Daniel Langohr
13. Operative Technique Anatomic Total Shoulder Arthroplasty 167  
Sean G. Grey

14. Addressing Glenoid Deformity in Anatomic Total Shoulder Arthroplasty 180  
Jared M. Mahylis, Eric T. Ricchetti, and Joseph P. Iannotti
15. Postoperative Care and Rehabilitation 195  
James Koo and Laura Vasquez-Welsh
16. Resurfacing Shoulder Arthroplasty 213  
Curtis R. Noel
17. Stemless Total Shoulder Arthroplasty: Indications and Technique 221  
Jordan D. Walters and Stephen F. Brockmeier
18. Shoulder Arthroplasty Using Inset and Inlay Glenoids 229  
Kevin W. Farmer
19. Hemiarthroplasty for Treatment of Glenohumeral Arthritis 235  
Moby Parsons
20. Subscapularis-Sparing Anatomic Total Shoulder Arthroplasty 251  
Robert K. Fullick and Christoph H. G. Fuchs
21. Clinical Outcomes of Anatomic Total Shoulder Arthroplasty 262  
Ryan W. Simovitch and Brent Mollon

## SECTION 4 Reverse Total Shoulder Arthroplasty

22. Implant Options: Glenoid and Humerus 283  
Georges Haidamous and Mark A. Frankle
23. Operative Technique Using an Onlay Humeral Component 296  
Kaveh R. Sajadi
24. Operative Technique Using an Inlay Humeral Component 310  
Charles M. Jobin and William N. Levine
25. Addressing Glenoid Deformity in Reverse Total Shoulder Arthroplasty 319  
Michael A. Boin and Mandeep Singh Virk
26. Postoperative Care and Rehabilitation 331  
Laura Vasquez-Welsh and James Koo
27. Clinical Outcomes of Reverse Total Shoulder Arthroplasty 344  
Ryan W. Simovitch and Richard J. Friedman

**SECTION 5 Shoulder Arthroplasty for Fracture**

- 28.** Hemiarthroplasty: Indications and Technique 365  
Blake J. Schultz and Kenneth A. Egol
- 29.** Reverse Total Shoulder Arthroplasty for Acute Fracture 383  
Toufic R. Jildeh and Stephanie J. Muh
- 30.** Reverse Total Shoulder Arthroplasty After Failed Fracture Hemiarthroplasty 397  
Surena Namdari and Gerald R. Williams Jr
- 31.** Arthroplasty for Postfracture Sequelae and Failed Open Reduction and Internal Fixation 409  
Rick F. Papandrea and Christopher M. Kilian

**SECTION 6 Complications**

- 32.** Infection (Anatomical Total Shoulder Arthroplasty and Reverse Total Shoulder Arthroplasty) 427  
Stephen A. Parada, Daniel B. Buchalter, and Lynn A. Crosby
- 33.** Component Loosening and Scapular Notching 438  
Diego Lima and Gregory J. Gilot
- 34.** The Unstable Anatomic Total Shoulder Arthroplasty 455  
Sri Pinnamaneni and Lawrence Gulotta
- 35.** The Unstable Reverse Shoulder Arthroplasty 466  
Joaquim Sanchez-Sotelo
- 36.** Stiffness After Arthroplasty 476  
Robert M. Zbeda and Peter D. McCann
- 37.** Rotator Cuff Failure: Early and Late 485  
Ian R. Byram and Joseph T. Labrum IV
- 38.** Acromion and Scapula Fractures After Reverse Total Shoulder Arthroplasty 493  
Ryan Colley and Jonathan C. Levy
- 39.** Neurological Complications and Shoulder Arthroplasty 506  
Bertrand Coulet, Geert Alexander Buijze, and Pierre-Henri Flurin
- 40.** Treatment of Periprosthetic Fractures 523  
Leesa M. Galatz, Alexander J. Vervaecke, and Brad Parsons

**SECTION 7 Revision Shoulder Arthroplasty: Techniques**

- 41.** The Humeral Component 539  
Jennifer Tangtiphailboontana and John W. Sperling
- 42.** The Glenoid Component in Anatomic Total Shoulder Arthroplasty 547  
Thomas W. Wright and Joseph J. King

- 43.** The Glenoid Component in Reverse Total Shoulder Arthroplasty 564  
Andrew R. Jensen, Samuel Antuña, and John W. Sperling
- 44.** Conversion of an Anatomic Total Shoulder Arthroplasty or Hemiarthroplasty to Reverse Total Shoulder Arthroplasty: The Use of a Platform System 575  
Stephen Yu and Joseph D. Zuckerman

**SECTION 8 Special Situations**

- 45.** Massive Humeral Bone Loss 587  
Bradley S. Schoch and Jean-David Werthel
- 46.** Arthroplasty for Chronic Glenohumeral Dislocations 600  
Jason B. Smoak and Matthew J. DiPaola
- 47.** Arthroplasty in the Neurologically Impaired Shoulder 624  
Alexander R. Graf and Steven I. Grindel
- 48.** Arthroplasty for Shoulder Girdle Tumors 634  
Cory G. Couch, Thomas W. Wright, and C. Parker Gibbs Jr
- 49.** Prevention of Infection 648  
Yoav Rosenthal
- 50.** Outpatient Shoulder Arthroplasty 663  
Jessica Welter and Thomas (Quin) Throckmorton

**SECTION 9 Looking Ahead**

- 51.** Total Shoulder Arthroplasty in 10 Years: Implant Design and Surgical Techniques 671  
Thomas Vanasse, Josie Elwell, and Joseph D. Zuckerman
- 52.** Total Shoulder Arthroplasty in 10 Years: Advanced Technology 684  
Alexander T. Greene and Joseph D. Zuckerman
- 53.** Shoulder Arthroplasty and the Economics of Healthcare 701  
Jeffrey S. Chen and Joseph A. Bosco III
- Index 713
