Video Table of Contents, vi

Preface, viii

List of Contributors, ix

1 Physics: Principles, Practice and Artefacts, 1
W. Norman McDicken and Peter R. Hoskins

2 Haemodynamics and Blood Flow, 26
Peter R. Hoskins, W. Norman McDicken and Paul L. Allan

 **3** The Carotid and Vertebral Arteries; Transcranial Colour Doppler, 39
Paul L. Allan

 **4** The Peripheral Arteries, 71
Paul L. Allan

 **5** The Peripheral Veins, 94
Paul L. Allan

 **6** The Aorta and Inferior Vena Cava, 122
Paul L. Allan

7 Haemodialysis Access, 135
Heidi R. Umphrey, Lauren F. Alexander,
Michelle L. Robbin and Mark E. Lockhart

 **8** The Liver, 148
Myron A. Pozniak

 **9** The Kidneys, 193
Therese M. Weber, Michelle L. Robbin and
Mark E. Lockhart

10 Solid Organ Transplantation, 214
Myron A. Pozniak

11 Doppler Imaging of the Prostate, 255
Fred T. Lee, Jr and Fred Lee, Sr

12 Doppler Ultrasound of the Penis, 261
Myron A. Pozniak

13 Doppler Imaging of the Scrotum, 273
Myron A. Pozniak

14 Doppler Ultrasound of the Female Pelvis, 295
Michael J. Weston

15 Clinical Applications of Doppler Ultrasound
in Obstetrics, 315
Imogen Montague

16 Interventional and Intraoperative
Doppler, 333
Michael T. Corwin and John P. McGahan

17 Microbubble Ultrasound Contrast Agents, 351
Jonathan D. Berry, Peter N. Burns and Paul S. Sidhu

Appendix: System Controls and Their Uses, 370
Paul L. Allan

Index, 375
