

CONTENTS

VOLUME 1

Tables and Figures	xiii	Computerized Testing	90
Contributors	xv	Criterion-Referenced Testing	93
Foreword	xix	Evaluation	97
Acknowledgments	xxi	High Stakes Testing	100
Introduction	xxiii	Norm-Referenced Testing	103
I. CONSTRUCTS OF LEARNING		Teacher Assessment	106
1. Curriculum		Test Development	109
Curriculum History	5	Test Theory	113
Understanding Curriculum Politically	15	References	116
Race and Curriculum	18	4. Issues and Trends in Subject	
Curriculum and Gender	22	Matter Knowledge	
Curriculum and its Institutionalization	27	Language Arts	118
The Internationalization of Curriculum		Mathematics Education	119
Study	37	Music Education through the Case of	
References	40	Beethoven's Educational Development.....	129
2. Instruction		Science Education	139
History and Description of Different		History/Social Studies Education.....	142
Approaches to Instruction	50	Visual Arts	148
Direct Instruction	51	References	152
Guided Instruction	53	5. Informal Learning	
Authentic Instruction	54	Everyday and Informal Knowledge	157
Individualized Instruction	57	Informal Learning Environments	159
Philosophical Issues in Instruction	59	Informal Learning and Development	161
Developmental Issues in Instruction	64	The Development of Scientific Thinking	
Subject Matter and Instruction	68	from Informal Activity	165
Groupings Issues in Instruction	70	A Review of Informal Experiences on	
Contextual Issues in Instruction	73	Academic Achievement	167
Classroom Management and Planning	75	Personal and Professional Growth	169
References	77	References	172
3. Educational Assessment		6. Technologies in Education	
Academic Outcomes	81	Technology Integration	175
Adaptive Testing	84	Networks and Networking.....	184
Informal (Authentic) Assessment	85	Technology-Assisted Project-Based	
		Learning (TA-PBL)	187
		Teaching and Learning:	
		The World Wide Web	190

Academic Standards and Technology	194	Conceptions of Equity	327
Research Connecting Learning and Technology Use	198	Multiracial Experiences	333
Technology and Science Teaching.....	200	Home and School Relations	335
Instructional Technology: The Near Future	204	References	340
References	209	Index	11
 II. PHILOSOPHICAL, SOCIAL, AND POLITICAL ISSUES IN EDUCATION		 VOLUME 2	
7. Philosophy of Education	215	11. Children's Rights.....	348
Ethics and Moral Education	219	Images of Childhood in Europe and in the United States	350
Social Philosophy and Education	222	Philosophical and Psychological Perspectives on Children's Rights	357
Conceptions of Learning and Theories of Knowledge	226	Children and Jurisprudence	360
The Teacher and the Act of Teaching	230	Children's Rights Worldwide	367
References	234	Children's Rights in the United States	370
8. Educational Policy and Reform	237	Current Developments in the Rights of the Child	373
Governance and Educational Policy	238	References	376
Policy to Promote Equal Educational Opportunities.....	242	12. Moral Education	378
State Efforts to Equalize School Funding.....	248	Values Clarification	379
City and State Takeover of Districts and Schools	253	Cognitive-Developmental Moral Education	380
School Choice as a Reform Strategy	257	Character Education	382
Multiple Strategies to Improve Accountability ...	263	References	387
References	265	13. Students at Risk	389
9. Sociology of Education	268	Risk Factors	391
Sociology of Educational Systems	269	Resilience Mechanisms	396
Sociology of Schools	273	Risk and Prevention	402
Sociology of Classrooms	277	Developmental Assets: From Prevention to Promotion	407
Sociology of School Improvement.....	281	Risk and Resilience among Immigrant Students ..	414
References	283	Ethnic and Racial Identity Development	420
10. Equity and Cultural Issues in Education.....	287	References	426
Examining the Other: The Other in Education	289	14. Achievement Motivation.....	429
Academic Risk, Schools, and U.S. Society	292	Early General Theories of Motivation.....	429
Multicultural Education and Its Typologies	296	Mid-Century Theoretical Advances	431
Disability Studies in Education	301	Contemporary Theories of Achievement Motivation	433
Feminism and Cross Cultural Feminist Issues in Education	305	The Socialization of Achievement	444
Equity and Technology	308	Ethnic and Cultural Influences in Achievement Motivation	450
Race and Education	311	School Influences in Achievement Motivation	454
Queer Studies: Sexuality in Education	315	Future Directions in Achievement Motivation Research	457
Cultural Identity	318	References	458
Critical Pedagogy in Education	321		

III. LEVELS IN EDUCATIONAL PRACTICE

15. Early Childhood Education	463
Understanding the Youngest Students	466
Supporting Organizations	470
Essential Elements of the Setting	471
Curriculum, Teaching Methods, and Assessment	476
Models of Early Education	480
References	485
16. Childhood Education	486
Assessment in the Elementary School	487
Developmentally Appropriate Instruction	490
Essential Characteristics of Elementary Level Teachers	492
Essential Elements of Elementary Schools	494
The Elementary School Curriculum	496
Understanding the Elementary School Student	497
References	500
17. Middle Level Education	502
Middle Level Curriculum and Assessment	506
Middle Level Instruction	510
Understanding the Middle School Student	513
Essential Characteristics of Middle Level Teachers	517
CSR Models for Middle Level Schools	519
Student Achievement and the Middle School Concept	525
Issues in Middle School Curriculum and Instruction	529
References	536
18. Adolescent Education	540
High School Structure and Curriculum, 1893–1945	541
High School Structure and Curriculum, 1945–1983	544
High School Structure and Curriculum, 1983–2004	549
Learning and Teaching in High School	556
Assessment in High School at the Start of the Twenty-First Century	558
Confusion of Purpose, Lack of Respect: The High School Dilemma	560
References	563

19. Adult Learning and Development Today	565
Benchmarks for Adult Learning: Scholarship and Research	567
The U.S. Adult Education and Literacy System	581
Adult Education: Summary and Implications ...	587
References	591
20. Current Issues in Higher Education	595
For-Profit Higher Education	596
Ownership of Academic Knowledge	599
Student Diversity in Higher Education	604
References	609
21. Education from an International Perspective	611
Forms of Education	612
Patterns of Educational Development	615
Stimulants to Educational Development	617
Illustrative Forms of Education	618
Illustrative Patterns of Development	629
Stimulants to Development	640
References	647

IV. PHYSICAL, MOTOR, AND COGNITIVE DOMAINS

22. Psychomotor Domains	651
Motor Development	655
Motor Learning	660
Physical Education in the Twenty-First Century ..	664
Adapted Physical Education	668
Movement Science	673
Performative Knowledge and Skillful Performances	676
References	684
Index	11

VOLUME 3

23. Language Development	688
The Nature of Language	690
Children's Acquisition of Language Processes ...	694
Vocabulary Development	699
Language Development in the Early Grades	703
Language Development in the Intermediate and Upper Grades	706

Factors that Inhibit Language Development	708	Family Involvement and Support	793
Other Aspects of Language Development.....	710	Peer Involvement and Support	797
Glossary	715	Interactions and Friendship Development	802
References	717	Developing Communication and Social Interaction Skills	805
24. Semiotic Principles and Human Communication	718	Positive Behavior Supports	809
Semiotic Principles	719	Assessment and Curricula	814
Using Semiotics	721	School and Districtwide Support.....	817
Applied Semiotics	723	Developing Self-Determination and Choice	822
Semiotic Principles and Human Development Issues.....	725	Transition from School.....	827
References	726	Beyond School—Community Living and Employment	830
25. Development of Quantitative and Spatial Thinking	727	References	834
Spontaneous/Everyday Mathematics and the Development of Numbers	729	28. Mental Health and Education	836
Mathematical Symbolism and Quantitative Thinking	734	Information Sources on Child and Adolescent Mental Disorders	839
Mathematical Operations and Functions	737	The Role of Family and Community in Treatment.....	842
The Base-10 System and Place Value	741	Eating Disorders in Adolescents	845
Development of Spatial and Geometric Concepts	744	Mood Disorders.....	849
Development of Mapping Concepts.....	748	Schizophrenia and Thought Disorders	852
Procedural Knowledge versus Conceptual Knowledge	750	Conduct, Oppositional Defiant, and Antisocial Disorders	855
Process Skills Associated with Quantitative and Spatial Thinking	753	Anxiety Disorders	857
Mathematical Error Analysis	756	Attention Deficit Hyperactivity Disorder	860
Mathematical Thinking among Older Children and Adolescents.....	760	Asperger's Syndrome	863
Mathematically Related Learning Disorders.....	762	References	864
Glossary	766	29. Health and Parenting Issues in Childhood and Adolescence	867
References	769	Perinatal Health Issues	870
V. EDUCATIONAL ISSUES CONCERNING DIVERSE POPULATIONS		Health Issues in Childhood and Adolescence	873
26. Learner Differences	775	Mental Health Disorders in Childhood and Adolescence.....	877
Learner Differences in Achievement	777	Parenting Behavior	884
Ability Grouping	780	Family Stress and Coping	886
Exceptionalities and Special Education	782	Child Maltreatment	889
Inclusion	787	Families of Children with Special Needs	891
References	789	Risky Behavior in Adolescents.....	893
27. Inclusion of Children and Youth with Severe Disabilities in School and Society	790	Adolescent Health Education and Prevention	896
		References	899
		VI. PEOPLE	
		30. People	905
		Peter Abelard	906

Mary Ainsworth	908	National Council for the Social Studies	983
Alcuin	910	National Council of Teachers of English	984
