Introduction	IX
------------------------	----

Technical Concepts

Parel, J.M. (Miami, Fla.): Novel Technology in Microsurgery	1
Draeger, J. (Hamburg): Aspects of Microsurgical Technology. Improvement in Microscopes, Cutting Technique and Implant Technology	7
Brock, H. (Oberkochen): New Accessories for Operation Microscopes in Ophthal- mic Microsurgery	16

Microsurgery of External Disease

Véronneau-Troutman, S. (New York, N.Y.): Prerequisites for Strabismus Microsur- gery. Microscope Instruments and Sutures	24
Roth, A. (Geneva): Microsurgery for Strabismus	36
Busse, H. (Münster): Microsurgery in Lacrimal Disorders	50
Kenyon, K.R. (Boston, Mass.): Limbal Autograft Transplantation for Chemical and Thermal Burns	53

Microsurgery of the Posterior Segment

Urrets-Zavalía, A. (Córdoba): Displacement of the Crystalline Lens	59
Laqua, H. (Lübeck): Intravitreal Phacoemulsification for Luxated Lenses	66
Fisher, Y.L. (New York, N.Y.): Advances in Contact Ophthalmic Ultrasonography: Ocular Trauma and Intraocular Foreign Body Patients	69
Shea, M. (Toronto, Ont.): Early Vitrectomy in Type I Proliferative Diabetic Reti- nopathy Using Afocal Microscopy	75
Ando, F.; Ichikawa, K. (Nagoya): Importance of Pupillary Diaphragm for Vitrec- tomy with Intraocular Silicone in Hemodialysis Patients	80

Houdijn Beekhuis, W.; Zivojnovic, R. (Rotterdam): Use of Temporary Keratopros-thesis in the Management of Severe Ocular Trauma with Retinal Detachment and Proliferative Vitreoretinopathy	86
Cunha-Vaz, J.G.; Murta, J.N.; Proença, R.D. (Coimbra): Micropuncture of Retinal Vessels	90
Mateus, F.; Barraquer, J. (Barcelona): Microscissors for Vitreo-Retinal Surgery (With 1 color plate)	95
Winter, R.; Draeger, J. (Hamburg): Wide-Field System for Posterior Segment Micro-surgery – An Advantage?	97
Huber, Ch. (Zürich): Three Ophthalmological Instruments: The Rotating Contact Glass Holder, the Cutting Forceps and the Diamond Cystotome	102

Microsurgery of Cataract and Glaucoma

Blaydes, J.E. (Bluefield, W.Va.): Small Incision Intraocular Lens: Past, Present and Future	107
Percival, S.P.B. (Scarborough): Comparing Like with Like: A Prospective Study of Hydrogel and Polymethylmethacrylate Lenses	111
Cornic, J.C.; Pouliquen, Y. (Paris): First Results with Soft Lens Implants	114
Keates, R.H. (Columbus, Oh.): The First American Experience with the Multifocal Lens	121
Nishi, O. (Osaka); Hara, T. (Utsunomiya); Hayashi, F. (Fukuoka); Sakka, Y. (Kita-Kyushu); Iwata, S. (Meijyo): Various Kinds of Experimental Refilling Lens with Endocapsular Balloon	125
Winter, R. (Hamburg): Surgical Management of Secondary Cataract	134
Mellin, K.-B. (Essen): Filtering Surgery in Low Tension Glaucoma	138
Barraquer, J.; García-Barberán, I.; Iglesias, E.; Riquelme, J.L.; Rutllán, J. (Barce-lona): Triple Procedure: Penetrating Keratoplasty, Trabeculectomy and Cata-ract Extraction	142

Microsurgery of the Cornea

Schröder, E. (Heroldsberg): Technical Concepts of an Excimer Laser for Corneal Surgery	146
Bigar, F. (Zürich): Pseudophakic Bullous Keratopathy in Switzerland	154
Coster, D.J.; Williams, K.A. (Adelaide): Surgical Manoeuvres to Reduce the Impact of Corneal Allograft Rejection	156
Barraquer, R.I.; Kargačín, M. (Barcelona): Prognostic Factors in Penetrating Kera-toplasty (With 2 color plates)	165
Kirkness, C.M.; McSteele, A.D.; Rice, N.S.C. (London): Penetrating Keratoplasty in the Management of Suppurative Keratitis	172
Dixon, W.S. (Toronto, Ont.): Treatment of Corneal Perforations and Ulcers with Primary Keratoplasty	176
Colin, J.; Mimouni, F.; Malet, F. (Brest): Nonfreeze Lamellar Epikeratoplasty for Keratoconus	181

Lebuisson, D.A. (Suresnes): Transverse Incisions in the Treatment of Astigmatism Combined with Radial Keratotomy. Preliminary Results	185
Dixon, W.S. (Toronto, Ont.): Prospective Study of Corneal Astigmatism after Standardized Cataract Incision: A Pilot Study	192
Maguire, L.J.; Bourne, W.M. (Rochester, Minn.): Topographical Analysis of the Effects of Corneal Relaxing Incisions on High Postkeratoplasty Astigmatism	197
Binder, P.S. (San Diego, Calif.): Refractive Surgery in the United States	203
Böhnke, M.; Draeger, J.; Klein, L.; Kohlhaas, M. (Hamburg): Vacuum Fixation of Corneal Lenticules for Refractive Surgery	212
Draeger, J.; Klein, L.; Böhnke, M. (Hamburg): Autologous Corneal Refractive Microsurgery. A New Technical Approach	217
Subject Index	223
