

CONTENTS

1	Maternal and fetal anatomy and physiology (<i>M. Procházka, M. Krpcová</i>).....	7
	Implantation, embryogenesis and placental development, fetal growth and development	11
	Prenatal development	14
	Changes in the pregnant mother	24
	Basic obstetrical terms	28
2	Antepartum.....	36
	Prenatal care (<i>M. Procházka, M. Krpcová</i>)	36
	Antepartal assessment (<i>P. Janků, M. Procházka</i>)	40
	Fetal growth disorders (<i>M. Procházka</i>)	49
	Prenatal diagnosis and fetal therapy (<i>I. Dhaifalah</i>).....	53
	Genetic counselling (<i>V. Curtisová</i>)	63
3	Medical and surgical complications in pregnancy (<i>M. Procházka, O. Šimetka</i>).....	70
	Hypertension in pregnancy	70
	Cardiovascular diseases	78
	Pulmonary disease and pregnancy	83
	Pregnancy-specific disorders	84
	Thrombolytic disorders.....	89
	Renal and urinary tract disorders.....	91
	Intrahepatic cholestasis of pregnancy.....	94
	Gastrointestinal disorders	96
	Diabetes in pregnancy	99
	Hyperemesis gravidarum	103
	Hematological disorders	106
	Erythrocyte alloimmunization in pregnant women, hemolytic disease of the fetus and newborn (<i>M. Lubušky</i>)	111
	Thyroid disorders in pregnancy	120
	Neoplastic disease in pregnancy.....	122
	Epilepsy in pregnancy.....	127
	Acute abdomen and trauma in pregnancy.....	129

4	Labour (<i>M. Procházka</i>)	139
	Mechanism of labour.....	139
	Obstetric analgesia and anesthesia (<i>A. Pařízek</i>)	150
	Abnormal labour	168
	Abortion.....	175
	Preterm labour and delivery.....	181
	Postterm pregnancy	186
	Obstetric surgical procedures (<i>O. Šímetka, M. Procházka</i>).....	190
	Breech presentation and delivery (<i>M. Procházka, M. Krpcová</i>)	204
	Multiple gestation and delivery (<i>M. Procházka, M. Krpcová</i>).....	213
	Abnormalities of the placenta, umbilical cord, amniotic fluid and membranes	219
5	The puerperium (<i>M. Procházka, M. Studničková</i>).....	228
6	The newborn infant (<i>L. Kantor, M. Procházka</i>)	239
	Basic newborn care	239
	Diseases and injuries of the fetus and newborn	244
7	Statistics and definitions	247
	Recommended literature	251
