

Content

1	Introduction.....	5
2	Organic bioelectronics	5
2.1	Materials for organic bioelectronics	6
2.2	Approaches for biocompatibility improvement.....	6
3	Experimental part.....	9
3.1	Objectives	9
3.2	Modification of PEDOT:PSS surface by RGD peptide	11
3.2.1	Selected results and discussion	11
3.2.2	Summary.....	13
3.3	Characterization and optimization of PEDOT:DBSA.....	13
3.3.1	Selected results and discussion	13
3.3.2	Summary.....	17
3.4	Conductive hydrogels	19
3.4.1	Selected results and discussion	19
3.4.2	Summary.....	23
4	References	25
5	Curriculum vitae	27
