

*“They light up from the depths,
ascend weightlessly
like fine pearls that -
pitch black, snowy white, silver grey -
trickle through our fingers,
to be nothing more than
what they are of course; small miracles -
the songs from Caro Josée’s new
and most beautiful CD.”*

*Jörn Jacob Rohwer
Author - Journalist*

*“This is Caro Josée’s best piece of work yet.
Her voice shines like an innocent angel,
then breathes with coolness and elegance
or burns with passion and soul.
Her songs clearly put a spell on you,
they taste of class and experience and suggest
that they could soon
become timeless classics.”*
