<i>Country codes</i>	4
<i>Introduction</i>	5
<i>Methodological markers and scope of the analysis</i>	6
<i>Key topics covered by the analysis</i>	7
I. How can responsibility for financing and budgetary management be distributed among the different levels of authority?	7
II. What techniques should be used to determine the amount of resources awarded to each school in particular?	11
III. How can one take account of the needs of schools with target populations requiring special support?	14
IV. Should fund-raising by schools themselves from non-public sources of finance be prohibited, encouraged or regulated?	15
V. Should the amounts of public resources earmarked for grant-aided private education be the same as those for public-sector education?	17
VI. Is competition deliberately generated between schools in the European Union and EFTA/EEA countries?	19
<i>Conclusion</i>	22
