Contributors xiii

PART 1

General introduction

1. **Classification and diagnosis of headache disorders** 3
Jes Olesen and Richard B. Lipton
2. **Taking a headache history: tips and tricks** 12
James W. Lance and David W. Dodick
3. **Diagnostic neuroimaging in migraine** 17
Mark C. Kruit and Arne May
4. **Headache mechanisms** 34
Andrew Charles
5. **Headache in history** 45
Mervyn J. Eadie

PART 2

Migraine

6. **Migraine: clinical features and diagnosis** 61
Richard Peatfield and Fumihiko Sakai
7. **Migraine trigger factors: facts and myths** 67
Guus G. Schoonman, Henrik Winther Schyztz, and Messoud Ashina
8. **Hemiplegic migraine and other monogenic migraine subtypes and syndromes** 75
Nadine Pelzer, Tobias Freilinger, and Gisela M. Terwindt
9. **Retinal migraine** 92
Brian M. Grosberg and C. Mark Sollars
10. **Migraine, stroke, and the heart** 98
Simona Sacco and Antonio Carolei

11. **Non-vascular comorbidities and complications** 110
Mark A. Louter, Ann I. Scher, and Gisela M. Terwindt

12. **Migraine and epilepsy** 120
Pasquale Parisi, Dorothee Kasteleijn-Nolst Trenité, Johannes A. Carpay, Laura Papetti, and Maria Chiara Paolino
13. **Migraine and vertigo** 128
Yoon-Hee Cha
14. **Treatment and management of migraine: acute** 138
Miguel J. A. Láinez and Veselina T. Grozeva
15. **Treatment and management of migraine: preventive** 152
Andrew Charles and Stefan Evers
16. **Treatment and management: non-pharmacological, including neuromodulation** 165
Delphine Magis

PART 3

Trigeminal autonomic cephalgias

17. **Classification, diagnostic criteria, and epidemiology** 177
Thijs H. Dirx and Peter J. Koehler
18. **Cluster headache: clinical features and management** 182
Ilse F. de Coo, Leopoldine A. Wilbrink, and Joost Haan
19. **Paroxysmal hemicrania: clinical features and management** 190
Gennaro Bussone and Elisabetta Cittadini
20. **SUNCT/SUNA: clinical features and management** 196
Juan A. Pareja, Leopoldine A. Wilbrink, and María-Luz Cuadrado

21. **Hemicrania continua** 203
Johan Lim and Joost Haan
22. **Cluster tic syndrome and other combinations of primary headaches with trigeminal neuralgia** 208
Leopoldine A. Wilbrink, Joost Haan, and Juan A. Pareja
32. **Frequent headaches with and without acute medication overuse: management and international differences** 284
Christina Sun-Edelstein and Alan M. Rapoport
33. **Nummular headache** 298
Juan A. Pareja and Carrie E. Robertson

PART 4

Other primary short-lasting and rare headaches

23. **Primary stabbing headache** 215
Rashmi B. Halker, Esma Dilli, and Amaal Starling
24. **Cough headache** 220
Julio Pascual and Peter van den Bergt
25. **Exertional and sex headache** 225
Shih-Pin Chen, Julio Pascual, and Shuu-Jiun Wang
26. **Hypnic headache** 230
Dagny Holle and David W. Dodick
27. **Cranial neuralgias and persistent idiopathic facial pain** 237
Aydin Gozalov, Messoud Ashina, and Joanna M. Zakrzewska
28. **Some rare headache disorders, including Alice in Wonderland syndrome, blip syndrome, cardiac cephalalgia, epicrania fugax, exploding head syndrome, Harlequin syndrome, lacrimal neuralgia, neck-tongue syndrome, and red ear syndrome** 248
Randolph W. Evans

PART 5

Tension-type and other chronic headache types

29. **Tension-type headache: classification, clinical features, and management** 259
Stefan Evers
30. **New daily persistent headache** 267
Kuan-Po Peng, Matthew S. Robbins, and Shuu-Jiun Wang
31. **Chronic migraine and medication overuse headache** 275
David W. Dodick and Stephen D. Silberstein

PART 6

Secondary headaches: Diagnosis and treatment

34. **Thunderclap headache** 307
Hille Koppen, Agnes van Sonderen, and Sebastiaan F. T. M. de Bruijn
35. **Headache associated with head trauma** 314
Sylvia Lucas
36. **Cervicogenic headache** 322
Nikolai Bogduk
37. **Headache and neurovascular disorders** 334
Marieke J. H. Wermer, Hendrikus J. A. van Os, and David W. Dodick
38. **Headache attributed to spontaneous intracranial hypotension** 346
Farnaz Amoozegar, Esma Dilli, Rashmi B. Halker, and Amaal J. Starling
39. **Headache associated with high cerebrospinal fluid pressure** 356
Ore-ofe O. Adesina, Sudama Reddi, Deborah I. Friedman, and Kathleen Digre
40. **Headache associated with systemic infection, intoxication, or metabolic derangement** 367
Ana Marissa Lagman-Bartolome and Jonathan P. Gladstone
41. **Headache associated with intracranial infection** 384
Matthijs C. Brouwer and Jonathan P. Gladstone
42. **Remote causes of ocular pain** 392
Deborah I. Friedman
43. **Orofacial pain: dental head pains, temporomandibular disorders, and headache** 399
Steven B. Graff-Radford† and Alan C. Newman

44. **Headache with neurological deficits and cerebrospinal fluid lymphocytosis (HaNDL) syndrome** 403
Germán Morís and Julio Pascual
45. **Nasal and sinus headaches** 409
Vincent T. Martin and Maurice Vincent
46. **Giant cell arteritis and primary central nervous system vasculitis as causes of headache** 418
Mamoru Shibata, Norihiro Suzuki, and Gene Hunder
47. **Headache related to an intracranial neoplasm** 428
Elizabeth Leroux and Catherine Maurice
48. **Headache and Chiari malformation** 442
Dagny Holle and Julio Pascual
49. **Reversible cerebral vasoconstriction syndrome** 447
Aneesh B. Singhal
51. **Headaches in the elderly** 470
Jonathan H. Smith, Andreas Straube, and Jerry W. Swanson
52. **Headache and psychiatry** 475
Maurizio Pompili, Dorian A. Lamis, Frank Andrasik, and Paolo Martelletti
53. **Headache and hormones, including pregnancy and breastfeeding** 484
Sieneke Labruijere, Khatera Ibrahim, Emile G.M. Couturier, and Antoinette Maassen van den Brink
54. **Headache and the weather** 494
Guus G. Schoonman, Jan Hoffmann, and Werner J. Becker
55. **Headache and sport** 502
David P. Kernick and Peter J. Goadsby
56. **Headache attributed to airplane travel** 508
Federico Mainardi and Giorgio Zanchin
57. **Headache and sleep** 514
Stefan Evers and Rigmor Jensen
58. **Headache and fibromyalgia** 523
Marina de Tommaso and Vittorio Sciriuicchio
59. **Visual snow** 530
Gerrit L. J. Onderwater and Michel D. Ferrari
- Index** 535

PART 7

Special topics

50. **Headaches in the young** 459
Vincenzo Guidetti, Benedetti Bellini, and Andrew D. Hershey
